THURSDAY, JULY 24, 1924

LARKSPUR LADIES

There's larkspur in my lady's garden. Pink and lavender and blue; Larkspur that a lady planted One dim day of long ago.

In the petals, pinkly crinkled On each flower stem, I see Curving lips of lovely ladies Laughing at poor fools like me. —Jean Paul.

Danger of Selfishness

Whether you manufacture gasoline, cultivate an orange grove, or work for an employer, whoever or whatever you are the reader of this is a link in a great chain. You are at least a part of a great link in our national chain.

Possibly the greatest link is the producer—the man who makes things grow—the farmer.

To him, we of the cities, owe more than we can ever appreciate. But we are all too prone to disregard his struggles and his problems.

This must be because we do not see clearly that upon his success depends in a large measure, our own future.

Representative T. J. B. Robinson, of Iowa, put it clearly in a recent speech:

"If something is not done to put agriculture back on a paying basis, where it belongs, every other line of business will soon be harmfully affected; but when the farmer can sell his products at a price that gives him a fair profit above the cost of production and he in turn buys the goods of the merchant and the manufacturer at a price that permits the paying of good wages and fair profit, then the business cycle is complete."

Let us give that a couple of serious thoughts. If we do not see it from a humane, kindly attitude we shall see it too late from an attitude brought about by wreckage of a lot of national hopes for a period of prosperity.

What Makes a Town

What makes a town? Is it the wealth evidenced by the homes and splendid buildings? These may attest to the stability and thrift of certain people, but they offer no great inducements to commercial and moral progress. Is it the spirit of good order and law observance? That is a factor only. The sleepest hamlets that dot the country may have this spirit in frank abundance. Is it the schools and churches? May their number ever increase, but they don't make a town—they only culture it. Is it the geographical location, the character of the country surrounding, the natural advantages? None of

these are essential. Well, what is it that makes a town, anyway? Just one thing—the unity of the people, the existence of a common bond which causes business and social energies to put aside all differences when it comes to boosting a town. No town ever made real progress in the way of substantial success without the get-together spirit unanimously adopted. It has infused new blood into the hearts of commercial life and made thriving cities out of dormant towns. Natural advantages count for much and prosperity cannot be built upon shifting sand, but any town with half a chance can be made to grow and expand and thrive when its citizens join with one accord in the boosting program.—Acton Free Press.

Redistribution Bill

Niagara district will not have a new seat under the redistribution which has been presented to parliament. There will be nine Toronto seats instead of six at present.

Next parliament will have 245 seats instead of 235 at present. Nova Scotia loses two seats, the only province to lose. Ontario, New Brunswick, Quebec and Prince Edward Island remain unchanged in numbers, while western provinces all receive additional numbers.

In Ontario, seven additions are made, with the same number of subtractions. Two seats are added to Northwestern and Northern Ontario by rearrangement of the present seats. Another Essex is created, while several Eastern Ontario seats disappear.

The Redistribution Bill adds the Townships of Bayham and Malbidge to Norfolk for dominion election purposes. We do not know the political complexion of either townships, but it is likely that they are pretty evenly divided between the two old parties. The members for East Elgin for the Dominion House lives in Bayham, and he will have claims upon the Conservatives of Norfolk should he seek re-election. There are many others who have claims also among the farmers, the business men and professional men of old Norfolk. The present member for Norfolk will have claims with his party, and very likely the Reformers will be strong enough to put a man in the field also. They will have less to hamper them in their choice. We are looking for a keen contest at the next Dominion Election.

The city pastors get long holidays, the country preacher has to stick to his job all the time. A sinic said, "The rural Christian needs his gossip at the church door, and the city elder wants to go fishing." A kinder, and perhaps truer interpretation of the demand of nature which the sinic has expressed so harshly is that the old local preacher who said that, the craving for companionship which a man has, when he works six days by himself leads him to the church door, and the constant mingling with the throng for six days every week demands solitude for at least a few Sundays in the year." So the modern church in town and city gives its congregation a vacation once a year.

