### A WARNING TO CANDIDATES OF EVERY KNOWN VARIETY

This is the somewhat lamentable story of Oliver Oliver, prominent Tory. A tale with a moral which also concerns a widely-known Liberal, Lucifer Burns.

The two men were friends as men often will be. One born in Alberta and one in N.B. But the scene of this touching election scenario is a town called Bug Centre in western Ontario.

One year, years ago, when a set of Was stirring the country in countless elections. One of these men after deep meditation. Propounded this plan with a whoop of elation.

"You run against me and I'll run against you" (This he explained was astute that was new). "For if, by some fluke I should fail to get in

Then you would be certainly certain to win.

"And if you, on the other hand, are not elected. The chances are good 'twill be I who's selected."

They studied the plan, pro and con, and pro. "Do you think" remarked Burns, "that the voters would know?"

"Haw, haw," chuckled Oliver "Hee hee as well. From all sides it seems to be perfectly swell. Since the couple of us are so thoroughly clever. The thing will be secret for ever a

event."

It would have been, too, we're inclined to agree. Had not Mrs. Oliver told Miss MacPhee. And the later by talking all night and all day. Succeeded in giving the whole thing away.

The final results were both sad and pathetic. Exciting these men to emotions at last. Did they run you enquire when their plans were upset. Yes, they did. Sure, they did. And they're both running yet.

# The Unfair Deal Canadian Farmers are Getting

Back in 1921 we sold the United States agricultural products to the value of \$146,539,883. After the Fordney U.S. Tariff of 1922 went into effect in the United States we sold them only \$51,337,733 worth.

By raising their tariffs the United States farmers have put about \$100,000,000 per annum more into their pockets and the Canadian farmers have lost it.

What is the lesson to the Canadian farmer?

On what terms is the Canadian farmer competing with the farmer of the United States? They are terms that not only forbid the sale of his products in the United States but compel him at the same time to witness United States farm products replacing his own in the home markets of Canada. Let us examine some of these terms.

PRODUCTS	For Entrance into Canada the Americans pay:	For Entrance into the United States the Canadians pay:
Potatoes.....	35 cts. per 100 lbs.	50 cts. per 100 lbs.
Eggs.....	3 cts. per doz.	8 cts. per doz.
Butter.....	4 cts. per lb.	8 cts. per lb.
Cheese.....	3 cts. per lb.	5 cts. per lb.
Cattle.....	25%	40%
Hay.....	\$2.00 per ton	\$4.00 per ton
Wheat Flour.....	50 cts. per barrel	\$2.04 per barrel
Wheat.....	12 cts. per bushel	42 cts. per bushel
Corn.....	Free	15 cts. per bushel
Certain Fruits.....	25%	35%

The United States raised their tariff, in order to protect the American Farmers, and the purchasing of foreign farm products was reduced. It was, therefore, to the American Farmer's benefit.

And we prove it. In the next column we list a few Canadian products imported by the United States under the 1921 tariff and under the raised tariff of September 21st, 1922. These figures are quoted from the "Commercial Intelligence Journal" published by Ottawa Government (26th September, 1925, page 324).

Canadian Farm Exports to the United States, 11 months ending August 1921 and 11 months ending August 1925

Articles	U.S. Tariff	Quantity or Value	U.S. Tariff	Quantity or Value
Packed cattle.....	Free	\$14,970,944	1 1/2 to 2c. per lb. plus \$2 per head	\$2,897,753

Eggs (doz.).....	Free	264,676	8c. per doz.	52,887

And now a great reduction has been made by the Canadian-Australian Treaty which just went into effect on October 1st, 1925. Under this treaty Australian (and New Zealand) farm products will enter Canada at the following tariffs.

PRODUCTS	For Entrance into Canada the Australians pay:	For Entrance into Australia the Canadians pay:
Eggs, per doz.....	Free	18 cts.
Cheese.....	Free	6 cts. per lb.
Butter.....	1 ct. per lb.	6 cts. per lb.
Honey.....	1 ct. per lb.	4 cts. per lb.
Bees Wax.....	Free	3 cts. per lb.
Fresh Meats.....	1 1/2 ct.	5 cts. per lb.
Canned Meats.....	15%	40%
Canned Poultry.....	15%	40%
Lard.....	Free	4 cts. per lb.
Tallow.....	10%	1 ct. per lb.
Canned Vegetables.....	Free	30 cts. to \$2.10 per doz. cans of 1/2 to 4 pints
Apples and other Dried Fruits.....	10%	8 cts. per lb.
Quinces, Pears & Apricots.....	25 cts. per 100 lbs.	\$1.50 per 100 lbs.
Canned Fruits.....	1/2 ct. per lb.	30 cts. to \$2.10 per doz. cans, according to size

Canada will be flooded with farm products from other countries at these low rates, but Canadian farm products are shut out of other countries by high tariffs. Meanwhile half a million Canadians have moved to the United States because of the tariff reductions that have closed up or slowed down hundreds of factories. That is, half a million buyers of Canadian farm products have been lost. The farmers are hit twice.
