**Handicaps Have
No Effect on
Sandy's Smile**

Sandy is a cheerful sort of Scot with a ready wit and a winning smile. Although when you hear his story you will wonder what it is that keeps him gay. He was a soldier in the Great War, where he lost an arm. Then overwork knocked him out. Then attempts to secure a pension have failed, but not least, the only trade he knows is carriage-making, and he who wants carriages now-a-days? For all that, Sandy is making good progress at the Muskoka Hospital for Consumptives, where everything is being done to make him well again. For with health, Sandy says he can face the world with courage—and he will. Would you like to help the Muskoka Hospital in such work as this? Your gift will be gratefully received. Contributions may be sent to Hon. W. A. Chaston, President, 225 College Street, Toronto 2, Ontario.

Here and There

Canada's birth rate leads all the white races of the world, according to a close study made here of comparative figures. Canada's birth rate is 23.4 to the thousand, and Australia comes next with 23.2. England and Wales fall slightly below France with 19.8.

The manufacturing industry is moving west," says J. E. Walsh, General Manager of the Canadian Manufacturers' Association. "The increase in prairie industries shows this." We are having the same experience here as they had in the United States. The Prairie Provinces are fast becoming industrialized."

A gold medal awarded to the Canadian Pacific Railway in recognition of the excellence of its exhibits at the Canadian Exhibition recently held in Toronto, was received at headquarters of the system here today. Similar medals have also been awarded to the Dominion and Provincial Governments and to a limited number of exhibitors.

This, from the Lethbridge Herald, is hard to surpass: "A farmer moved onto a half section in the Iron Springs district last spring. He got in a good crop; irrigated carefully and watched results. He threshed a \$5,000 crop in this first year; paid \$2,800 on his land; \$1,600 on equipment and cleared off a \$400 loan. This left him a comfortable balance of \$1,200 to go on with."

The President Beatty Prize is being offered by the President of the Canadian Pacific Railway to the man obtaining the highest number of marks during the coming training season at the training farm of the British Ministry of Labor at Brandon, Norfolk. The award consists of a cash prize and employment at current wages upon the C.P.R. Supply Farm at Strathmore, Alberta. A similar prize will be made available in the spring of 1928.

An outstanding feature of the past few weeks has been the export of live foxes by the Canadian Pacific Express in Montreal. Trade statistics show that in the past fiscal year 5,590 live foxes, valued at \$1,434,886, left Canada for other countries. Canadian foxes have gone to be foundation stock in the United States, United Kingdom, Belgium, France, Germany, Newfoundland, Norway, Switzerland, Finland, Japan and Russia.

Announcement was made from Canadian Pacific Railway headquarters here recently that two free scholarships, covering one year's tuition in the Faculty of Arts and four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered by the company, subject to competitive examination, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

The recent snowfalls have directed attention, earlier than usual, to the coming Dog-Derby—the 1927 Eastern International Dog-Sled Derby—which is to be run off at Quebec City on February 21st, 22nd and 23rd. Six entries have been received so far: H. Chevrete, who will carry the colors of The Paquet Co., Ltd.; an Ontario Paper Co. entry; H. I. Sutton, of Chicago; two Price Brothers entries, and P. J. Molloy, of Berlin, New Hampshire. Such is the line-up to date, about twenty entries being expected.

IN SOME OF THE SEAPORTS OF THE WORLD

the solemn old custom is kept up of Blessing the Ships before sailing on long voyages, especially when there is a fleet of schooners and luggers going out for several months to distant waters for the season's fishing. The Priest reads the service and great choirs of men and boys sing, and hundreds of sturdy, devout men, with bowed heads, receive the benediction of their church.

Starting the New Year seems like entering upon a long voyage, it is such a small matter to wish each other

A Happy New Year

but we can do much more by resolving to try to do something to make each other's year happier.
