The New Superior Chevrolet Chassis

The Final Achievement in Economical Transportation.

565

A Quality Chassis which can be used with any Standard Body

CHEVROLET Economical Transportation is now available to the light truck user at a lower price than ever before. It is no longer necessary for the buyer of a Chevrolet Chassis to have a special body prepared.

The construction of this new Chevrolet Superior Chassis permits any standard body to be built on to it. Two popular types of body are shown in the illustration above. Many others are available, at moderate cost, to the buyer of a Chevrolet Superior Chassis.

Accompanying this new measure of economy are the usual Chevrolet qualities of power and endurance, and the many improvements recently completed in the Chevrolet Superior line.

Combined, these render the new Chevrolet Superior Chassis the greatest value of its kind in Canada. Every prospective light truck owner should inspect it at our showrooms.
