JARVIS TO GET HYDRO BY DECEMBER

PASTOR WINNER OF MANY HONORS

Rev. H. H. Gilbert Conducts Special Services for Three Weeks in Wesley Methodist Church; Meetings Are Held Each Evening.

Rev. H. H. Gilbert, who is conducting special services in the Methodist church here, is a graduate of Wesley college, Winnipeg, obtaining the Governor-General's gold medal.

He also holds diplomas from the Curry School of Expression, Boston, and from the Sheldon Business Science School at Chicago. As a public speaker, Mr. Gilbert is recognized wherever he goes as gifted and convincing, a fine breadth of thought being conspicuous in all his addresses and without any trace of bigotry or sectarianism. It is this ability to rise above anything narrow and petty that has won for him the endorsement of such leaders as Archbishop Mathewson, Professor Baird, former moderator of General Assembly, and many prominent men in his own community.

Having conducted missions in the Anglican, Presbyterian, Baptist and other churches as well as in the Methodist, his wide experience has given him a knowledge of men that few possess.

Mr. Gilbert's subjects for the next week are as follows:

Thursday evening, September 6, "Making Mighty Christians."

Friday afternoon, September 7, Women's meeting, "The Fourfold Power of a Woman's Life."

Friday evening, "Dressed in Grave Clothes."

Saturday afternoon, young women's meeting, "The Gems of a Queen's Crown."

Sunday morning, "Three Silver Trumpets."

Sunday afternoon, men's mass meeting, "Four Great Facts that Make Great Men."

Sunday evening, "Barriers to the Lost World."

ITALY OCCUPIES CORFU

Military Plans Against Greece to Collect Indemnity.

Mussolini Rejects Reply of Athens. Declaring Greek Offer on Reparations Inadequate — Summary of Italian Policy in the Near Future.

ROME, Sept. 5. — The Italians occupied Corfu at four o'clock Friday afternoon.

Officially announced that, owing to the reply of Greece to the Italian ultimatum, which was considered a refusal of Italy's demands, the Italian Government had decided to proceed to the military occupation of Corfu.

Italian troops are landing at Samos island. It is reliably stated that Greek ports will be blockaded by the Italian fleet in the near future.

LONDON, Sept. 5. — Events moved swiftly Friday in the dispute between Italy and Greece, which, in the British press, bears a lamentable resemblance to the dispute of the tragic days of July and August, 1914.

Greece promptly replied to the Italian ultimatum with an offer of such satisfaction as, in the opinion of the British press, the occasion demanded until responsibility for the murder of the Greek Albanian Boundary Commission has been fixed by proper investigation, but declined to submit to what Greece regards as humiliating conditions.

Thereupon the Cabinet reassembled in Rome and decided on the next step Italy would take. This, according to reports from Athens, took the form of the Italian Minister at Athens presenting a new note to Greece, demanding in the shape of another ultimatum, the terms of which have not yet been stated, but giving only a few hours for a reply, and also notifying the Greek Government that, meantime, Corfu would be peacefully occupied temporarily by Italian troops. On this development, the Greek Government immediately telegraphed Geneva invoking the intervention of the League of Nations.

These are the outstanding developments of the day, as far as ascertainable, under what generally is believed to be a partial reversion to war conditions in the way of censorship or delays in telegraphic communications from Rome and Athens.

The Italians occupied Corfu after a bombardment, in which many lives were lost.

Marital law is said to have been denied throughout Greece, while in Italy many anti-Greek demonstrations are reported.

The most disconcerting report, which, however, has not yet been officially confirmed, comes from Rome. It is to the effect that Premier Mussolini intends to ignore the League of Nations in the controversy, and draw parallels with the Austrian note of 1914, which led to world war. Fear is expressed by some of the newspapers that the present sparks may set the whole Balkan ablaze.

It is expected that Marquis Curzon, the Foreign Minister, may curtail his holiday and return to London, but it is said the British Government still is hopeful that war would be avoided, and that, for the present, it contemplates no specific action.

Screeners Save Woman.

KIRKLAND LAKE, Sept. 5. — J. Owen Jones, well-known assayer of this camp, was drowned when he fell into the waters of Gull Lake from the canoe in which he and his wife were returning to their home. Bus Won Fifty-Three Seats.

DUBLIN, Sept. 5. — Fifty-three Government candidates and 37 Republicans were elected to the Dail Eireann in Monday's elections. It is now expected that the Government will win sixty seats, while the Republicans may get 43 when the final results are known. So far the Independents had secured sixteen seats; Labor fourteen, and the Farmers twelve.

Cannot Organize Wheat Pool.

WINNIPEG, Sept. 5. — The General Organization Committee of the United Farmers of Manitoba decided Friday that it was impracticable to organize a wheat pool to handle this year's crop in Manitoba, but will proceed at once to organize a wheat pool to be ready in time to handle the crop of 1924.

Ontario Commission is Given Rush Order to Install Plant Here; Will Not Wait for Sale of Debentures Voted by Rate Payers.

Jarvis is assured of Hydro before the end of the year.

The ratepayers, at the special election Friday, approved the scheme by a vote of 111 to 4, a vote that left no doubt regarding the feeling of the people. Acting on that vote the village council held a special meeting on Friday evening and passed the bylaw. It also empowered the Hydro Electric Commission of Ontario to install the plant here without delay.

When R. T. Rothwell, engineer for the commission, was here a couple of weeks ago, he told the people in his address at a mass meeting, that the power could be turned on here not later than December 1, and perhaps a month earlier.

Contracts for wiring several of the business places and homes in the village have already been let. The work will likely be started next week.

It is expected the commission will start erecting the line to bring the power from Hagersville and also the local plant without delay. The material will be shipped even before the debentures, approved by the rate payers, are sold.

Many of the business places will be wired before the power is turned on so that it can be used as soon as it is ready.

A call was sent to the Cayuga fire department, which was soon on the scene and kept a steady stream of water on the flames for nearly four hours. The loss will be about \$8,000, with only \$2,500 insurance on the barn and contents, in the Oneida Fire Insurance company.
