## ANNUAL U. F. O. CONVENTION TO BE HELD THIS MONTH

WILL DEBATE PURPOSE OF CO-OPERATIVE ENTERPRISE—CO. MAKES PROFIT

The annual convention of the U. F. O. will be held during the week ending December 20th. Massey Hall, Toronto, will be the venue of the main convention while the United Farm Women and the United Farm Young People will hold special sessions in Foresters' Hall. U. F. O. directors will meet Monday, December 15th, at the U. F. O. Building, 100 George Street, Toronto. On Tuesday will be held the annual meeting of the United Farmers Co-operative Co., Ltd., in Massey Hall. The convention proper of the U. F. O. will commence Wednesday morning, December 17th.

Will Debate Purpose of Co-operative Enterprise

An interesting feature of the annual convention of the United Farmers of Ontario to be held in Massey Hall, Toronto, during the week ending December 20th, will be the final debate for the Burnaby Cup, under the auspices of the United Farmers Provincial Debating League. The finalists are the Woodville Club representing Victoria County and the Oshawa Club representing Essex County. The elimination contests and semi-finals were very keenly fought and the greatest interest is being manifested in the outcome of the final. The topic is: Resolved that profit, not service, is the chief purpose of co-operatively enterprise.

United Farmers Co-Operative Co. Makes Profit

The annual statement and profit and loss account of The United Farmers Co-operative Company Limited, just made public, shows the company to be in what, considering all the circumstances, must be considered a very satisfactory position. Probably the most encouraging feature from the shareholders' point of view is that there is a net profit on the year's business of \$42,820.86. Just what disposition will be made of this profit will be decided at the annual meeting but in all probability the Board of Directors will offer a reasonable portion of the profit in the form of a dividend on the paid up capital and that the balance will go towards reducing the losses of previous years.

Egg Pool Patrons Make Nice Profit

As a result of the operations of the United Farmers Egg Pool, the patrons of the Pool will receive a final payment of ten cents a dozen on eggs handled through the Pool. Approximately 20,000 dozen eggs were handled on a pool basis and inasmuch as the advance payment was in most cases very close to the prevailing market value, it is estimated that the net profit to accrue to patrons of the Pool will be in the neighborhood of \$20,000.00 over and above what they would have received for their eggs had they marketed them outright at the time of production. This profit to egg producers is in addition to the net profit on the United Farmers Co-operative Company's business as shown by the company's annual financial statement just published.

Co-Operative Livestock Marketing Popular

The Livestock Branch of The United Farmers Co-operative Company Limited has just made public figures which indicate that without doubt the system of co-operative marketing of livestock is meeting with the approval of livestock producers. For the trading year ending October 31st, the

## REGAH THEATRE

"THE WANTERS"

Los Angeles, noted throughout the world as "the city of beautiful women," gained another reason for its fame recently in petite little Norma Shearer, a Montreal society belle who has just been awarded a starring contract at the Louis B. Mayer Studios. Recently adjudged the most beautiful girl in Canada, Miss Shearer arrived in Los Angeles some time ago to play an important role in John M. Stahl's "The Wanters," a First National picture, coming to the Regah Theatre, Hagersville, on Friday and Saturday, December 5th and 6th. As a result of her splendid performance in the picture, Mr. Mayer has exercised his option on her services by signing her on a five-year feature contract.

With the scene of her future activities definitely settled upon, Miss Shearer has purchased a lot in the foothills of Hollywood and is now spending her spare time in the plans for a bungalow of Spanish architecture, which she is having erected for occupancy by herself and mother.

Miss Shearer, who is an expert swimmer and all-around athlete, was selected by a committee of Montreal citizens to give a swimming and diving exhibition before the Prince of Wales upon his visit in that city.

Others in the cast of "The Wanters" are Marie Prevost, Humley Gordon, Robert Ellis, Gertrude Astor and Lincoln Stedman.

"ASHES OF VENGEANCE"

"Romance—magnified, glorified and entrancing." The words are those of the dramatic critic of a New York newspaper in reviewing "Ashes of Vengeance," a Joseph M. Schenck production starring Norma Talmadge which is to be presented by the Regah Theatre on Tuesday and Wednesday, December 9th and 10th.

