CORRESPONDENTS

(Continued on Last Page)
last week with her parents at "East Lynn Farm."

Mr. and Mrs. Cove Beecraft had for guests on Sunday last, Mr. and Mrs. Dave Osborne, Gravel Road; Mr. Chas. Marlott and family of Simcoe.

We've had a nice rain at time of writing.

Crops in general don't look too bad. Most of them are short, but have a good color.

Drawing gravel on the roads and spraying fruit trees has kept farmers busy the past week.

ROCKFORD

(June 8th)

The Four Square Club was re-organized last Tuesday evening for the ensuing year.

Mr. and Mrs. Murray Anderson spent last Sunday afternoon at Mr. Stanley Anderson's.

Mrs. Wilson, of Wilsonville, is visiting her granddaughter, Mrs. Dalton Somers, and attended Sunday School last Sunday.

Mr. John Phillips, who has been in St. Joseph's hospital for the past two months, returned to his home last week and we are pleased to state is getting along nicely after his serious operation.

Mr. and Mrs. Geo. Anderson and little-babe, of Watford, visited with Charlie Anderson last Sunday.

The Walsh Dramatic Company motored to Rockford last Friday evening and put on the play entitled "Eyes of Love" in a very admirable manner. Every one acting their part in a very real and homelike way. We are only sorry that they were not greeted with a fuller house. It seems too bad that people cannot come to the church one night in the week to listen to a play when it is for a good purpose.

The taxpayers are out this week

trying to earn a little money doing odd work to help pay their taxes this fall.

for Economical Transportation

Everybody says—
"it certainly is Economical to operate"

Although larger than other low-priced cars, Chevrolet has a world-wide reputation for being more economical of gasoline and oil. Modern design is the reason—just as quality construction and fine-car features assure the greater economy of long life, slow depreciation, and freedom from repair. The Improved Chevrolet, the latest and greatest Chevrolet, costs little to buy and little to own. Over a million owners will tell you, "It certainly is economical to operate!"