HOLSTEIN MAKES RECORD
 Holstein breeders will be interested in the milk record made by Elmerest Ormsby Payne (49090), owned by W. H. Cherry of Hagersville. In seven days she made 728.8 pounds of milk and 38.11 pounds of butter. In fourteen days she made 1,474 pounds of milk and 105.95 pounds of butter. This is a seven-year-old cow and several of her progeny and by farmers in the district.

Here and There

It is announced that vigorous efforts will be made by the Government of Manitoba to effect the actual settlement of 224,000 acres of vacant provincial land now under the administration of the Crown.

For the week ended June 21st traffic earnings of the Canadian Pacific Railway amounted to \$3,301,000, as compared with \$3,159,000 for the corresponding period of 1923. This is an increase of \$142,000 or 4.4 per cent.

Reports from the Rouyn gold fields of Quebec continue to indicate a great future for that territory. Development is proceeding apace and the English capital now flowing into Canada in search of good investments is interesting itself in this area.

Three carloads of seed grain are being shipped weekly from the provincial seed cleaning and marketing plant at Edmonton, Alta. About 50,000 bushels of seed grain have been handled by the plant since last fall and 20,000 bushels more will be handled before the year's seeding is completed.

The International Paper Company intends to add two new machines to their plant in Three Rivers, Que., so as to increase their production from 300 to 450 tons daily. Another project is also under consideration, viz., to build a plant in Batiscan instead of enlarging the Three Rivers one.

Out of every dollar the Company earns, the sum of 81 cents is spent by the Canadian Pacific Railway in the home markets of Canada for wages, materials, supplies, taxes and insurance, figures recently issued show. In 1923 the total earnings of this great corporation were \$195,837,989, and every community in Canada directly benefited by the expenditure of 81 per cent. of this huge amount in the home market.

The 1924 crop of the East Kootenay (B.C.) forestry district gives promise of running to a grand total of 150,000,000 feet. There is a particularly brisk business in poles of longer lengths and in sawmill sawn ties and the usual quantity of the hewn variety is looked for. Sixteen sawmills are now in operation and indications are that there will probably be thirty going before the season closes.

Canada now takes third place, and second place among British possessions, of the gold-producing areas of the world. The total gold production of the world for 1922—the latest year for which returns are available—was 15,440,000 fine ounces, of which the Transvaal produced 7,020,110, or 45.5 per cent. The United States came second with 2,363,075 ounces, or 15.3 per cent, and Canada followed, with 1,263,364 ounces, or 8.2 per cent.

June 18th was the anniversary of the running of the first Imperial Limited, the Canadian Pacific Railway's famous transcontinental. This was not the Company's first transcontinental, as trains began regular service between Montreal and Vancouver as far back as 1886, but for several years it was the crack trans-Canada Pacific express. Today the premier place is held by the Trans-Canada Limited, the fastest long-distance express in the world, which makes the run in 90 hours, or 10 hours less than the time of the original Imperial Limited.

LONGEST FREIGHT TRAIN

St. Thomas, July 13.—What is said to be the longest freight train ever handled over the Canadian Division of the Michigan Central Railway passed through here yesterday. It contained 125 refrigerator cars en route from New York and other Eastern points to Detroit and Chicago. The record long train prior to yesterday was 120 cars.

TO LET—Furnished Rooms in the road house "Lake View Lodge," adjoining Woodlawn Park on Lake Erie. Easy terms, good accommodation and an excellent beach. Apply to C. W. Armstrong, Selkirk. 18tc

How Many Objects in This Picture Begin With the Letter "C"?

The above picture contains a number of objects beginning with the letter "C". Nothing is hidden; you don't have to turn the picture upside down. Make a list of all the objects in the picture the name of which begins with the letter "C". Have the whole family join in—see who can find the most. Great cash prizes will be awarded for the fifteen best lists of words submitted. The answer having the most "C" words and nearest correct list of visible objects shown in the picture starting with the letter "C" will be awarded (first prize, second best, second prize, etc.)

