## NERVES RESTORED HEADACHE GONE

### A Grateful Letter From a Well Known Vancouver Nurse.

"In the summer of 1922," says Mrs. Mandy Hill, of 11st Avenue West, Vancouver, B.C., "I became very anxious about my young daughter's health. She was attending a commercial school, and between her close study and exceptionally hot weather she became very much run-down. I noticed that she looked white and looked constantly tired, was depressed over her studies, and irritable and peevish about the house. I used several tonics I had heard well spoken of, but they did not seem to help her. At this stage an advertisement of Dr. Williams' Pink Pills, telling of a similar case, was brought to my attention, and I decided to give this medicine a trial. You may judge of my surprise and delight when I noticed an improvement in her condition, almost before the box was finished. She continued taking Dr. Williams' Pink Pills for some time, gaining in health and strength. Her headaches, backaches and depression disappeared, and she again looked well and happy. She has since, I am glad to say, kept perfectly well and passed her examinations with credit."

"I must have worried more than I know over my daughter's health, for though I have earned my living as a maternity nurse for the past 12 years, even the most trying cases did not seem to exhaust me until last fall, when I seemed to give out suddenly. I became so nervous that I had to decline work, and I suffered from headaches and a constant feeling of depression. I attributed my condition to the fact that I was entering a critical time of life. It was my daughter who suggested that Dr. Williams' Pink Pills might do me as much good as they had done her, and after a faithful use of them for a time this proved to be the case. My nerves regained their steadiness, and my general health improved so much that I felt able to undertake my nursing duties again. I have taken the pills occasionally since, and thanks to them have been able to stand the strain of my work splendidly and still feel as well as ever. I am very grateful to Dr. Williams' Pink Pills and am thankful to have found such a reliable medicine for use in my home, and I can conscientiously recommend it to any suffering woman or girl coming under my care or influence."

You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Drawing the Line.

"I like to be kind and helpful to all," admitted J. Fuller Gleason, "but I draw the line at cranking up divers for ladies. Almost every time I try to do so the infernal contraption kicks back, breaking my wrist or the bridge of my nose or the crystal of my watch, or at least spraining something for me more or less severely; or the car starts suddenly and runs over me, or I only escape by reason of my marvelous agility—or if nothing else happens I get my clothes well muddled. And then if I make any complaint about it the lady I have tried to favor gives me what may be called such a look, and drives on. Hereafter if I can't find a handy out who will do the job for a pittance I shall simply pass by with my nose in the air and pretend not to have noticed the car at all."

## THE REASON FOR ALUMINUM.

Because tea deteriorates very rapidly if exposed to air many tests and experiments have been made to find an efficient means of packing it so as to preserve the flavor. The "SALADA" Tea Company first used lead packages but some years ago adopted aluminum foil, aluminum being more durable and lighter than lead, besides, of course, being absolutely sanitary and air-tight. This method of packing is admitted to be the most effective known to preserve the flavor of tea. All "SALADA" is sold in air-tight aluminum packages.

### Much Cheaper.

Buy—"Why do you carry your house around on your back?"  
Small—"Cause it's cheaper to move than pay rent!"  
A woman's conscience when rightly touched is always on the side of truth.  
There is no solace to the bitterness of broken faith.

## Young Men and Women

Who may be afflicted with pimples and blackheads or any other facial blemish or skin trouble, are invited to write us. For 32 years we have been successfully treating Skin, Scap, Hair and Complexion Troubles, including Superficial Hair, Warts, etc. We manufacture the famous "Tollit" Preparations. Booklet "K" mailed free.

215 College St., Toronto

### THREE BONNY LASSES

Three bonny lassies, sisters all, who travelled on the "Montclair" to join Daddy at Joseph, Ontario.

## HEALTH EDUCATION

### BY DR. J. J. MIDDLETON

Provincial Council of Health, Ontario

Dr. Middleton will be glad to answer questions on Public Health matters through this column. Address him at Spadina House, Spadina Crescent, Toronto.

