is going to take the responsibility. That is the question I would like to have settled in my mind. What would be the issue in the next campaign if we were to put the Government out of office on this vote? Would it mean that we were in favor of a higher tariff or in favor of a lower tariff? That is a question for hon. gentlemen to try settle one way or the other.

7,300 Days
Is the Average Life of a
MELONTE
Cream Separator

They last for twenty years or more and clean as cleanly than, as when new. Why? Because the suspended bowl removes vibrations. You cannot afford to waste cream by having it in the skim milk when the Melonte costs but one and a quarter cents per day to own.

Your daily loss may be ten times this amount. Better stop it right now before the heavy milking season starts, when your loss will be greater. Get a genuine Melonte without delay.

A Disc Clutch
that never needs oil

THE new Chevrolet has a new, improved dry-plate disc clutch that needs no-lubrication. It has no internal adjustment. It has a positive, smooth action that makes gear shifting easy. A light pedal pressure operates it, yet it has more than a thousand pounds pressure action delivering all the power to the rear axle without slippage. It is fully enclosed.

This is but one of the many quality features of the new Chevrolet that are daily making thousands of people ask: "How can they produce such fine cars to sell at such low prices?"

— THE "BARNET" IS THE BEST —
"Stored Food Must Be Ventilated"

Pure food requires perfect refrigeration and perfect refrigeration is impossible without ventilation. No matter how cold you keep your food, if the odors and gases cannot escape, they cause contamination, souring, spoilage. You have experienced it—fishy butter, tainted milk. All these mean waste, so much money thrown away, and more, they constitute a menace to the kiddies, to father and to you. They spell D-A-N-G-E-R. A Barnet solves the problem. You pay for a "Barnet" anyway — why not own one?
