SMOTHERING THE ENEMY—'ALL BLACKS' STYLE
The "All-Blacks," famous New Zealand Rugby team, is to tour Canada, sailing from Liverpool on January 24th aboard the "Montaurier" and travelling via Canadian Pacific lines. At Vancouver and Victoria they will play Canadian teams. They did not lose a game on their recent tour of the Old Country and France. The photograph taken in the match against Cardiff gives an excellent impression of the deadly "All-Blacks" team-work.

HEALTH EDUCATION
BY DR. J. J. MIDDLETON
Provincial Board of Health, Ontario.
Dr. Middleton will be glad to answer questions on Public Health mat-
ters through this column. Address him at Spadina House, Spadina
Crescent, Toronto.

Child welfare is a big subject. It has to do with all phases of child life and the general happiness and health of children. It has to do with every-thing that affects their vitality either directly or indirectly. With a little thought one can understand what a wide subject child welfare is. It goes back to the beginning of things and takes into consideration the health of the parents as well as of the children. There is something in heredity. As a child often inherits the looks and physical appearance of the parents, so it inherits some of their health characteristics and their freedom from or susceptibility to certain dis-eases or weaknesses. Child welfare includes all this and more. It, in fact, can be defined as "everything to do with the child." It includes every pos-sible provision for children before and after birth; before, during and after school age; and into adolescence and suitable employment. Child welfare work includes the care of those chil-dren who are destitute, neglected, delinquent, abnormal in mind and body, orphaned, badly born, deprived of nat-ural relationships and support. Pro-tection must also be given to normal children, for the great aim of preven-tive medicine is to keep well children well. This great purpose of preventive medicine, of course, applies to adults as well as children, but it is to chil-dren that we are especially directing our thoughts at the present time. It is, therefore, the duty of all who are interested in Child Welfare to remove all sinister influences which militate against perfect growth and develop-ment. These influences include not only environment and general up-bringing as regards children, but also the condition of their physical health, their freedom from any condition that

WOMAN'S HEALTH WHEN FORTY-FIVE

A Critical Period When Dr. Williams' Pink Pills Are a Real Blessing.

At special periods a woman needs a medicine to regulate her blood supply, or her life will be a round of pain and suffering. It is at such times that Dr. Williams' Pink Pills are worth their weight in gold, for they make the new rich blood that banishes the symptoms of distress that only women know. The better blood that comes with the use of these pills strengthens every vital organ and brings womanly health and happiness. This is fully proved by the case of Mrs. G. Wit-thuhn, Arcola, Sask., who says: "I am one of the many for whom Dr. Williams' Pink Pills have done won-ders. About three years ago I was so weak that I could not do my house-work, or even go about without feel-ing utterly worn out. The doctor sug-gested that an operation was the only thing that would help me, but this I refused to undergo, and I returned home almost in despair. My trouble was all due to the lingering change of life. At this stage I read an advertise-ment of Dr. Williams' Pink Pills and decided to try them. By the time I had used six boxes there was no doubt they were just what I needed, and under their continued use for some time my health was fully restored, and since that time I have been in the best of health. I am writing this letter in the hope that it may induce some other suffering woman to use Dr. Wil-iams' Pink Pills and regain her health."

These pills are sold by medicine dealers or will be sent by mail at 50c a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Stars in Pairs.
There are many stars that are dou-ble, says Nature Magazine. That is, they are made up of stars revolving around one another. Most of these pairs are of contrasting colors, one blue and the other gold, or one red and the other green. Albireo is con-sidered to be one of the finest of the pairs that are visible in small tele-scopes.

A Wonderful Hat.
Miss Gush—"I want you to see my new hat. My friends say that I look well in it."
Miss Rush—"I am anxious to see it. It certainly must be a wonderful hat."

Chinese Exports.
Exports from the Chinese province of Chihli include feathers, goats' beards, fox tails, licorice, human hair, pig bristles and lanterns.

EASY TRICKS
The Disappearing Tumbler

This is a favorite trick with sev-eral professional magicians. If you will practice it, you will discover that it will make a veritable sensa-tion when you perform it. It is per-formed while the performer is seated at the dinner table.
A coin is borrowed and marked and is placed on the table in front of the performer. A tumbler is in-verted over the coin. A sheet of newspaper is placed over the tum-pler and is moulded to its shape. The performer makes a few mystic passes over the hidden tumbler and lifts it, seemingly surprised to dis-cover that the coin has not van-ished. He repeats the perfor-mance. Again the coin does not vanish.
"This time it has got to go!" he exclaims. "One! Two! Three! Go!" As he says "go" he strikes the tumbler with his open palm. No harm is done, however, for the paper collapsed. The tumbler has vanished! The coin is still there—its mission being merely to mis-lead the spectators as to the pur-pose of the trick.
The secret is simple. The sec-ond time he lifted the tumbler all eyes were on the coin. The mag-ician took advantage of this to let the tumbler slip out of the pa-per into his lap. The moulded pa-per, holding the form of the tum-pler, looks exactly as it did and the absence of the glass is not sus-pected. The magician makes a sort of runway of his legs and lets the tumbler slide, noiselessly to the floor. When he strikes the paper, he gives the tumbler a shove with his foot so that when it is dis-covered it will be as far away from him as possible.
(Clip this out and paste it, with other of the series, in a scrapbook.)
World's Storehouse.

