### Here and There

Record catches of mackerel are reported from Yarmouth, N. S. and nearby fishing villages. One man at Cranberry Head took over 150 barrels of fish from one trap and another fisherman at Burns Point reported over seventy-five barrels from a single trap.

Thirteen ships with a total of 7000 head of Canadian cattle left Montreal during May and three more ships left during the first week of June. Canadian cattle are now stated to be in strong demand in the British market despite Irish and English competition.

The reconstructed Basilica at St. Anne de Beaupre which was destroyed by fire in 1908 will be open to the public on the second Sunday in September according to a recent report and it is expected that the huge pilgrimages to the famous shrine will shortly be resumed.

A remarkable wave of interest in Canada is sweeping Great Britain at the present time and all sorts of information is being sought by British firms as to conditions in the Dominion according to F. W. Mottley superintendent of the Dominion Express Company of Canada for Europe who arrived here recently for a trip across the country.

Canada's third largest industry, its tourist traffic showed an increase of 69,000 in the National Parks for 1924, according to a report issued by Commissioner J. B. Mackin. Hunt and Lake Louise, in the Rocky Mountains, showed a combined advance of 15,000 visitors. At Banff 1,000 camping permits were issued.

Robert E. Barlow, manager of Walter Hagen, announced that the British Open Championship winner will make a golf tour of Western Canada this summer visiting Winnipeg, Regina, Calgary and the famous Rocky Mountain course at Banff. Hagen has won the British Open Championship twice and the United States Open Championship once.

Arrangements have been completed for staging the biggest Indian Pow-wow ever held on the North American Continent at Macleod, Alberta, early in July. Thousands of Indians from the Bloods, Blackfeet, Peigans, Crow, Gros Ventres, Sioux and representatives from the Six Nations, in the East will take part in the historic and picturesque pageant.

A Canadian Pacific Railway freight train was recently held up near Lemberg, Sask., by a swarm of tent caterpillars which interfered with the functioning of the drive wheels on the greasy rails, where the insects had gathered in millions. All efforts to plow through or remove the swarms were unsuccessful and no progress could be made until half the cars were discharged.

### YOU NEED THAT VACATION

Busy men are apt to put off much needed vacation, but it pays to take time off at least once each year.

On these summer days there is nothing so restful and so enjoyable as a trip on cool Lake Erie. Steamers of the C. & E. Line, the Great Ship "SEEAANDBEE" and her sister-ships, the "City of Buffalo" and "City of Erie," operating daily between Cleveland and Buffalo carry thousands of passengers each year, some on business bent and a vast number seeking and finding pleasure.

Travelers may leave Cleveland or Buffalo on C. & E. Line Steamers any evening at 9:00 (Eastern Standard Time), enjoy a night of refreshing sleep on Lake Erie and arrive at destination the following morning at 7:00.

Automobile tourists, too, will find this a delightful way of relieving the monotony of long overland tours, and each year a great number of motorists make use of this popular "save a day" car-by-steam service.

### JULY "BOB AND GUN"

Bright stories and articles appropriate to the summer months feature the July number of "Bob and Gun in Canada," a typically sensational story being the first one in the issue, from Fort Francis to Windigo, by M. Martin McVey, which is an interesting account of a canoe trip in the Rainy River district. Fishing is a prominent pastime of the season, and for the lover of the angle, there is a heap of good reading material in the regular Fishing Notes by Robert Page Lincoln and a Dissertation on Angling of great merit by D. King Hagen.

Among the stories is one from the well known pen of H. Mortimer Batten, a nature story called The Nomads of Aura Lake. The regular departments by Bonnycastle Dale, F. V. Williams, Martin Hunter, J. W. Winslow and Guns and Ammunition by C. S. Landis show their usual high standard. Outdoor Talk contains many useful wrinkles for the camper, and the Kennel Department is a full and comprehensive one.
