INTERESTING ANNOUNCEMENT

Word comes from Montreal that that great family and farm paper The Family Herald and Weekly Star has been enabled to reduce its subscription price to One Dollar a year. This certainly will be interesting news in every Canadian home where the Family Herald is known and to many who will avail themselves of the offer. At Two Dollars a year The Family Herald and Weekly Star was generally admitted to be good value, in fact big value, but when reduced to One Dollar a year it will certainly be the marvel of the newspaper world.

Canada is proud of that great Weekly, and has every reason to be so, as it has no superior and few equals in the world today. The Publishers announce that notwithstanding the change in price every feature will only be maintained but improvements will follow. The Publishers are fortunate in being in an financial position to do this, and Canadians homes will have the advantage. When the new rate is made known it certainly will bring a rush of subscribers to the Family Herald. One Dollar is a small amount for such a great paper.

DECEMBER ROD AND GUN

A wealth of good sporting and hunting reading matter leavened with a good fiction story, The Way of a White Man, is contained in the December issue of "Rod and Gun," the magazine of the Canadian Outdoors, which has just been published. In addition to regular features of the magazine being in keeping with the period of the year, the other articles are very timely and along the Snowshoe Trail in W. C. Motley's Outdoor Talk is particularly seasonable. Another refreshingly humorous cartoon by James Frise also appears.

An interesting article in connection with the increasing interest in fur farming is Bonycastle Dale's contribution. The Life of the Black Fox, dealing with the animal in captivity.

A significant note in the matter of the protection of game is struck in the December editorial and the publication of the syllabus of the British Columbia Game Protective Association. The development of a Dominion wide protective association seems to be becoming more concrete. Published by W. J. Taylor Limited, Woodstock, Ont.

Perfect Sleep

HAVE you ever considered the significance of perfect sleep? Haven't you often wondered why, after hours of sleep, you should wake tired and unfit?

It is evident that to get perfect rest you must sleep well, as well as long enough.

Plenty of fresh air, silence and pleasant bedroom furnishings are aids to sound sleep—but leading health authorities are agreed that the greatest factor in producing really restful sleep is complete muscular relaxation.

Only when you are completely comfortable can your muscles relax and allow you perfectly restoring sleep—And of course your sleeping comfort depends on your mattress.

A mattress that has brought new sleeping comfort to thousands of troubled sleepers is
