## NANTICOKE CLUB WINS IN SEMI-FINAL DEBATE

WILL MEET WINNERS OF NORTH OXFORD-RENFREW DEBATE IN TORONTO

The semi-final debate to decide the Provincial championship in the Oxford-Renfrew debating league was held in the town hall, Nanticoke, on Friday evening, November 6th.

The subject of the debate was: "Resolved, That the Township School Board Should Replace the Present School Section Board." The affirmative side was upheld by Miss Stewart and Miss Porterfield, representing the Township School Board, and the negative side by the Nanticoke True Canadian club of Haldimand County.

The speakers on the affirmative side told of the need of reform, of the inadequate teachers and equipment in some parts of the province and of the unequal rate of school taxation. They told of the successful workings of township school boards in the U.S.A., Denmark and England. They advanced arguments to show that the local board had little interest in the children; that with a township board there would be more efficient teachers hired; better equipment; school section boundary disputes would be settled. They told of the benefits of larger schools and of a high school in each township.

The negative speakers refuted many points brought out by the affirmative side, and challenged them to cite one case where the township board would exceed the local board in economy and efficiency. The township board was criticized as being out of touch with local problems; as large, unwieldy and cumbersome, and likely to favor one section at the cost of another. It was shown that a school section just completing building and paying for a new school house would be forced to help pay for the building of a new school for a less enterprising school section. The negative speakers showed that a township system was introduced nearly a hundred years ago and every attempt since then to install it has proven a failure, and that the overwhelming vote at the School Trustees convention in Toronto this spring, was ample proof that it was very unpopular.

Miss Dykes, of Crinon, acting as judge and critic, gave an interesting and educating criticism. She awarded her decision in favor of the negative side, mainly because the affirmative side read their notes and did not have as smooth a style and delivery as the negative speakers. She criticized both sides for lack of arrangement, thoroughness of argument and clearness of division between arguments.

The Nanticoke club will meet the winners of the North Oxford-Renfrew debate in Massey Hall at the convention. The winners of this debate will hold the Burnaby cup for one year.

Mrs. W. R. Hodges and Miss Dorothy have returned from Hamilton, where they were visiting friends over the holiday.

W. J. Saunders and family moved last week from the farm on Concession 3 and are now settled in their new home purchased from Robert Wilson on the Highway east of Jarvis. Mr. Saunders has been very active in all our community interests. He and his family will be much missed in this locality.

Mr. Geo. H. Morning has moved onto the farm south-west of the village known as the Arthur Low farm. Mr. Morning was very popular and influential in Ancaster, where he lived for some years before coming among us and we welcome him most heartily into our community.

Mr. and Mrs. B. Bystrom are moving to Pt. Dover, where they will follow their professions of teaching violin and piano. We are sorry to lose these good people from our midst.

Mr. Fred Vokes, of Queens University, Kingston, and Miss Ina Vokes, of the Hamilton Normal School, were home for Thanksgiving.

The largest apple orchard in Haldimand County is owned by Mr. Fred Lindsay of this place. The crop is excellent this year and Mr. Lindsay is busily engaged these days in packing and shipping his fruit for the export market.

The completion of the stone road through the village and to the north two miles where it joins the stone put down a few years ago, links us up with all the provincial highways and puts our village on the map for the fall and spring season during which we have been somewhat isolated on account of the famous Walpole clay, which without paved roads has made motor traffic impossible in the past at this time of the year.

Our local fishery, owned by A. B. Hoover & Son, has had some splendid catches of whitefish this fall.
