### Advertising Means Success

Any man in any business that depends upon public approval and patronage for its success has a perfectly reasonable method open to him to keep himself and his business before the buying and patronizing public. Advertising is a medium that offers the quickest route to success, and failure to use it consigns the whole proposition to an early failure. If the public is misinformed or uninformed about a great deal that is offered for sale, the reason largely may be discovered in the lack of proper and sustained advertising. Success is not some mysterious element that chance drops in here or there to search this or that person. It is a problem that has been solved, and you will find in nine cases out of ten advertising has been the stepping-stone.

team, can now make it in an hour by motor without exceeding the speed limit. It is fitting, he said, that the County of Haldimand should have a creditable building, such as the importance of the business transacted in it calls for. He gave special and well deserved credit to the Building Committee, and particularly to its chairman, Mr. R. S. Colter, who had devoted so much of his time and energy and all of his great ability to the task of providing a courthouse that every citizen of Haldimand can look upon with pride.

Mr. Warren Stringer, ex-M.P., said that as a citizen he was pleased to come to the assistance of the energetic committee whose program had been glimmering. He noted that in the new building the capacity for prisoners had been cut down, while the accommodation for audiences had been increased, which he considered a hopeful sign. Referring to the roads, he quoted Hon. George S. Henry, Minister of Highways, as having pointed out that the lack of material in Haldimand for building roads was really an indication of the superior character of the soil of the county.

Judge Colter, of St. Thomas, who had entered while Mr. Stringer was speaking, having come straight from the train, was heartily cheered. His address was the feature of the afternoon. Remarking that, after twenty years' absence from the county, many of the faces before him were strange, he expressed his pleasure at being able to attend when, as a result of the indisposition of his wife, he had actually sent in his regrets. Law, he said, must be administered in a dignified, proper and just manner, and great credit is due to those who have provided these facilities in the splendid new courthouse. Public buildings should be not only commodious, but handsome and impressive, and in this respect Haldimand had a courthouse which would compare favorably with any in the Dominion. He contrasted Canadian methods of the administration of justice with those which prevail in other countries, much to the advantage of the former. In Canada there is neither room nor need for the Ku Klux for the British Empire it is proved that established order is the true liberty and that condition must be maintained. Judge Colter recalled the names of some of those with whom he had been associated in the practice of law in the old courthouse half a century ago, of whom Judge Upper is the sole survivor, and he paid a high tribute of praise to the lawyers and judges of the Dominion, who have maintained the honor of the legal profession at so high a standard.

Brief remarks followed from Wey-He Hudspeeth, R. F. Miller, Dr. R. N. Berry, M.P.P., ex-wardens; David Hastings, representing the press, and Mr. S. E. Lindsay, of Hagersville. All agreed that the building was in every way suitable for the purpose for which it was designed, and that those who supervised its construction were deserving of the highest credit, especially Mr. R. S. Colter. The latter was the last speaker, and he expressed his appreciation of the kind things that had been said about him, making also a brief reference to the difficulties he and his committee had encountered and to the steps they had taken to overcome them.

### Unpopular Money

The editor of the Beaverton Express thus expresses his wrath:—  
For a real heart-breaking nuisance there is nothing to outdo the new nickel five-cent piece. Why this internal horror has been inflicted upon an innocent public has not been revealed. As a promoter of profanity and other non-Christian virtues it has no equal. You innocently pass it for a quarter and the recipient brands you for a "beat." You receive it as a quarter and you are filled with disgust at the smallness of the individual who palmed it on you. The collection plates are filled with the obnoxious coin which the faithful pass to the Lord's treasury as quarters. The thing has no virtues and no friends.

## Ontario Electors Must Choose

THE issue of the Plebiscite of October 23rd is: Shall the sale of intoxicating liquor as a beverage continue to be prohibited, or the traffic be re-established and conducted by the Government? Since September 16th, 1916, the legalized sale of liquor for beverage purposes has been prohibited. During eight years the Ontario Temperance Act has wrought a moral, social and economic transformation, gradual but real. A new generation knows nothing of the evils of the liquor traffic before the O. T. A. came into force. Older generations may have forgotten. Think of it! There is not a man or woman 25 years of age who has legally seen the inside of a bar-room or liquor shop in the Province of Ontario. "Booze is banned!" It is a discredited and dishonored outlaw. Now, it wants to come back. It seeks not only re-acceptance, but that the Government itself shall be an active partner.

