GET OF BULL COMPETITION A SPECIAL JARVIS FAIR EXHIBIT

Dominion Live Stock Branch Co-operating With Jarvis Agricultural Society

The Dominion Live Stock Branch is co-operating with the Jarvis Agricultural Society in putting on a special exhibit in live stock at the Jarvis Fair. The exhibit is called a "Get of Bull Competition." The competition is for the following classes:

Class (a)—Dairy Class—Open to heifers, grade or pure bred, and to pure bred males of the progeny of bulls of the following breeds: Holstein, Ayrshire, Jersey, Guernsey, French Canadian, and Dual-purpose Shorthorn.

Class (b)—Beef Class—open to heifers, grade or pure bred, to steers and to pure bred males of the progeny of bulls of the following breeds: Shorthorn, Hereford and Aberdeen-Angus.

RULES

1. In every competition, each class will be a group class. The unit entry is to consist of a group of three animals, not necessarily all the property of one owner but all three the progeny of one pure bred bull.

2. Entries in a competition shall be confined to animals not over 24 months of age and not under 12 months of age on October 1, 1924.

3. Each entry must be accompanied by a statement signed by the owner or owners represented, giving the name of the sire and the approximate date of birth of each animal included in the entry.

PRIZES

	Dairy	Beef
1st.....	\$15.00	\$15.00
2nd.....	10.00	10.00
3rd.....	5.00	5.00

In awarding the above prizes, the judge will group three animals, the progeny of one pure bred bull, and judge that group in competition with other groups of three animals, the progeny of other pure bred bulls and the best group in each class will be awarded \$15; second best group, \$10; and third best group, \$5. Please remember that the sire of the animal in the group is not considered, just the progeny. Exhibitors in the "Get of Bull Competition" must be prepared to give the following information regarding their exhibit: Name, registration and breed of sire, particulars regarding age and sex of each animal in the group.

As the prize money offered totals a sum of \$60 and this is the first time that live stock men in this district have had a competition of this kind, it is hoped that they will take advantage of it by putting on a large exhibit. The exhibit ought to be of special interest to live stock men as it will give them a splendid opportunity of comparing the get of the different bulls in the district.

Here and There

E. W. Beatty, M.C.

The annual statement of the Canadian Pacific Railway and the report which the company's president, E. W. Beatty, made to the shareholders at the annual meeting are matters of first rate interest, not only to the fast growing number of Canadian citizens who are part owners in the great railway road, but to all interested in Canadian progress and development. By reason of the way in which the company's operations touch all phases of Canadian life and enterprise there can be no pronounced depression or prosperity in any part of the country without its being reflected in the earnings of the Canadian Pacific. There is a barometer of the country's foreign trade also in the results of the operations of the company's steamships upon the Atlantic and Pacific oceans.

There was considerable reason for gratification in the president's statement made at the annual meeting on May 7th, that the operations of the company had been conducted throughout 1923 in a satisfactory manner and with satisfactory results. Mr. Beatty pointed out that gross earnings for the year, which had totalled \$195,837,069, were increased by \$9,162,000 than those of 1922. Working expenses, however, increased by \$7,984,000 to \$188,358,079. This large increase in operating costs was due to large expenditures made upon the property in order that it might be kept to the highest possible physical standard and capable of rendering the best possible service to the community. As a result the property was never in so excellent a condition as it now is. Net earnings for the year were \$37,479,040, an increase of \$1,177,000.

The total tonnage moved by the company during the year amounted to 30,862,994, an increase over that of the previous year of 3,108,408, due to a heavier movement of grain, lumber, manufactured articles and general merchandise, the largest being in grain and grain products. Mr. Beatty pointed out that this satisfactory condition had extended well into the present year and that due to favorable operating conditions and heavy traffic net earnings for the first quarter of 1924 had increased over those of the same period last year by \$1,253,814.

