BURGLARS ENTER MILLER BROS. STORE

GOODS TO THE VALUE OF \$600 TAKEN FROM STORE EARLY MONDAY MORNING

Early Monday morning thieves entered Miller Bros. store and made a get-away with goods consisting of their entire line of men's coats, six ladies' coats, underwear, rubbers and shoes and other articles, to the value of about \$600.

The boldness of the robbers was evidenced by the fact that entrance was gained through the front door, which was pried open, and the vehicle in which the goods were carried away had been backed up right to the door.

As soon as the robbery was discovered the police were communicated with and detectives are now working on the case. It is thought probable that in making their get-away, they headed for Hagersville, as Marshall Roberts, gateman, found one of the stolen ladies' coats on the railway crossing as he was in the act of taking down the gate lights.

This is the second robbery Miller Bros. have suffered within the past two years and general regret is expressed at their recent misfortune.

MEETING OF JARVIS W. I.

The October meeting of the W. I. was held at the home of Mrs. R. McCarter, with the president in the chair. The meeting opened with the Institute ode, followed by all repeating the Lord's Prayer. The minutes of the September meeting were read and adopted. It was decided to send two delegates to the convention at Toronto, Nov. 18th and 19th, Mrs. H. Guilmer and Miss Cullen.

A report of the meeting held at Nelles Corners was given by Miss M. Cullen. We were then favored with an instrumental selection by Mrs. A. Miller. Mrs. T. Guilmer then read a paper on "Tact." Miss Edith McCarter gave a paper on "The Maximum Good From the Minimum Outlay of the Home Budget."

The roll was called, showing 19 members and four visitors present. It was moved by Mrs. Abraham and seconded by Mrs. Blight, that we pay the 5c fee per member to help defray expenses in sending the girls that did the judging at Toronto fair. The matter of assistance in a certain field was then discussed and it was decided to take \$10 out of the funds for the work. The meeting was closed with the national anthem. Lunch was served and all spent a social half hour.

NANTICOKE CLUB WINS

IN FIRST PROVINCIAL DEBATE FOR BURNABY CUP

The first debate in the provincial series for the Burnaby Cup was held at Eastwood schoolhouse on Friday, October 9th, between the Nanticoke True Canadian Y. P. O. Club, representing Haldimand, and the U. F. W. O. Club of Eastwood, representing South Oxford.

The subject of the debate was: "Resolved, That Our Prison System Be Changed So As To Make It Reformative Rather Than Punitive." The Nanticoke debaters, represented by Carroll Lindsay and Miss Minnie Gamble, upheld the affirmative side; Miss Sebell and Miss Pearson represented the Eastwood Club on the negative.

In explaining the subject, the Nanticoke debaters showed that the reformatory system was based on correction and the punitive system tried to control crime by inflicting mental and physical injury. They told of the strict sentences and horrible treatment of criminals 1000 years ago.

They quoted statistics to show that in the U.S.A. in 1910 there were over 700,000 criminals—the cost of their arrest, trial and maintenance—was one-tenth of the total cost of taxation and greater than any other item except education, and the damage done by them was estimated at from one-half to a million dollars. The affirmative speakers showed that in the study of the causes of crime that the three great causes, according to "Hayes," in sociology were heredity, environment and acquired traits. That of thousands of prisoners examined an appalling percentage were of epileptic, suicidal, insane and alcoholic heredities, and only 4 to 5 per cent. were of healthy parents. The reformatory system was to be based upon the following points: 1, physical examination of prisoner; 2, mental and physical history of the prisoner and parents; 3, environment of accused; 4, sentence based on these findings coupled with the nature of the crime; 5, separation from hardened criminals; 6, teaching of a vocation or trade; 7, immediate sentence; 8, conditional release.

The affirmative speakers quoted two very interesting authorities on prison reform; Dr. Margaret Patterson, police magistrate for Toronto, said, "Personally I regard crime only as a symptom of some maladjustment—physical, mental or social—often a combination of all, and we are not going to control, prevent or cure crime until we find the cause and remove it. Surely this is as necessary in the case of moral as in physical illness. Spencer Miller, Jr., in "World To-Morrow," "It is a scientific statement to say that the criminal is responsible for his crime and society is responsible for the criminal. The thing which impresses me most in reviewing our prison system is not so much the enormity of man's inhumanity to his fellow men; but the stupidity and folly of such inhumanity. If a man became delinquent for want of a home, church, education, proper hospital care, or inability to work, it has been the established practice to cast him into prison and strip him bare of the supporting hand of any of these institutions. Is it any wonder that the prisons should develop their own type and continue to refill themselves with their own products."

In conclusion the affirmative proved that the punitive prison system was contrary to the teaching of a true and intelligent mother, of the teachings and methods employed by our schools, colleges, universities, our churches, and therefore out of harmony with Christianized mankind.

The negative speakers, in advancing their arguments, told of the danger of society fooling with any new-fangled ideas. They cited Chicago as an example of where unenforcement or absence of strict punishment had shown an increase of crime. They cited Kitty Evans as a product of a reform school and told of her career of crime upon learning. The speakers told of the advertising campaign being carried on in New York City by police showing the end of the criminal. They quoted authorities to show that the use of the lash was more feared by criminals than years of jail sentence.

Mr. Harley, a prominent lawyer of Brantford, acting as judge, gave a very able criticism and awarded his decision in favor of the affirmative side.

The Nanticoke debaters will next meet Essex in the semi-final debate.
