FURE RET BLOOD EANS GOOD HEALTH

Also it Means Bright Eyes, Red Lips and Rosy Cheeks.

The lack of sufficient red, healthdving blood does not end merely in ale faces and lustreless eyes. It is much more serious. Bloodless people are the tired, languid, run-down folk who have no enjoyment in life. They have heart palpitation, headaches and sectaches, no appetite, sometimes fainting spells, and always nervousness. Just a little more rich, red blood and these troubles vanish. To get this w, rich red blood Dr. Williams' Pink ills are just the thing you need. That why these pills have a world-wide jutation as a blood and nerve tonic. fineng those who have proved the truth of these statements is Miss Annie M. Bionski, Woodbridge, Man., who says: -- "I became very weak and nervous, had pains in my side and back and suffered from frequent sick headaches. I was hardly able to do anything about the house and would awake with a start at night, with my heart pounding violently. If I walked upstairs I would be breathless and my heart would flutter rapidly. I used doctor's medicine but it did not do me any permanent good. Then I was advised to take Dr. Williams' Pink Pills and decided to try them, and I can only say that they did wonders for me. I am now well and strong again and able to do all my work, and this is all due to Dr. Williams' Pink Pills. I have recommended the pills to others who have taken them with equally good results."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

When the trees are bare, days begin to get shorter and cooler, the ground is covered profusely with brown and russet red leaves, and an atmosphere of contentment seems to settle down. The hurrled frenzy for summer sports is allowed to subside. There is a universal desire for "something different."

Hunting seems to be exactly the thing, and in Canada this sport is becoming more popular each succeeding year. Strong, powerful horses, known as Irish hunters, are being brought here for that purpose. These horses are noted for their stamina, speed and beauty. Long slim bodies, wiry tapering less, there is

in them the heart of the hunter who never gives up. Thomas Lawton, of Cork, has shipped four specially selected Irish horses recently, by the Canadian Pacific liner Metagama, the second shipment to Canada within the last few months.