Referring to the Government system of railroads, Mr. Beatty said that the difference between it and the Canadian Pacific was largely in name only and in the accident of personnel of shareholders. The securities of both systems were owned by private investors throughout the world and there was a significant steady increase in both Canadian and British holdings of Canadian Pacific common stock. Two features of the general railway situation called for criticism. Under a statute passed in 1919 the Government-owned lines may construct branches without approval as to location and other details by the Railway Commission. Thus they may parallel or duplicate existing lines of any other company once the Minister approves and parliament authorizes the expenditure. Mr. Beatty stated that in his opinion it was equally in the interests of the Canadian people and of the Canadian railroads that the companies should be in the same position in this respect. The other phase was the result of the Crow's Nest Pass agreement of 1897. It had established special statutory freight rates under conditions of operating costs which no longer exist and differences in rates which would not be permitted under the general Railway Act because of their unfairness in relation to commodity rates at other articles and to the rates effective in other parts of Canada. The greatest advantage to shippers as a whole would be secured if all rates were made subject to review and change as conditions warrant by the tribunal constituted for that purpose.

In referring to the outlook for the future, Mr. Beatty said that while there was a noticeable lull in domestic and export shipments due in part to unsettledness in industrial districts, general business during the first quarter of the year had been satisfactory. The crop acreage as last year and, generally speaking, soil conditions were excellent. "If the total yield approaches that of 1923," said Mr. Beatty, "there will undoubtedly be a very active autumn business and a vastly improved psychological and financial situation throughout the whole country. There is no real ground for pessimism in respect of the future of either the company or the country, though an extraordinary and rapid advance is neither to be expected nor desired."

THE REGAH THEATRE
"HUTCH STIRS 'EM UP"
"Hutch Stirs 'em Up" is the name of a new film to be shown next Friday and Saturday at the Regah Theatre, Hagersville.

There is little doubt about the aptness of the title, for the picture is just one long succession of exciting thrills from start to finish. But it is not merely a string of stunts. There is a real entertaining story of the collisions between an up-to-date young man of the Western world and a fossilized old English squire who thinks his villagers were made for him and lives, in thought and action, in a world long since dead.

"Hutch Stirs 'Em Up" is a real clean, strong, honest drama throughout, a happy combination of action and fun. All the world and his wife will want to see the picture and enjoy it and many will want to see it more than once, just to find out how a man like Hurricane Hutch can come unscathed through such a succession of daring stunts.

"THE WOMAN WITH FOUR FACES"
If you saw a prison staring you in the face; if you were young and beautiful—and a crook; if you knew that a sentence would send you forth at its expiration an old woman—would you listen to the dictate of conscience? Would you be ready to accept a challenge to help instead of hinder the law?

That is the predicament of Betty Compton as the heroine of "The Woman With Four Faces," a Herbert Brenon Paramount production coming to the Regah Theatre next Tuesday.

Also, she is moved by the tremendous need when she is asked to help the district attorney to stamp out the drug evil. Is it any wonder that, her mission accomplished, she is regenerated and wins the love of the man who instigated the campaign to bring a band of drug-sellers to justice?

Richard Dix plays the part of the district attorney and there is a fine cast throughout. The picture is thrilling, melodramatic, mysterious, based on a story by Bayard Veiller. George Hopkins made the adaptation and the production editor was Julia Crawford Ivers.

FISHERVILLE WINS DEBATE

On Monday evening, June 2, a very enjoyable evening was spent in the Fisherville Hall. The main feature of the evening was a debate, "Resolved, That the City Depends Upon the Country to a Greater Degree Than the Country Does Upon the City," which was staged between the Fisherville and Jarvis Junior Farmers Improvement Associations.

Fisherville had the affirmative and the decision was given in their favor. Speakers on the affirmative side were: Messrs. Schumacher, Sewart and Lint; negative side, Messrs. Harroebel and Pratten.

The subject being a very broad one, offered much room for discussion on both sides. The chief argument kept upon the mat between the debaters, more or less throughout the whole debate, was the natural one of "Raw Materials vs. Finished Product," and was finally left to the decision of the judges, Messrs. Hoover, Werner and the Agricultural Representative, Mr. Main.

On behalf of the debaters, much could be said for either side. Following the debate, a dialogue in three scenes was given, after which all partook of a hearty lunch.

The string orchestra, which furnished music at different intervals during the evening, was greatly appreciated by everyone.

HAMILTON CONFERENCE OF METHODIST CHURCH

The Hamilton Conference met for the first time in its history in the historic church at Lundy's Lane. Many years ago the Methodist Church of Canada and the Methodist Episcopal Church of the United States gathered in the "Little Red Meeting House" in Lundy's Lane.