YOUNG AND OLD, JOIN IN THE FUN
 The Hamilton Herald announces today a most interesting and amusing puzzle game—a word search. It is different from the ordinary word search in that it is not a puzzle to be solved, but a game to be played. It is a test of skill. Four ability groups are to determine the prize you win. Right after supper this evening, gather all the members of your family together, give each of them a pencil and a sheet of paper, and see who can find the most "C" words. You'll be surprised to find how large a list of words you can get after a few minutes' study. Set down NOW and try it—then, send in your list and try for the big prizes.

COSTS NOTHING TO TRY
 It costs nothing to take part, and you do not have to send in a single subscription to win a prize. If you win \$30, but if you win \$100, you will win \$100. We are making special cash prizes offers during this Big Advertising and Booster Campaign. You can win big cash prizes by sending in one or two or four subscriptions to The Hamilton Herald.

OBSERVE THESE RULES

1. Any man, woman, girl or boy who is not an employee of The Hamilton Herald or member of an employee's family may submit an answer.
2. All answers must be mailed by August 9th, 1924.
3. Answers should be written on one side of the paper only and words numbered consecutively 1, 2, 3, etc. Write your full name and address on each page in the upper right hand corner. If you desire to write anything else, use a separate sheet of paper.
4. Only words found in the English Dictionary will be counted. Do not use hyphenated, compound or obsolete words. Use either the singular or plural, but where the plural is used, the singular will not be counted and vice versa.
5. Words of the same spelling can be used only once, even though they designate different objects. The same object can be named only once, however, any part of the object may also be named.
6. The answer having the largest and nearest correct list of names of visible objects shown in the picture shall begin with the letter "C" will be awarded first prize, etc. Neatness, style or handwriting have no bearing upon deciding the winner.
7. Candidates may co-operate in answering the puzzle, but only one prize will be awarded to more than one of any group outside the family, where two or more have been working together.
8. All answers will receive the same consideration, regardless of whether or not a subscription for The Hamilton Herald is sent in.
9. There will be three independent judges, having no connection with The Hamilton Herald, who will judge the answers submitted and award the prizes at the end of the puzzle game and participants by sending in their list agree to accept the decision of the judges as final and conclusive.
10. The judges will meet on August 9th, 1924, and the announcement of the prize winners and correct list of words will be published in an edition of The Hamilton Herald as quickly thereafter as possible.
11. Subscriptions (both new and renewal) by mail or carrier will be accepted. However, in all cases, the Big \$1000 cash award will be awarded to one NEW subscription sent in by at least one NEW subscriber in one who has not been receiving The Hamilton Herald since July 1923.

EXTRA PICTURE FREE ON REQUEST
 RURAL ROUTE SUBSCRIBERS—This offer applies to rural route patrons, as well as subscribers living in cities and towns. If you are already receiving The Hamilton Herald, your subscription will be extended from its present expiration. In a NEW subscription with your renewal or two new subscriptions and qualify for the big prize. This is an easy way to earn \$1000.

CASH PRIZES

Winning Answers Will Receive Cash Prizes According to the Table Below

Prize	1st Prize	2nd Prize	3rd Prize	4th Prize	5th Prize	6th Prize	7th Prize	8th Prize	9th Prize	10th Prize	11th Prize	12th Prize	13th Prize	14th Prize	15th Prize

HOW YOU CAN WIN \$1000.00

Should you answer to the "C-Word" Picture Puzzle to win \$1000.00? You will win \$1000.00 if you answer to the "C-Word" Picture Puzzle to win \$1000.00.

However, if your answer wins FIRST prize and you have sent in two yearly subscriptions to The Hamilton Herald, you will win \$1000.00.

Or, if your answer is awarded FIRST prize by the judges and you have sent in TWO yearly subscriptions to The Hamilton Herald (two new or one new and one renewal), you will receive \$1000.00 instead of \$500.00.

Now's that for a liberal offer! But look! We will give extra amounts on all prizes by TWO yearly subscriptions to The Hamilton Herald (two new or one new and one renewal), you will receive \$1000.00 instead of \$500.00.

Now's that for a liberal offer! But look! We will give extra amounts on all prizes by TWO yearly subscriptions to The Hamilton Herald (two new or one new and one renewal), you will receive \$1000.00 instead of \$500.00.