If sensible men and women throughout this province could realize what an expense sickness is to the community it would open their eyes. They would then in all probability seek some means to combat and reduce this heavy expenditure which not only takes its toll in money, but in human suffering and human life. The average man or woman without facts and figures cannot be expected to know that a bill the community has to face every year for sickness, and the worst feature of the whole thing is that much of this sickness is preventable. All classes of the community suffer from preventable diseases, and I mean this in a very broad sense to include all those cases of ill-health that one sees first-coming with as a result of lack of attention and lack of treatment in early life. People will often wonder why a person dies suddenly, when in the ordinary course of events he or she should have still many years of life before the completion of the allotted three score and ten. If one inquires back into that person's history, it will often be found that they have had physical defects in early life that went untreated. He or she may have had diseased tonsils that for a long time poisoned the blood and produced "rheumatism," with sometimes heart disease resulting. Or he or she may have had scarlet fever that developed into nephritis or kidney disease and so led to an impaired and weakened state of health. Or again, pneumonia or tuberculosis is often the aftermath of what was thought to be a simple case of measles.

## New Record Set by Sun Life of Canada.

Evidence of widespread prosperity is afforded by the statement published by the Sun Life Assurance Company of Canada covering its transactions for the year 1923. This Company, which is international in its character, operating in over fifty countries, reports substantial advances in all departments.

Of particular public interest is the fact that no fewer than 318,443 policyholders are assured under ordinary contracts issued by the Company, while in addition 22,731 employees of a great diversity of industries are protected under Group Insurance policies.

The business in force at December 31st last reached the tremendous total of \$798,765,843, showing an increase for the year of \$72,360,373. The new business written during the year amounted to \$119,804,657, the policies actually issued and paid for being \$5,975, for a total of \$107,399,255. During the year the payments to policyholders and their beneficiaries in respect to Death Claims, Matured Endowments, Profits, etc., amounted to \$22,145,979, bringing the total so paid since the organization of the Company to \$151,916,489. This amount exceeds the total business in force with the Company fourteen years ago, and affords stirring testimony to the degree in which its function is being fulfilled.

Profits paid or allotted to policyholders reached the amount of \$4,417,068. After setting aside \$3,500,000 for unforeseen contingencies, the net surplus over all liabilities and capital stock advanced by \$3,603,447 to \$17,872,988.

The record is one in which the Directors of the Company express their own satisfaction—a sentiment which will be widely shared. It is interesting to note that the Company, in order to facilitate the constant quest for new business and to maintain the high standard of service to which they have accustomed their policyholders, have established a number of new divisions during the past year, and have further developments of a similar character in contemplation.

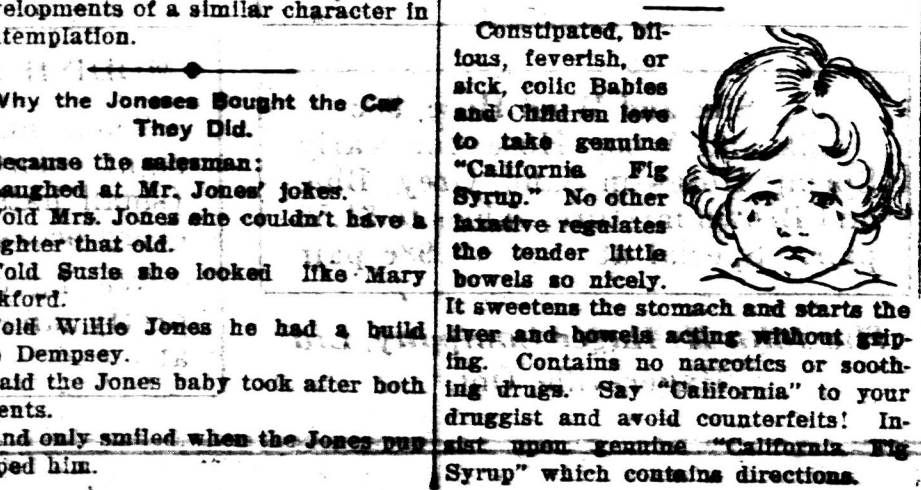

### Why the Joneses Bought the Car They Did.

Because the salesman Launched at Mr. Jones' jokes. Told Mrs. Jones she couldn't have a daughter that old. Told Susie she looked like Mary Pickford. Told Willie Jones he had a build like Dempsey. Said the Jones baby took after both parents. And only smiled when the Joneses snipped him.