Mayor Newman, as chief magistrate of the city and interested in all matters relating to the best interests of the citizens, stated that he wished to publicly thank the Conference for acceding to the unanimous request to retain Rev. H. L. Roberts for a fifth, sixth and now a seventh year. His work among his own people, his ability and energy given unsparsingly in the interest of many phases of public life, have won a very warm place in the hearts of the people. Well done, Howard.

BUILDING OF MOTOR CARS IN CANADA
We are in receipt of a booklet entitled "Canada as a Builder of Motor Cars," from the General Motors of Canada, Ltd. This booklet illustrates and describes, in a graphic manner, some of the operations used in the building of motor cars in Canada.

The illustrations are by Vernon Howe Bailey, one of the outstanding artists of America in this class of illustration. During the war Mr. Bailey did a great deal of work for the United States Government, picturing the participation of the United States factories in the production of munitions, ships, etc. These pictures were of such high merit that they have been hung in the Smithsonian Institute at Washington.

A perusal of this booklet demonstrates the fact that the Chevrolet is produced to the extent of 85 per cent. in the Dominion; the McLaughlin-Buick, 65 per.

Parcels weighing four ounces or less paid at the rate of one cent per ounce or fraction thereof need not have custom declarations attached. It is further required that commercial invoices or statements of value be inclosed with books prepaid at printed matter rate and also in sealed parcels of general merchandise prepaid at letter rate posted in Canada and addressed for delivery in the United States.

SIMCOE JURY ADVISES THAT A WATCHMAN BE PLACED ON DANGEROUS CROSSING

The coroner's jury that was empanelled on Thursday, 15th inst., to inquire into the deaths of George Cloverdale of Canfield, and Alexander Mitchell of Cayuga, in the level crossing accident at the North Simcoe station of the L. E. & N. R. on that day, met on the 22nd of May. In their finding they exonerated Rev. W. C. Almack, who was driving the automobile, and the train crew of the radial car from all blame. The finding proceeds as follows: "We find that this crossing at North Simcoe is a very dangerous crossing and we recommend that all radial cars come to a full stop before crossing the highway, or that a watchman be appointed to watch this crossing, to be on duty from 6:50 a.m., until the last car passes at night." A copy of the verdict was forwarded to the railway board.

ROCKFORD

(Too late for last week's issue)
Mrs. Williams and Jimmie, and Mrs. Mrs. Reed and Amy, of Hamilton, visited over the 24th at the home of Mr. and Mrs. Angus.

George Richards and family and Earnie, of Hamilton, spent over Sunday with their mother here.

Miss Mary Hamby, of Hagersville, spent over Sunday at her home here. Miss Mary Thomson attended the W. M. S. convention in Hamilton last week.

Walter Petheram, of Simcoe, was visiting at his son David's home last week and renewed old acquaintances. He is smart on his feet for a man of 83 years.

Angus Wilson, of Toronto, has been home for the past few days, also Hugh, of Brantford, was home for the week-end.

The young people gathered at the home of Mrs. Wilson, on Saturday night last in the form of a surprise for Miss Jessie, who had come home from Welland where she has secured a position, to spend the 24th. A very pleasant evening was spent in chatter and laughter and games. A lunch provided by the girls was much enjoyed. We are sorry to have the Wilson family leave our midst, but we hope that success and happiness may attend them all in their new home.

During the course of the evening a presentation was made by Grace Wride and the following address read by Ramona McLaren:

Dear Jessie:
We, your friends of Rockford, have chosen this opportunity to spend a few hours here. We know that we shall miss you in our midst, but we feel glad, too, that you have a position which will not only be a means of livelihood, but at the same time will be a source to find new friends and new interests. These, we trust, will be very uplifting and conducive to success. We all know one great element of happiness in life is the capacity for honest work. We feel that you have been rewarded for your hours and hours of hard study and perseverance. We are only sorry that Rockford cannot offer employment to young people. This practically forces you to leave our midst, but we know, if you do your work faithfully day by day you will make many new friends.

Just as a remembrance from your old Rockford chums we ask you to accept this purse. We hope, as you sometimes clasp and unclasp it, your thoughts will come back to your friends here, who wish you every success, pleasure and enjoyment in your new sphere of work.

Signed on behalf of the "Club,"
Enid Paskins, Pres.,
Bud Priest, Secretary.
