esuital for Sick Children

67 Callege St., Taranta 2, Ont. Dear Mr. Editor:

A spirit of warm friendliness to wards the Hospital for Sick Children in Toronto exists all over the province and it increases with the years. It has been enhanced to a considerable extent by the clinics which have been conducted in so many centres in Ontario by doctors from the Hospital who have picked out curable cases which up to the time of the clinic had been seemingly hopeless - eventually sending the little patients home from the Hospital healed and fitted to be valuable assets to their municipalities, instead of remaining useless

and pathetic burdens. Your readers, in common with the people in all other progressive communities, are interested in the Hosnital and what it is doing. The heen interest in crippled children manifested by the Rotary, Kiwanis, Gyro, Lions and other service clubs. throughout the province, has been of grand assistance in bringing in unfortunate children, often from remote districts to the various centres where the members of the Hospital staff have attended and have been able to hold huge clinics with the result that there has been a steady stream of children admitted to the Hospital from all over Ontario, for

a dong time. This is but one branch of the thorough service rendered by the Hospital. It is the best equipped institution of its kind on the continent for the treatment of all child ailments. No Ontario child requiring its services is refused admittance and all that modern medical and surgical skill combined with loving care can accomplish is bestowed upon the sufferer, without distinctions as to religion or nationality, or because those responsible for the

child are in poor circumstances. Heavy expense is involved in this merciful work, Mr. Editor, as you can realize. Ordinary sources of revenue, including grants, fail to cover the actual cost of maintenance of the little patients, notwithstanding thrifty management. Old friends and new ones are relied upon to help in paying the difference and they include the readers of your valuable paper. The Hospital for Side Children does not share in the funds of the Toronto Federation for Community Service, because it takes vatients from all over the province.

Please ask your readers to remem-ber the Hospital for Sick Children when they are doing their Christmas

Faithfully yours. B. R. WILLIAMS. Chairman of the Trustees.
