do not be misled by statements of agents soliciting orders for wheat fertilizer. There are irresponsible agents in the neighbor-hood calling on farmers who claim their Acid Phosphate is better than other brands of Acid Phosphate and worth more per ton. Such statements are absolutely untrue and any agent making such statements is cheating the public. One brand of 16% Acid Phosphate is no better than any other brand of 16% Acid Phosphate.

We offer Baltimore 16% Acid Phosphate in ton lots per ton off cars. Why pay more? We will have cars at Renton and Simcoe and where several farmers will order together we will deliver at Jarvis, Port Dover, Waterford, or any other statioin by August 1st. We have no travellers or agents and can sell for less.