Mexico is often referred to as the "storehouse of the world" because of the great fertility of its soil and its almost inexhaustible natural re-sources. Humboldt, the German na-turalist, nearly a hundred years ago spoke of Mexico as the "treasure house of the world." Although still undeveloped, Mexico is one of the most richly mineralized regions of the earth.
Imagination, Reason and Good Judgment.
Look ahead! Think! Plan! Dream. And have faith in your dreams. For out of dreams grow empires. Let imagination be the architect of your future. But do not forget that reason and good judgment must be the actual builders of it. Without their service your plans will never be anything more than plans.
The safe way to send money by mail is by Dominion Express Money Order.
Romance in Transportation.
Probably the most romantic chapter in Canadian history is the one which has to do with transportation. First there was the pack horse, then the ox-cart, finally the wagon. Now the modern locomotive and automobile lead the list.

TEA "is good tea"
And most grocers recommend it

Frontier College.
The Frontier College, established by the Canadian government to educate the workers in the lumber and con-struction camps, is generally known as the University in Overalls. Since its beginning it has sent more than seven hundred instructors into camps in different provinces, and each year approximately fifteen hundred men re-ceive instruction in some kind of school work. The founder writes: "Education must be obtainable on the farm, in the bush, on the railway and in the mine. We must educate the whole family wherever their work is, wherever they earn their living, teach-ing them how to earn and at the same time how to grow physically, intel-lectually and spiritually to the full stature of their God-given potential-ities."

His Hearing Restored.
The invisible ear drum invented by A. O. Leonard, which is a miniature megaphone, fitting inside the ear en-tirely out of sight, is restoring the hearing of hundreds of people in New York city. Mr. Leonard invented this drum to relieve himself of deafness and head noises, and it does this so successfully that no one could tell he is a deaf man. It is effective when deafness is caused by catarrh or by perforated or wholly destroyed natural drums. A request for information to A. O. Leonard, Suite 487, 70 Fifth avenue, New York city, will be given a prompt reply.
The ship encircles the earth of one's own effort and fetches back a cargo only in return for one sent out. Call it trading if you will. I call it "God's law of compensation." It is as abso-lute as gravity's law itself.—O. S. M.
Court-plaster, used to cover a wound, will be much more comfortable and less likely to draw, if it is pricked all over with a fine needle before being applied.

CUTICURA HEALS ITCHY PIMPLES
On Face, Neck and Chest.
Were Hard, Large and Red. Lasted Six Months.
"My trouble began with pimples on my face, neck and chest. The pimples were hard, large and red and feasted and itched very badly, especially at night. The irritation caused me to scratch and the scratching caused eruptions. The trouble lasted about six months. I began using Cuticura Soap and Ointment and they afforded relief, and after using one cake of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) Miss Harriet Gusdorf, 617 S. Elm St., Spokane, Wash., June 4, 1923.
Cuticura Soap daily, with Cuticura Ointment occasionally, prevents pimples or other eruptions. They are pleasing to use, as is also Cuti-cura Talcum, an excellent deodorant.
Sample Each Free by Mail. Address Canadian Depot, Cuticura, P. O. Box 2616, Montreal. Price, Soap 25c, Ointment 25c each. Talcum 25c. Try our new Shaving Stick.

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.
Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to avoid the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

NERVOUS BREAK-DOWN
Pains in Back and Legs Re-lieved by Lydia E. Pinkham's Vegetable Compound
Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Medicine in turn with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testi-monial."—Mrs. J. SHEPHERD, 130 Joe Janisse Avenue, Ford, Ontario.
Nervousness, irritability, painful times, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.
ISSUE No. 5—25.

A DANGEROUS SEASON FOR THE LITTLE ONES

Winter—with its extreme changes of temperature—one day warm and bright, the next cold and stormy, is decidedly dangerous to the health of little ones. The mother is afraid to take the children out for the fresh air and exercise they need so much. The children are cooped up in over-heated, badly ventilated rooms and in conse-quence many of them are seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They are a sure regulator of the stomach and bowels and in this way drive out constipation and indi-gestion and break up colds or grippe. By their use baby will be aided over the winter season with perfect safety. The Tablets are sold by medicine deal-ers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brock-ville, Ont.

War Holds Up Soy Beans.
The export of soy beans from China is threatened by the present warfare, which involves Manchuria, the chief centre of soy bean cultivation.

The Known Fact.
Wife—"They say it takes nine tail-ors to make a man—I hope that isn't so in your case."
Hubby—"I can't say; but I can tell you for a certainty one dressmaker can break me."

Alligators by Air Mail.
One of the strangest "parcels" ever sent by air arrived at Croydon recent-ly in an aeroplane from Amsterdam, says a London newspaper.

The "parcel" consisted of six baby alligators, in a special tank, the tem-perature of the water in which had to be kept at 70 degrees Fahrenheit. If they had been sent by any other way the journey would have taken so long that there would have been a risk of a drop in the temperature of the tank that would have proved fatal to the infant saurians.

Throughout the trip a special attend-ant was watching over the comfort of the reptiles, who seemed none the worse for an adventure that was sur-ely new to the experience of their kind.

But Seldom Is.
Many a man who has made a failure of everything else imagines he is a success as a husband.
Parents usually appear infallible in their children's eyes. And that is as it should be.