### Do You Remember?

The old-time Bar-Room and Liquor Shop, with their disgusting sights and sounds and smells;

The staggering, stumbling, drunken men who joined in on the streets and on the cars—particularly on the holidays or at public demonstrations—and who filled our jails;

The poor, battered, bedraggled hulks of men and women—God's children, our brothers and sisters, every one of them;

The destitution, misery, wretchedness, squalor, filth and disorder in many hovels that might, and should, have been homes;

The vice, the immorality, the crime, the debauchery, incited by liquor, that appalled good citizens.

### The O.T.A. Has Made Good

Contrast those conditions with the situation today. The Ontario Temperance Act has brought immeasurable improvement. Drunkenness has decreased. Crime has been lessened. Homes are happier. Children have been given a better chance. Savings Bank deposits have increased. All down the line, PROGRESS has been written into the history of Old Ontario!

### OFFICIAL RECORDS PROVE ALL THIS!

The following table shows that, in Ontario under the O. T. A., there has been a substantial decrease in the offences that are usually associated with drink:

	1914	1922
Assaults	1,627	756
Cruelty to Animals	1,172	256
Vagrancy	4,785	1,587
Keeping and Frequenting Disorderly Houses	882	352
Loiter, Idle and Disorderly	6,411	1,736
Drunkennes	17,785	10,663

### NOTE THE OPINION OF OUR MANUFACTURERS:

"Does Prohibition, under the O. T. A., result in more comfortable homes and better supplies of food and clothing for our children?"

When this question was asked of leading Ontario manufacturers by the Ontario Board of License Commissioners, 1,165, or 82 per cent., answered "Yes," while only 239, or 16 per cent., said "No."

### All Systems of Government Sales Have Failed

So-called "Government Control" has proven a dismal failure wherever tried. Drinking, drunkenness and bootlegging have reached appalling proportions. Every Canadian Province that has tried any form of "Government Sale" has already learned a hard lesson.

Take BRITISH COLUMBIA: Hon. H. H. Stevens, M.P., in a public address in Vancouver recently, declared:

"Never in the history of the country, was bootlegging comparable in magnitude and murderous results to what it is today."

Or, MANITOBA: Figures furnished by the Chief of Police of Winnipeg show an increase of 45 per cent. in the number of

2  Are you in favor of the sale of a beverage of beer and 2 intoxicating liquor in sealed packages under Government control?

drunk and disorderly cases in the first five months under Government Sale, as compared with the corresponding five months of the previous year under Prohibition.

And, finally, QUEBEC: The following resolution was unanimously adopted by the Presbytery of Montreal, April 15th, 1924:

"That we regard it to be a patriotic duty to make it known that the drug traffic flourishes here as never before and is on the increase, bootlegging flourishes in and from this Province is never before, that drunkenness is on the increase and that the Quebec system of Government Control is socially injurious and not a success."

### Ontario Must Hold the Line

If a majority vote for "continuance", it means that we will have a better law more effectively enforced, with correspondingly improved results. The Government, through the Prime Minister, has definitely pledged itself to "strengthen" the Act and "give it active and vigorous enforcement."

If a majority vote for "Sale", it means the re-establishment of the old, discredited Liquor Traffic, in the guise of respectability under a system that makes the Government the landlord and every citizen a partner, acting as sales agent for the brewers and distillers and making profit for them out of the destruction of life and happiness.

The Ontario Plebiscite Committee, uniting the temperance forces of Ontario, calls upon all who love their Province and wish its continued and increasing prosperity and the happiness of its people to VOTE FOR THE LAW that has accomplished its purpose so good, and not for a return of the traffic that has wrought such havoc in the past, and would do it again.
