Back to the Job

The summer is over and the vacation is a thing of the past with most of us—for this year at least. There is something pleasant in coming back from the holiday-making to the dear familiar home-place, back to the daily job with the friends who work by our side, where new duties or, perhaps, the old ones, are waiting for us, and to feel able to take them up with fresh vigor and cheerfulness. The worries that seemed like mountains when we laid them down, have perceptibly decreased, we almost wonder that we ever found them such a burden. We say to ourselves regretfully, "If this feeling would only last all winter, what a blessing it would be, how different life would seem." Why should it not last? Why, when we are in this state of exhilaration with the invigoration of the first fall days, can we not sit down and calmly determine that we will find a way to make it perpetual, and so get more comfort and happiness out of existence than we ever have done before? Hallowe'en! Thanksgiving! Christmas! The season of home fires and reading lamps is just around the corner. Make up your mind to enjoy your job and to keep on feeling just like you did the day you came back from the vacation.

MAKE SURE THEY'RE BOBBED
Dad (strenuously)—"Where were you last night?"
Son—"Oh, just riding around with some of the boys."
Dad—"Well, tell 'em not to leave their hairpins in the car."

Every Government Sale Province is a Bootleggers' Paradise

LIQUOR once sold cannot be controlled. The evil lies in the liquor, not in the method of its sale, nor in the form of the package. This is proven in every Canadian province where government sale, in varying forms, has been tried. With easier access to intoxicating liquor, drinking has increased enormously. More drunkenness and crime associated with drunkenness have naturally followed. Bootlegging—instead of being CURED by so-called government "control"—is flourishing to a degree that makes Ontario's illicit sale seem small and insignificant by comparison. A ghastly failure, serving only to MULTIPLY the very evils it was heralded to cure! That is the story of government sale of liquor in BRITISH COLUMBIA, in MANITOBA, in QUEBEC.

British Columbia and the Bootleggers

The Vancouver World, a newspaper friendly to the government, has declared in an editorial: "British Columbia is the bootleggers' paradise."

The Attorney-General of that province—who is the official administrator of the Government Liquor Control Act—has in a recent speech: "The greatest bootleggers of all are the brewers and export liquor dealers."

Dr. A. E. Cooke, of Vancouver, in The Canadian Congregationalist, asserts: "The Government controls neither the manufacture, importation, transportation, nor exportation of liquor. The distillers and brewers control all these, and the Government simply acts as one of their sales agents, controlling about 50 per cent. of the retail end of the trade. The whiskey ring and the bootleggers control the rest."

Manitoba Sick of "Control" in Less Than a Year

Eleven months after Manitoba adopted its government control system, an open-minded investigator of conditions in that province, sums up the situation in these words:

"I leave Manitoba impressed with the evidence that both wets and dries are dissatisfied with the government control system—the wets because there is no legal sale of beer by the glass and because there is some delay and trouble in getting hard stuff, and the dries BECAUSE BOOTLEGGING AND DRUNKENNESS HAVE GREATLY INCREASED."

The same neutral authority declares: "There is no dispute in Winnipeg about bootlegging. Everybody—dries, wets, moderationists, police, government officials, business men, professional men and round-ers—tell the same story. The unanimous verdict during the week of August 24th, when I was in Winnipeg, was that bootlegging was being carried on on a tremendous scale, that the city was wide open, that the hotelmen had no re-

gard for the will of the people as expressed in the disapproval of sale of liquor by the glass, and that something had to be done."

Quebec under Government Sale Relieves Open Bar Evil

Quebec, with its longer experience in government sale, has drifted still further back to ward the evil days of the open bar. In fact, the only difference between the Quebec "tavern" and the old bar-room is that customers sit down at tables to drink, rather than stand up at a bar!

And while Quebec goes on spending more money for booze than for education (\$2,000,000 annually for liquor and \$26,000,000 for educational purposes), crime is rampant. The Montreal Gazette has recently constrained to declare: "Montreal is a perfect Mecca for evil-doers, with vicious, immoral resorts and gambling joints, the hiding-places of the alien and other criminals from all corners of the continent."

