Navel of our worriers in trying to get hold of it.

**CHANCES**  
The city industrial worker has one chance in eight of living to be 70 years old. The farmer has one chance in three. So reports a committee of the United Hospital Fund, New York.

There, in a nutshell, you have a graphic picture of what civilization is doing to us.

Health is close to the soil. The time is not far off when cities will in large part break up, factories moving to the open country and taking workers with them. Either that or war heads for extinction.

Men who write books about themselves are full of their subjects. Nights are getting long enough for bootleggers to make three trips.

The man who talks to himself wants to hear something he can believe. A man may be down, but he is not out until he is down in the mouth.

All that stands between us and a hot time is the rest of this summer's ice.

Shock absorbers on autos would be better if the driver could wear them. Sometimes a man finds he can't make ends meet because they are loose ends.

It seems that the supply of good football coaches is not equal to the demand.

A preacher says our grandmothers smelt. Maybe not until they were grandmothers.

Having a two-dollar bill may be bad luck; but not having one is often worse.

With many other things to worry about some men insist on wondering if their hair is combed.

# Sweep Uphill in the Smooth Chevrolet

FROM a movement almost imperceptible—through easy, quick acceleration—to a thrilling display of speed—all with unbelievable ease and smoothness—Chevrolet sets a new standard for the motor car.

To the rugged power and responsive action of the Chevrolet engine has been added a smoothness—a freedom from vibration—unmatched and hitherto unknown in a four cylinder car.

Never before was such Chevrolet capable of combining such performance with such evident ease and smoothness. Compare the smooth Chevrolet—see also with ease in its price class—but with one more expensive, more costly of upkeep, more difficult to handle, Chevrolet outshines any car or combination you care to make.

The Smoothest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada.
