KEEPING HEALTHY

Colds, Influenza and Like Troubles Can be Avoided.

Have you noticed that some people enjoy good health through the most trying weather, while others succumb to colds or influenza at every touch of wintry conditions, or are attacked by rheumatism or sciatica? The reason is to be found in the condition of the blood. If it is rich and pure the system is able to resist disease. But let the blood become impoverished and the way is made clear for disease to enter the system.

The common wense way to avoid colds and influenza is to keep a plentiful supply of rich, red blood in your veins. Dr. Williams' Pink Pills have achieved world-wide fame for their remarkable blood-enriching powers. The new blood which comes from the use of Dr. Williams' Pink Pills tones up the whole system and so helps the body to resist winter ills.

weakened by colds, influenza or other winter ailments, then Dr. Williams' these pills is given by Mrs. R. O.