Ontario Has Higher Hopes

Ontario citizens do NOT want THIS province to become "a bootleggers' paradise." They do not want their government to go into partnership with the distillers and brewers, splitting the booze business "fifty-fifty" with bootleggers—which is the best any government has been able to do under "government sale."

The responsible electors of Ontario DO want the happier homes, women and children, made possible by The Ontario Temperance Act. They DO want to defeat the liquor traffic's audacious effort to turn back the clock. They DO want Ontario to be spared the experience of such bootleggers' paradises as British Columbia, Manitoba and Quebec.

In this belief, and with the Government pledged to "give active and vigorous enforcement" of The Ontario Temperance Act, the Ontario Plebiscite Committee asks, with every confidence, that Ontario citizens give the Government an unmistakable mandate on October 23rd.

For the Honor of Old Ontario mark Your Ballot thus:

1	Are you in favour of the continuance of The Ontario Temperance Act?	X
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?

G. B. Nicholson, Chairman

The Moderation League of Ontario

President, Mr I F Hellmuth, K.C

The large majorities in favor of Government Control cast, one after the other, by the Western Provinces of Manitoba, Saskatchewan and Alberta were not made possible by the votes of only those who desired a change for the purpose of personal indulgence. There could have been no adoption of Government Control had it not been for the votes of total abstainers. In Manitoba, after almost a year, only a small proportion of those who voted for Government Control has taken out permits to purchase liquors.

An examination of the figures will further show that very many people who had previously voted for Prohibition had, after several years' trial, decided that the time had come for a change.

Why? Not because it was desired to revert to the old "Bar" system of drinking. Not because there was any question about the universal desire for temperance, respect for law, and decent environment for the children.

Not because the public conscience had become deadened. But Because: There had grown a feeling amounting to a conviction, that Prohibition was not living up to the prophecies of those who had advocated its adoption, and that it was creating evils as great as those it pretended to subdue, but much more difficult to deal with.

Thoughtful men and women do not ignore what they experience and observe. It is generally agreed that a step was taken in the right direction when the public-drinking bar was abolished. But the good of that step has been challenged by the enormous traffic done by the Bootlegger and the huge output of the home-brewer and illicit distiller.

The Moderation League proposes to hold to the good that has been accomplished, but to meet squarely the challenge of the Bootlegger and the Moonshiner.

Prohibition does not frighten the Bootlegger. He created him, and it keeps him alive.

Does anyone doubt how the Bootlegger will vote on October 23rd? Does anyone think that if the Bootlegger could be assured that present conditions would last for, say, ten years he would not greatly extend his business, and become even more daring in his operations?

In the meantime the Bootlegger has grown wealthy and powerful. No matter what is done he will not now be easily abashed. Drinking continues on a scale the magnitude of which is unsuspected by the ordinary citizen, and consequences, which do not fit their way into statistics, but nevertheless disastrous to the individuals concerned and to the community, follow.

The decent, self-respecting and law-abiding citizen has been penalised, but the orgies of the other class, provided they are conducted with sufficient secrecy, have remained unchecked.

The Province is also losing the huge revenue which those who desire to use liquor, properly and moderately, are willing to pay for the privilege.

Can the Province afford to lose this revenue? Can it continue to ignore the conditions being created on every side?

The answer lies with the electorate.

With many of the ideals of Prohibition the Moderation League of Ontario is in entire sympathy. The only motive underlying the activities of the League is that of a sincere desire to promote the interests, social, financial, and moral of the Province. There is no wish to provoke controversy or ill-feeling. Appeal is made to the experience and observation—not to the passions and prejudices—of the people of Ontario. It is contended that there exist sufficient grounds obvious to anyone who does not willfully close his eyes to them and regarding which there is no difference of opinion, to justify the position taken by the League.

Altogether, the time has come for a change.

Government Control can be had by marking your Ballot as follows:—

1	Are you in favour of the continuance of The Ontario Temperance Act?	
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?	X
