SELKIRK DEFEATS NANTICOKE TEAM

Selkirk ball fans followed their team to Nanticoke on Thursday, May 20th, and took home with them the laurels Nanticoke had hoped for, for many a game.

The game started off with a bang at five minutes to four. Nanticoke made their usual good start with Cecil Hedges on the mound, keeping their opponents from scoring until the 6th inning; while they held a substantial lead, scoring in the 2nd, adding 3 in the 3rd, 4 more in the 6th and 3 in the 8th. Selkirk scoring only 1 in the 6th, 4 in the 7th and 3 in the 8th, thus leaving Nanticoke with a majority of 3 and an inning to the good.

Neither team had any practice, consequently many errors were checked up against each; also the disagreeable weather did not add to the best of the players. The game grew tiresome through the cold and many of the spectators welcomed a close as much as a favorable score.

R. Fulson was on the mound for Selkirk, but Reynard came to his rescue in the 6th. C. Hedges threw a nice game for Nanticoke, but suffered a spiked hand while sliding a base in the last of the 7th, so R. Hill came to his assistance in the 9th with two strike-outs and an infield fly.

LOCAL I.O.O.F. AT DIVINE SERVICE

Jarvis Lodge No. 101, I.O.O.F., celebrated the 10th anniversary of its inception by attending Divine Service at Knox Church at 7 p.m. on Sunday May 23rd.

Accompanied by visiting brethren from the surrounding lodges, the local members marched to the church, where they were met by the members of the recently formed Rebekah lodge, who preceded them into the building.

The order of service as printed was followed; special music being acceptably rendered by the choir.

Taking as his text the words of Matthew, 23rd chapter, 8th verse, "One is your master and all ye are brethren," or as translated by Dr. Moffatt, one is your teacher, and you are all brothers. Rev. W. T. Brown delivered a sermon on "Brotherhood—a challenge to the world." He noted the great increase in membership of recent years in all the fraternal orders and service clubs, the reason being that they gave men an opportunity to satisfy a great longing, a great craving that tugs at the heart of humanity, a longing for brotherhood and fellowship.

Man is a social being who only finds his fullest expansion when he comes in contact with his fellows. He cannot develop as the Creator intended him to develop unless he comes into contact with others, learns to mingle with them, co-operate with them, in other words learns the law of brotherhood.

Brotherhood is the need of the world. Civilization has not learned that fact. Nations have not practised it, churches are lacking in brotherhood because of it—elevate the non-essentials into prominent places. Lodges often fail to inculcate its spirit into their members. Brotherhood must be taken out of the realm of the ideal and brought down to the practical.

What does brotherhood involve? (1) A sense of equality based upon love. Where there is brotherhood there is no boastful sense of superiority. That sense of superiority lies at the root of national ruthlessness. It caused the great war. Dreams of racial superiority and national selfishness have brought civilization to the verge of ruin and the only thing that will prevent another catastrophe is the practise of Brotherhood. The same is true of individual and community life. No community can attain to its highest point of achievement of good where that spirit is lacking.

Then Brotherhood involves a sense of responsibility. We are our brother's keeper. We are responsible for his welfare. We cannot go our own way in life tramping here and there upon our fellows. We are responsible for our brothers of every land, and race, and state of circumstance.

That sense of responsibility must find its ultimate issue in a life of service. Brotherhood demands service as its logical outcome. Jesus furnishes us with its finest illustration. He is the great Elder Brother on whom we should pattern our lives.

Brotherhood is the remedy the world needs today. We have tried every other remedy suggested only to fail. But we have never given Brotherhood a chance. Give it a chance, and it will transform the world.

JUNE "ROD AND GUN"

In view of the increase in the popularity of Ontario and Canada generally with American tourists, the June issue of "Rod and Gun" which is a special Ontario Tourist Number is particularly interesting.

All stories and articles in the number, with the exception of the regular features, deal with Ontario sport while a personal message from the Premier of Ontario welcomes all tourists to the province and a special Ontario section describes some of the beauty, health, fishing and hunting resorts in Ontario.

A new aspect of angling is given in "Teh Jumbo Trout of Lake Superior," possibly the gem of the table of contents; while "Trout Fishing" is a delightful reminiscence of the creeks of old Ontario.

The regular gun, fishing, outdoor and kennel departments contain specially interesting material for this issue.

"Rod and Gun" is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

PROV. TO TAKE OVER DOVER-JARVIS ROAD

The "Maple Leaf" learns from a very reliable source that the Ontario government have decided to take over the link from Port Dover to Jarvis and to take the preliminary steps for the including of the work of this roadway in this year's operations of the Highways department. It is expected that before many days elapse the government engineers will be seen on the job and a part of the work will be carried out this year.

True, there's many a slip... and while the news is given to us as authentic, readers will want to see the work actually under way before they get over the 'Doubting Thomas' stage. We immediately got in touch with Hon. John S. Martin, but our Member would only say that he was still "pushing" and had every hope of ultimate success.—Maple Leaf, Pt. Dover
