COUNTY LIVE STOCK JUDGING

(Continued from Page 2) part in the competition. The live stock for the competition was supplied by the following farmers: Heavy Horses—Mr. N. Last, Mr. R. West and Mr. Jos. Armstrong. Sheep—Mr. Elgin Brault. Beef Cattle—Mr. H. R. Parsons. Dairy Cattle—Mr. S. A. Best. Swine—Mr. Jesse Link. The young men taking part in the competition conducted themselves in a very gentlemanly manner by paying strict attention to all the lectures and displaying keen interest in the competition. The office appreciates the valuable co-operation of the County Council, the donors of the cups, the farmers who supplied the stock, and the young men who took part in the contest. They were all instrumental in making the annual event a real success. While the prizes were valuable, still the main object of the contest was to encourage young men to keep better live stock on their farms. We believe that we have succeeded in influencing those who took part in the competition that it pays to keep nothing but the best live stock. As a result of the County Contest, the following contestants have been selected to represent Haldimand County in the Inter-County Live Stock Judging Competition at the Guelph Winter Fair on Monday, November 10th:

J. Lorne Stringer, Dunnville. Henry Wadsworth, Jarvis. Harold Fulson, Attercliffe. Gordon Hall, Caledonia. Ivan Schwyer, Hagersville. At the Royal Winter Fair, Toronto, the following contestants have been selected to represent Haldimand County in the Inter-County Judging Competition which is being held at the Coliseum, Exhibition Grounds, on Monday, November 17th: Ben Petch, Caledonia. Russell E. Hare, Nanticoke. Sidney Rank, Hagersville. Blake Köhler, Cayuga. George Lint, Cayuga. Five names have been entered for each competition. The first three men will represent the county. The fourth man is the first spare and the fifth man is the second spare. If anything should happen which would make it impossible for any one of the first three to take part in the contest, the fourth man will be selected. The second spare is held in reserve in case of necessity. The spare men

will not go to Guelph or Toronto until they are advised by the Agricultural Office at Cayuga, unless they wish to go independent of the team. However, they are advised to keep in training in case their services are required. C. C. Main, Agricultural Representative.

46th Year

INTERNATIONAL TO BE

The quarter-centennial of the International Exposition at Chicago, 1893 to December 6th, 1923, is being commemorated by a history-making occasion according to B. J. B. Stewart, Manager of the show.

The social side will emphasize this year. Unions and banquets with an unusual opportunity for friends from all parts and renew old acquaintances and business interests of arranged unusual entertainment for guests at during International week. The live stock contest prior specimens of sheep and swine prominent rare sporting character of the previous champion retired and the winners expected to include numerous horses.

The Grain and Hay Show to be an exciting battle the relative merits as regions of the various continent will be fought over five thousand small plots of grains, small Some portions of North enjoyed favorable conditions and others have suffered reasonable weather, but can be equalized by dividing into zones.

The Agricultural College experimental Stations are making interesting and valuable investigations in many fields. The subjects include many of timely importance as the best use of manure, corn crop.

A Junior Live Stock test will be held on the between the various states teams for national the young boys or girls the highest individual award agricultural co-ops by the Chicago Commerce.

A feature of the night this year will be the claime four-horse hitch which lack in social favor in abroad. A busy week and entertainment is promoters to the International Exposition at Chicago.

PHENOMINAL VA FOUND IN HO

The reported strike Hollinger mine of another ore, eight feet in width to assay \$800 to the ton considerable excitement among men, who state that strike unquestionably placing in the front rank a richest gold mine.

The Hollinger Consolidated the first half of the year come of well over \$60,000 ing the aggregate income 000,000, and it is believed production for the year greatest of any mining where.

An important feature income has been derived ing operations largely co depth of 800 feet, whereas reserves, known to last for many years, and above the 800-foot level.

Development operations carried to nearly 2,000 feet without indicating any geological structure and of mineralization.
