Here and There

Neils Neisen, world's amateur ski champion, gave an exhibition at Shawbridge recently under the auspices of the Montreal Ski Club. Mr. Neisen holds the record for the longest ski jump in the world, either by amateur or professional ski experts. At the Revelstoke, B.C., ski jump he attained a distance of 240 feet, two years ago. This has never been equalled or attained before or since.

The Prince of Wales spent a day inspecting the British Industries Fair at Birmingham, England, recently. When in the course of his tour he came to the important exhibit of the Canadian Pacific Railway, he stopped, smiled and exclaimed, "Good old C.P.R." On leaving the Prince's verdict was, "It is a splendid fair and I hope it meets with the success it deserves."

Shipped to the Governor of Sierra Leone, South Africa, before Christmas in care of the Dominion Express Company, the receipt of two cases of apples from the Ontario Department of Agriculture has been acknowledged by the Governor's secretary. The latter states that the apples, Baldwins and Northern Spies, arrived beautifully packed and in perfect condition.

General meetings of the Montreal Railway Officers have been held in Montreal arranging for the forthcoming convention of American Railroad Superintendents. The convention is to take place on June 15 to 18 next, and will be attended by railroad superintendents from all parts of the American continent. In all, about eight hundred or a thousand are expected with their wives.

With E. W. Beatty, President of the Canadian Pacific Railway, as one of its patrons, the Red and White Revue, an annual Musical Show, written, produced and acted entirely by McGill Students, was offered to five capacity houses at His Majesty's Theatre at Montreal during the first week of March. This was the third edition of the Revue produced by the undergraduates of McGill University.

One of the largest and most valuable collections of Chinese Jade that has ever crossed the Pacific Ocean was carried off the Canadian Pacific liner "Empress of Russia" when the vessel arrived at Vancouver recently. The entire collection is the result of nine months excavation in the central and northwest provinces of China. The collection was brought by A. W. Behr, well known collector of New York city.

TIMELY TOPICS

(Continued from Page 4)

unearthed some cartridges and loaded the rifle, pointed it at his sister and fired. The little girl was killed instantly.

The little town of Hudson, but a short time ago a "flag" stop and now a "full" stop for all transcontinental trains, is now a place of international character. Hundreds of prospectors are there from all parts of the Dominion and the U. S. heading for the Red Lake gold fields. Unlike the "rushes" of old prospectors making for the new find are now able to go by airplane. A number who travelled in by dog train which took about 8 days, returned to Hudson from Red Lake, a distance of 140 miles, in an hour and forty minutes. The latest reports from the gold fields have increased the optimism that precipitated the rush. Samples brought out are said to show a rich gold and ore deposit.

A runaway occurred at Port Elgin when a horse became alarmed and plunged through a closed door in the front of a store. The door was smashed to pieces, two show cases demolished and a large part of the window broken. No one was injured.

There is one paved highway in the state of Texas on which there is no speed limit. Such signs as "Flivvers, do your best" and "Boys, let the girls drive!" erected by a San Antonio auto repair shop, greet the motorist at intervals for 35 miles. The road is a private one, built by sportsmen. It leads to a lake, a hunting and fishing resort, and there is a charge made against every car travelling to and from the lake.

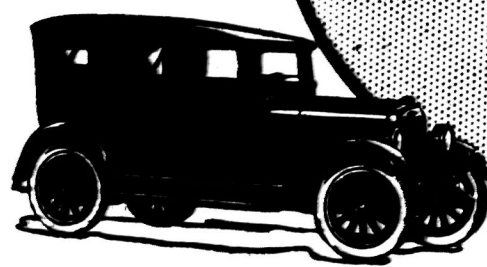

Maurice, 9 years; Vincent, 7 years, sons of Mr. and Mrs. T. Hummel of Trout Creek, near North Bay, were burned to death in a fire which destroyed their home last week. Ten other occupants in the house at the time, managed to escape.

Mrs. Stuart West, aged 35, and her 2-year-old son were burned to death last week when fire destroyed their home at Warkworth, near Campbellford. Dr. West escaped in his night clothes. There will be an inquest.

A glorious future was painted for the Orange Orler and attention drawn to the necessity of unremitting vigilance against the inroads of anything that might tend to lead away from "equal rights for all, special privilege for none" last week at the opening sessions of the Grand Lodge for Ontario West at London. Speakers were Dr. J. W. Edwards, M. P., of Kingston, and Rev. W. L. Lawrence of Owen Sound.

for Economical Transportation

CHEVROLET

Quality
All-Season Comfort
and LOW COST

STORMY weather holds no terrors for the owner of a Chevrolet touring.

This sturdy, all-season car provides real comfort and snug protection against rain, wind, snow and sleet.

Its tightly-fitting, carefully-tailored curtains keep the outside cold from blowing in. Its big, wide doors are fitted with overlapping, weather-tight door curtains that are rigidly supported on rods and swing with the doors.

No other car of equal price offers equal quality and equipment. None other combines Chevrolet's famous all-year-round economy with such all-year-round convenience and comfort. In summer it's a speedy, cool, open car; in winter, it keeps you warm and gets you there and back!

If you want all-weather protection plus quality construction at low cost—here is the car to own! Come in—see it today!
