## NORWEGIANS TO GATHER AT TWIN CITIES

Fifty Thousand Canadian-Norwegians Will Attend Norse-American Centennial at Minneapolis and St. Paul in June.

King Haakon, President Coolidge and Lord and Lady Byng Invited.

Professor Ole Bothne

In June next, between three and four hundred thousand Canadians and Americans of Norwegian origin will gather at the twin cities of Minneapolis and St. Paul to celebrate by a great national gathering the hundredth anniversary of the landing in America of the first organized party of Norwegian settlers on the Continent. It was in 1825 that the little sloop Restaurationen, of 45 tons, set sail from Stavanger carrying a little band of adventurers who settled in New York state and ever since that time there has been a steady stream of newcomers to this continent from their homeland.

The coming gathering and its purposes were recently discussed at the head offices of the Canadian Pacific Railway, Montreal, by Professor Gisk Bothne of the Minnesota state University at Minneapolis. The professor stated that the Legislature of Minnesota had endorsed the gathering and had forwarded through the Secretary of the State of Washington invitations to President Coolidge, King Haakon of Norway and the Governor General of Canada. President Coolidge had already given assurance that they will attend. It is expected that about 50,000 Norwegians now living in Canada will attend the Norse-American Centennial.

The gathering will be opened on June 6 next and about forty "Bydelags" or Norwegian Clubs will hold meetings during the first day. On Sunday June 7 the Bishop of Oslo, which until recently was known as Christiania, will hold a divine service and the succeeding days will be given up to meetings, field sports and musical competitions, and an historical pageant depicting the Viking activities of one thousand years ago and the history of Norwegians at home and abroad up to the present time, portraying their contributions to civilization, in discovery, science, agriculture, industry and commerce in art and literature will be staged. The costumes will be magnificent and in brilliancy of technique, in magnitude and splendour the whole array will rival anything of its kind that has heretofore been produced. The other features of the Centennial are being prepared on the same elaborate scale.

It is already arranged that a large delegation from Norway's parliament will be present and there is some hope that the Norwegian Crown Prince may attend. Five Norwegian-American universities are closing for the summer early so that their faculties and students may be present. Professor Bothne pointed out that the Norwegians had done much in the building up of the central western states and their influence was shown by the fact that the governors of no less than five states were of Norwegian birth or descent. It has been proposed that the Canadian Department of Colonization shall have an exhibit at the convention.

In the course of the interview professor Bothne stated that undoubtedly the new United States immigration laws would result in large numbers of Norwegians coming to this country during the next few years.

## RULES CANNOT COLLECT PENALTY

The case of Fletcher vs. Township of Townsend, in which the plaintiff sought damages and an injunction restraining the township tax collector from enforcing payment of a penalty of five per cent. added to the taxes after December 14th last, was argued before His Honor Judge Boles on Saturday, January 31st.

It was urged by the plaintiff's solicitor that because the 14th day of December fell on Sunday, the plaintiff had all day Monday the 15th in which to pay his taxes. He had tendered the money, without the penalty, in payment of same, at three different places in the village of Waterford on December 15th, but in each case he met refusal owing to his unwillingness to pay the prescribed penalty.

In handing down his decision, Judge Boles did not state whether the plaintiff was entitled to make payment, without the five per cent. penalty, on Monday the 15th. He held that the township bylaw under which it was proposed to collect the penalty was not drawn in such a manner as would cover the provisions of the statute in this behalf, and therefore there was no legal bylaw under which any penalty could be collected for non-payment of taxes within a certain time. The township by-law, it was pointed out, was deficient and faulty in several respects.

Plaintiff had asked for an injunction to restrain the sale of his goods which were seized to satisfy the township's claim. The motion for injunction was not granted but the court suggested that the matter end without further trial upon certain terms. Meanwhile the seizure has been abandoned.

Mr. Grass of Waterford appeared for Mr. Fletcher and Mr. W. E. Kelley, K.C., represented the township of Townsend.

## POSTING OF NOTICES IN POST OFFICES

Palmerston, Feb. 19.—A ruling the Postmaster-General's Department has just been made known here, and will affect free advertising to a large extent in this district. The ruling prohibits the posting in the postoffice of lost, found, strayed; stolen, charitable and religious institution notices, stating further that this action has become necessary in order that the official notices of the department may receive the individual attention which the public interests require.
