WATERSPOUTS WRECK **ITALIAN DISTRICT**

Hundred Dead. Over Thousand Injured—Lemon and Orange Farms Ruined.

A despatch from Rome says:-Waterspouts, pouring millions of tons of water out of leaden skies, swept houses, fruit groves and people out of existence in the region around Amalfi, the southern Italian city famous for its exportation of lemons and oranges to North America.

There have been a hundred dead washed up onto the beaches and picked out of the sea, and more than 1,000 people have suffered injuries. What were beautiful lemon farms Thur day morning are now mere torrent of water, which is merrilessly killing all before it.

The deadly phenomenon came after twenty-four hours of torrential rain. a series of the waterspouts finally forming to sweep the region with wind and water. Vast function of water whirled over sea and villages. traveling onto the mountains : land and leaving a devastated trail or min.

The consternation is unspeculable, for the survivors are frantically seeking wives, husbands and denotren under the flail-like descent of shors of water. At times the water-pouts, driven by the winds, left on portion of the country, going in an disput direction which brought death and ruin to districts miles off the route of the spout.

Sometimes the upper as parts were seen to move at speeds, making the parts and thus multiplying the Gusts of terrific winds are the southern shore for mile