### Mother! Give Sick Child "California Fig Syrup"

Harmless Laxative for a Bilious, Constipated Baby or Child.

Constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits! Insist upon genuine "California Fig Syrup" which contains directions.

## EASY TRICKS

For the amateur trickster, practical jokes are very useful. They enable him to effectively turn the subject whose some inquisitive speaker wants to know the secret of one of his pet tricks. They are useful in silencing that annoying individual who is only too ready to tell how every trick is done.

A good stunt is to tell a spectator that if he will clasp his hands according to your directions and will utter certain magical words he will be unable to leave the room without unclasping his hands. This is done by causing the victim to clasp his hands around a piano leg.

Another stunt is to ask a spectator to select any card he likes from the pack. Make the selection of it as complicated as possible and add all of the details possible. Put the victim to a lot of trouble, making notes, counting cards, etc. When the victim has paid for exposing your pet trick, say to him:

"What card did you select?"

He will give the name of the card and you will say, solemnly: "That is correct."

Then go on with another trick hoping that the victim will not resent the practical joke too much.

(Clip this out and paste it with other of the series in a scrapbook.)

## WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## STOMACH MISERY, GAS, INDIGESTION

"Pape's Diapiesin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages of Pape's Diapiesin.

### Historic Sites.

The different lines of work carried on by the Department of the Interior in the preservation of places of national interest such as historic and prehistoric sites, the protection of old birds and handicrafts, the creation of bird sanctuaries, and the preservation of many forms of bird and animal life, are all serving to make Canada an increasingly interesting place to live in and, therefore, to enhance its attractions for tourists. The possibilities in this connection have as yet scarcely been realized but they can undoubtedly be made to play a large part in building up the prosperity of the country.

Ask for Minard's and take no other.

If Columbus had started sailing for the sun in an aeroplane instead of for the new world which he discovered he would just begin to be getting under way about this time—400 years later. It would only take a little less than 100,000 years at the rate of 60 miles an hour to reach the nearest star.

The number of living organisms in one single gram of soil exceeds 40,000,000.

## ASPIRIN

Beware of Imitations!

Unless you see the name "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

### Relieve Dysepopsia

M.D. advises: "Persons who suffer from severe indigestion and constipation should take after each meal and at bedtime, five to thirty drops of the Extract of Roots known to the Drug Trade as 'Mother Selig's Curative Syrup.' Get the Genuine at your druggist."

## Smoke OLD CHUM The Tobacco of Quality

### Sealed Package 15¢

(which keeps the tobacco in its original condition) also in 1/2 lb. tins

You Know What.  
"It's as cold as—"  
"Yes, just as in summer it's as hot as—"  
"Yes, that's it!"

Work is impossible if one is not prepared for work.

There are 40,000 unemployed boys and girls in London.

### NUXATED IRON

No remedy can cure all ailments of the human body, but an immense number of people suffer from indigestion, pain and diarrhoea when they need tonic. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

It is an eminent physician's best blood prescription, standard. It is recommended for all run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

A Boston man has offered a prize of \$50 for a nicer name than "old maid" to designate a spinster. It is required that this word should "describe the single state of woman as a condition of triumph rather than defeat." Nothing could be simpler. The word obviously is scotchhound.

## ITCHY PIMPLES ALL OVER FACE

### And Shoulders. Burned Badly. Cuticura Heals.

"My trouble started with pimples breaking out all over my face and shoulders. The pimples were large and red and itched, and itched and burned so badly that I could not sleep. They were very sore and my clothing aggravated them."

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample which helped me. I purchased more, and after using four boxes of Cuticura Soap and three boxes of Cuticura Ointment I was healed." (Signed) William C. Sloan, 39 Peabody St., Buffalo, N. Y.

Use Cuticura for all toilet purposes.

## MOTHER OF TWIN BOYS

### Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELMER A. BERTINE, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved these symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

You might be interested in reading Mrs. Pinkham's Private Text Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Coburg, Ontario.
