## INTERNATIONAL ANNIVERSARY TO BE A MEMORABLE EVENT

The quarter-centennial celebration of the International Live Stock exposition at Chicago, November 29th to December 6th, promises to be a history making occasion in many ways, according to B. H. Heide, Secretary-Manager of this well known show.

The social side will be especially emphasized this year. Numerous reunions and banquets will give visitors an unusual opportunity to meet their friends from all parts of the country and renew old acquaintances. The business interests of Chicago have arranged unusual forms of entertainment for guests at the metropolis during International week.

The live stock contests between superior specimens of cattle, horses, sheep and swine promise to be of a rare sporting character since many of the previous champions have been retired and the winners this year are expected to include numerous "dark horses."

The Grain and Hay Show will prove to be an exciting battle-ground where the relative merits as crop producing regions of the various sections of the continent will be fought out among over five thousand outstanding samples of grains, small seeds and hay. Some portions of North America have enjoyed favorable conditions this year and others have suffered from unseasonable weather, but competition will be equalized by dividing the territory into zones.

The Agricultural Colleges and Experimental Stations are planning to make interesting and valuable exhibits, showing the results of recent investigations in many lines of agriculture. The subjects treated will include many of timely importance such as the best use to make of the soft corn crop.

A Junior Live Stock Judging Contest will be held on the opening day between the various state champions. Teams for national honors. The three young boys or girls who make the highest individual scores will be awarded agricultural college scholarships by the Chicago Association of Commerce.

A feature of the night Horse Show this year will be the class for the old time four-horse hitch which is coming back in social favor in the east and abroad. A busy week of education and entertainment is promised all visitors to the International Live Stock Exposition at Chicago.

## PHENOMINAL VALUES FOUND IN HOLLINGER

The reported strike at the big Hollinger mine of another rich seam of ore, eight feet in width and said to assay \$800 to the ton, is causing considerable excitement among mining men, who state that this latest strike unquestionably places the Hollinger in the front rank as the world's richest gold mine.

The Hollinger Consolidated closed the first half of the year with an income of well over \$40,000,000, bringing the aggregate income up to \$81,000,000, and it is believed that total production for the year will be the greatest of any mining property anywhere.

An important feature is that this income has been derived from mining operations largely confined to a depth of 800 feet, whereas estimated are reserves, known to be sufficient to last for many years, lie chiefly at and above the 800-foot level.

Development operations have been carried to nearly 2,000 feet in depth without indicating any change in the geological structure and the extent of mineralization.

## REGAH THEATRE

### "THE COVERED WAGON"

A magnificent epic of the early west is James Cruze's latest Paramount production, "The Covered Wagon," which will be the feature at the Regah Theatre, Hagersville, for three days, beginning Monday next. This is a picturization of Emerson Hough's new novel of the same name, and it is said to be one of the greatest photoplays ever seen on the screen.

The features embraced in this story are many and varied and include among others, the start of 350 covered wagons from Westport Landing (now Kansas City), in 1848. The terrors of fording fresher rivers, prairie fires and the like are depicted with great realism. A buffalo hunt is one of the most exciting scenes. Old Fort Bridger with a night attack and fight by day with Indians, are shown. The dividing of the trails to Oregon and California at old Fort Hall, a touch of the gold fever in California, magnificent mountain shots and a culmination of the romance with the establishment of one of the first homesteads in Oregon—these are all incidents in a picture that bristles with big scenes.

Such historical characters as Kit Carson, Jim Bridger and Bill Jackson, scouts and typical western characters, are portrayed in the Paramount screen version of the novel, which is conceded to be one of the most notable literary achievements of the present decade.

The various roles are in the hands of well known screen players. The leading man is J. Warren Kerrigan, and the leading woman is Lois Wilson. Alan Hale is the villain. Others in the cast include Tully Marshall, Ethel Wales, Charles Ogle and John Fox. Jack Cunningham adapted the novel to the screen.

## GOLDEN JUBILEE; CHICKEN SUPPER

The Nanticoke Methodist church will celebrate their Golden Jubilee on Sunday, November 9th. The morning and evening services will be conducted by the Rev. Mr. Woltz, of Cayuga, and special music has been arranged for.

On Monday, November 10th, a chicken supper will be held in the basement of the church. A splendid program will be given by the following artists: Miss Mae Winters, London, elocutionist; Miss Doris Kindree, Jarvis, soprano soloist; Male Quartette, Jarvis; Port Dover 7-piece orchestra, and other splendid talent. Rev. Mr. Neil, pastor, will act as chairman.

## HELD-OTTERMAN

A quiet but pretty wedding took place at the home of the bride's parents, Mr. and Mrs. Fred Otterman, Fisherville, October 22nd, when their youngest daughter, Hatti Luena, became the bride of Wilmer O. Held, son of Mrs. H. C. Held and the late Henry Held, Fisherville. The Rev. H. W. Bregge officiated.

The rooms were tastefully decorated with autumn foliage and flowers. The bride entered the drawing room to the strains of Mendelssohn's wedding march played by Mr. Clifford Nauman. She was becomingly gown in blue crepe satin and carried a shower bouquet of roses. Miss Emma Reichel wearing a dainty frock of sand crystal crepe, attended the bride, while Mr. Howard Otterman supported the groom.

After the ceremony a delicious wedding dinner was served. Mr. and Mrs. Held left later for a trip to Detroit. Upon their return they will reside in Fisherville.

The event was a decided success, for 49 of Nanticoke's young people were present, representing all walks of life, and of particular interest to historians, for Sir Walter Raleigh was there and so was Roderick Dhu, also three members of the British Navy, two Boy Scouts of the Canadian Scouts, many ancient women of Queen Elizabeth's time. ### PICTURE PUZZLE GAME

Elsewhere in to-day's issue will be found a large advertisement announcing a Picture Puzzle Game arranged by The Mail and Empire which will no doubt prove very interesting for our readers, and especially for the little folks. The Contest consists of ascertaining how many objects or articles in the picture start with the letter "H" and cash prizes are awarded to those finding the largest number. Our readers have already won liberal prizes as a result of competing in similar Contests, and there is no reason why some of the awards should not come to residents of this vicinity. Anyhow, there is nothing like trying.

### A RECORD HARD TO BEAT

Miss Geraldine Smith, a student in attendance at the Simcoe Business College since September 2, 1924, succeeded last week in operating a typewriter at the rate of forty-three net words per minute. To acquire so high a speed is less than two months' speaking well for Miss Smith's ability and the thoroughness of her training in the Simcoe Business College. This College has always excelled in the teaching of Typewriting, the most important subject of the Stenographic course. Students are admitted to this school at any time.
