Here and There

The Right Honorable Viscount Keimin Matsudaira, attache to His Imperial Highness Prince Chichibu, second son of the Emperor of Japan, passed through Canada and left Vancouver for Japan where he will spend his vacation with his family. The Viscount will return through Canada to England in the fall.

Fifty-five young fellows who have been prepared for Canadian farming at the British Ministry of Labor's centre at Brandon, England, arrived in Canada recently on the Canadian Pacific S.S. "Empress of France." They came to this country, accompanied by Lt.-Col. G. A. Briston, under the auspices of the Canadian Government and the C.P.R.

Arrangements have been made to install facilities for supplying both fuel and diesel oil to ocean liners which will dock at the monster new double dock pier "B" and "C" of the Canadian Pacific Railway now nearing completion in Vancouver harbor. It was announced that eight marine elevators would be installed on the pier, the elevators being known as Barlow type on the Pacific coast.

288 Certificates were awarded to successful Sleeping and Dining Car employees of the Canadian Pacific Railway for passing their examinations in the First Aid Instruction classes. The extent to which First Aid instruction among C.P.R. teams is growing is indicated by the fact that the McAdam, N.B., team was recently awarded the Wallace Nesbitt Trophy, in which competition Michigan and Maine also met contestants.

Major statistics of the largest building year Canada has had in years, then a decade ago now shown by the record of the first six months of this year. The very large and unusual total of \$194,548,000 worth of new construction for the first half of the current year and contemplated new work to the value of \$204,500,000 forecasts great activity for the remaining months. During June contracts awarded totalled \$54,185,400, an increase over June, 1925, of 68 per cent.

Net profits of the Canadian Pacific Railway for the month of May at \$2,648,976, compare with \$988,913 in the corresponding month of last year, an increase of \$1,660,062, being the best showing in this respect since 1921. Gross earnings for the month are shown at \$15,492,758, an increase of over three millions, when compared with May of last year, and the highest gross shown by the road for any May since 1923. Working expenses for the month under review are shown higher by 1 1/2 millions.

Two officials whose tenure of office was practically contemporary with the existence of the Canadian Pacific Railway, have recently retired from that company. They are C. J. Flanagan, auditor of freight and telegraph receipts, and J. H. Shearing, auditor of passenger receipts, both were presented with gold watches suitably engraved, while members of their staffs gave to Mr. Flanagan a travelling bag, and to Mr. Shearing a malacca case with a gold band engraved with an expression of the esteem of his staff.

Mayor Thomas Foster, of Toronto, and Mayor Moderic Martin, of Montreal, took advantage of the newly inaugurated Canadian Pacific trains "The Hudson" and "The York" between their respective cities to exchange letters of greeting. When "The Hudson" pulled out of the station at Toronto on its initial run, the engineer carried a letter from Mayor Foster conveying his greetings to Mayor Martin, who replied the following day in the same manner, but by "The York." Both trains make the run between Toronto and Montreal in eight hours.

The Greatest of All Furniture Sales in Western Canada Is Under Way

It is exactly this service that it performs, and this August it is performing that service to a greater measure and in a greater way than any previous August Sale and the people appear to realize it.