The colorful atmosphere of France of 1572. Interior and exterior scenes of three different castles. The massive ball room of the Palace of the Louvres, where, in suffused excitement, 1200 ladies and gentlemen of the Court are dancing the minuet on the fateful eve of St. Bartholomew. Sword play ranging from single duels to the mighty clash of great opposing forces. Brilliant cavaleries of gaily caparisoned horses and attending men-at-arms moving along the picturesque roads of France—only a few highlights, these, of the core of features that make "Ashes of Vengeance" not only the greatest picture of Norma Talmadge's career, but one of the most resplendent ever produced. But it is the drama itself, the romance of Yolande de Breux and Puignert de Vreac, which is the most appealing feature of the production. These roles are played respectively by Norma Talmadge and Conway Tearle. Twenty seven notables are in the cast of principals in support of this brain, including Wallace Beery, Josephine Crowell, Courtenay Foote, Betty Francisco, Claire McDowell, André Beranger, Murdock MacQuarrie, Boyd Irvin, Carmen Phillips, Winter Hall, William Clifford, Helter V. Sano, Earl Schenck, Jimmy Cooley, Lucy Beaumont, Forrest Robinson, Mary McAllister, Kenneth Gibson, Howard Truesdell, Frank Leigh and little Jeanne Carpenter; and 4000 extras are employed in the mob scenes.

"Ashes of Vengeance" is a First National picture.

"PLASTIGRAMS"

Do you remember the old stereopticon that used to be in the front parlor of every home in the old days? When you looked through this device at an apparently ordinary picture postcard you got the same effect as if you were looking at the actual scene—every object seemed to stand out from the postcard exactly as if modelled in clay.

As the baseball player throws the ball straight out into the audience, you are bound to duck, because it is as real as life.

Branch has handled at the Union Stock Yards, West Toronto, no less than 6,733 car loads of livestock, which is 476 car loads in excess of last year's figures. Hogs showed the biggest increase over last year, the figures being 201,982 which is 47,587 in excess of last year's shipment.

Harold Austin and Wilfred Butler were drawing a load of hay last Friday and just in front of Judson Austin's place the load upset. The wind was blowing very hard at the time and the load was a little too steep.

AUSTIN, THE MAGICIAN

Curiosity is a great human motive. People are very fond of mystery to which they know there is a solution. Questions about the answers to which none seems to know are a popular abomination, but when the answer is known to someone the rest of us are willing to pay for the privilege of guessing at it. This is one of the reasons for the popularity of Otto Austin, the magician, who will appear at Peacock's Hall on Monday evening, December 8th at 8:15 p.m.

Magic literature is a double-edged sword. Mechanical magic being the prose, while pure sleight-of-hand may be regarded as the poetry. So again a magical poet, Austin excels. His magic is the magic of fingers, skilled to the point of perfection and directed by an ever alert and energetic brain. His array of tricks and illusions are so well conceived and executed as to seem truly inexplicable by any natural law and follow one another, each being distinctly different from the other, until the hours of mystery and entertainment have glided by unknowingly. Tickets: Adults, 35c and Children 25c.

## Y. P. LEAGUE CONVENTION

PAGEANT WELL PRESENTED TO CROWDED HOUSE—JARVIS LEAGUE GETS BANNER

The Simcoe District annual Young People's League convention was held on Monday afternoon and was a splendid success throughout.

The Leagues of the district were well represented. An interesting program was given by the young people of Hagersville, old Windham and Waterford.

The Jarvis Young People's League took the banner of the district this year in their number of attendees at the annual convention and their missionary givings.

At 6 o'clock the ladies of the Methodist church served a very delicious supper to the visitors, about 60 of whom remained and enjoyed the special hour.

In the evening an inspiring pageant was rendered entitled "The Romance of Methodism," the centenary of Methodist missions. This was given in seven scenes, in which nearly one hundred took part. It was interesting, instructive and inspiring. Some 55 of the Jarvis young people gave the last scene, which reached a first climax.

Those belonging to this congregation must have felt highly proud of the record Methodism has made during the last one hundred years. Beginning in a crude way it has developed until today, men of the highest positions in nations belong, and they have a membership of almost fifty million people.

The church was literally packed; both gallery and auditorium; and the financial results were quite satisfactory.
