YOU NEED THAT VACATION

Busy men are apt to put off much needed vacation, but it pays to take time off at least once each year.

On these summer days there is nothing so restful and so enjoyable as a trip on cool Lake Erie. Steamers of the C. & E. Line, the Great Ship "SEANDUEE" and her sister-ships, the "City of Buffalo" and "City of Erie," operating daily between Cleveland and Buffalo carry thousands of passengers each year, some on business bent and a vast number seeking and finding pleasure.

Travelers may leave Cleveland or Buffalo on C. & E. Line Steamers any evening at 9:00 (Eastern Standard Time), enjoy a night of refreshing sleep on Lake Erie and arrive at destination the following morning at 7:00.

Automobile tourists, too, will find this a delightful way of relieving the monotony of long overland tours, and each year a great number of motorists make use of this popular "save a day" car-by- steamer service.

JULY "ROD AND GUN"

Bright stories and articles appropriate to the summer months feature the July number of "Rod and Gun in Canada," a typically seasonable story being the first one in the issue, From Port Francis to Windigo, by M. Martin McVey, which is an interesting account of a canoe trip in the Rainy River district. Fishing is a prominent pastime of the season, and for the lover of the angle, there is a heap of good reading material in the regular Fishing Notes by Robert Page Lincoln and a Dissertation on Angling of great merit by D. King Hazen.

Among the stories is one from the well known pen of H. Mortimer Batten, a nature story called The Nomads of Aura Lake. The regular departments by Bonnycastle Dale, F. V. Williams, Martin Hunter, J. W. Winslow and Guns and Ammunition by C. S. Landis show their usual high standard. Outdoor Talk contains many useful wrinkles for the camper, and the Kennel Department is a full and comprehensive one.
