Railways now Preparing for Harvest Rush

Cutting of all wheat is expected to begin within about a week, says a report of the Ontario Department of Agriculture, and as a rule fall wheat is looking very promising. Western reports are also very encouraging, but just what the harvest is expected to be will not be generally known until representatives of the three prairie Provincial Governments and the two railroads meet in Winnipeg to discuss the labor situation and the best means of securing help to harvest whatever crop there is. However, the crop reports issued to date by the Agricultural Department of the Canadian Pacific Railway have been very optimistic and this company is already gathering and distributing equipment to various points in anticipation of a heavy movement of harvest workers.

The movement of harvesters has developed into quite a department in railroad transportation offices. As once the movement starts it must be rushed through to completion as speedily and effectively as possible, the attention of a large staff of men is concentrated for nearly a month before, during and for some time after the rush on assembling equipment, distributing it to the various parts of the country from whence the harvesters are drawn, making up the special trains, securing supplies for the lunch cars, and the hundred and one things which have to be looked after in order to ensure smooth running and of which the traveler usually knows nothing and probably cares less.

During the last four years the Canadian Pacific Railway has handled some 85,000 west-bound harvesters. Last year this Company inaugurated the Lunch Counter car which afforded facilities hitherto unknown to excursionists and, although perhaps not as a direct result of this innovation, over 26,000 men travelled in special trains over Canadian Pacific lines.

This year the Company is making practically the same preparation as last. As soon as it is known just how many are required to work in the harvest the excursions will be arranged and trains made up. The excursions originate from as far east as the Maritimes and as far west as the border of Ontario, but all are of the same type as far as rail equipment is concerned.

Colonist cars are used which afford comfortable seating during the day, facilities are afforded those who wish to prepare their own meals in a small kitchen at the end of each car, and at night the seats extended to afford comfortable sleeping quarters. The lunch counter car in which as many as fifty men can take a meal at the same time is an important section of the train. The traveling harvester is sure of being able to secure a meal to suit his purse and of the food supplied him being of good quality and served in a sanitary manner. Last year this department on Canadian Pacific lines served over two hundred thousand meals, and the experiment was so much appreciated, and proved such a success that it has now become a regular institution.

Old timers travelling west now-a-days regard the trip as a holiday and the number of women and children who have been seen travelling with the harvesters since the standard of service rendered has been what it now is, has increased to a remarkable degree.

WELCOME TO SEE A GREAT Furniture Sale

IN ITS PREPARATION

Three Courtesy Days

THURSDAY, FRIDAY AND SATURDAY

Falls' August Furniture Sale really opens next Monday, but we've no need to hide the preparations, they are on too big a scale.

Won't you take a walk through this large Furniture Department with Furniture enough to furnish one hundred homes—and particularly see the window displays Thursday, Friday and Saturday? Our entire front, nearly 900 SQUARE FEET of plate glass will be given over to the displays of Furniture—and back of it all—Dependability and Quality and Service—with this year's PRICES MORE THAN EVER IN YOUR FAVOR.

Think first of Quality and suitability as against regular prices. The August Sale, starting Monday, will bring savings of 15% to 40%.
