ANNUAL REPORT

(Continued from Page 1)
able salaries. Too many changes in
the rural teachers are still noted.
Trustees might secure teachers who
are resident in the county. An am-
ple supply of teachers is now avail-
able. The Inspector will be pleased
to advise trustees when engaging a
new teacher.

EXAMINATIONS
The High School Entrance Exam-
inations were held in June at Atter-
cliffe Station, Caledonia, Canfield,
Cayuga, Dunnville, Hagersville, Jar-
vis and Selkirk Centres. Out of 325
candidates 226 received certificates or
70% of those writing.
Most of the candidates for the De-
partmental Examinations secured
their standing of the Lower School
(the first two years' work of the
High School) from having passed
successfully their Principals' exam-
inations, 50% of the possible marks
being required. Any others were re-
quired to write on the Departmental
Examinations which were held at the
different High School centres.

TEACHERS INSTITUTE
The Teachers' Institute for Haldi-
mand was held in Dunnville on Oc-
tober 1st and 2nd. All Public School
teachers and two Continuation S.
teachers were present making an at-
tendance of one hundred and seven-
teen.
The teachers were given the priv-
ilege of visiting the Monarch Knit-
ting Co. and the Dominion Textile
Co. The managers very kindly per-
mitted the teachers to be conducted
in groups of twenty through the
buildings and were shown the meth-
ods of manufacture of their various
products. They were presented with
charts of the woolen yarns and with
face cloths by the Dominion Textile
Co. The various addresses and pa-
pers given by local teachers made
this one of the best conventions that
we have held.

**ACCOMMODATIONS AND
EQUIPMENT**
Accommodations are classified un-
der thirteen headings: Closets, site,
water, etc.; equipment under maps,
charts, library, miscellaneous. The
gradings run to IV the lowest. Thus
the grant earned by a school is due
to the general interest taken by the
community in keeping their school
up to the standard. All the schools
of the county are now supplied with
libraries. It is my aim to see that
more supplementary books are pro-
vided in these libraries for the young
pupils. As stated in a former re-
port, if a child learns to read well
in early life he will enjoy reading and
thus acquires power to help himself.

AGRICULTURE
In the year 1925 eighteen schools
earned grants for teaching Agricul-
ture and Horticulture. Four had
school gardens, while a number had
home gardens. School Fairs were
held at Caledonia, Cayuga, Dunnville
(two), Hagersville, Jarvis and Sel-
kirk.
The exhibits at all these fairs were
good. A great interest in them is
taken by parents and pupils. Com-
petitions in most classes of products
was keen. A number of good calves,
lambs and colts were shown. Public
speaking, singing, marching and ath-
letic games formed part of the pro-
gram. The attendance was good at
all of these. One of the most pleas-
ing and keenly contested events of
these school fairs took place as a
county exhibit at the Caledonia Fair.
This formed the chief attraction of
the first day of the program at this fair.
Mr. C. C. Main, the Agricultural
Representative of the county deserves
great credit for his splendid work in
connection with these fairs.

TRUSTEES' ASSOCIATION
The County Trustees' Association
held a series of meetings in the coun-
ty this month of January at the dif-
ferent centres of Forks Road, Dunn-
ville, Cayuga, Caledonia, Hagersville,
Jarvis and Selkirk.
The chief speaker at these meetings
was Mr. W. H. Morris of Toronto,
Secretary of the Provincial Trus-
tees' Association. Other speakers
were Mr. C. C. Main and the Public
School Inspector. The questions dealt
with included Township Boards,
Grants to Schools, School Fairs, Agri-
cultural Courses, Rural School Fin-
ances, Secondary Education.
The trustees and ratepayers who
attended these meetings showed by
their attendance and discussion that
they were interested in the schools,
and in helping to mould the charac-
ters of the future citizens of this
county.

SCHOOL ATTENDANCE
The School attendance during the
year 1925 has been the best during
my seven years' regime as Inspector
and I believe better than that of any
previous year in the history of the
county, the attendance being 87% of
the total possible attendance. School
attendance officers and the public are
co-operating to secure the best re-
sults in education. Some few boys
fourteen years of age who quit school
with parents' consent and wish, might
well continue in school until they com-
plete the Fourth Book. The three
months' course in Agriculture and
Household Science subjects now be-
ing held in Caledonia furnishes a
means of Education for adolescents
that should be continued from year
to year at some centre of the County.
The total enrolment of pupils was
3826 with an average daily attend-
ance of 758 or an average daily pos-
sible attendance of 3178, being 87%
for the year.
The urban schools show an aver-
age enrolment of 43 per teacher and
rural 30 per teacher.
