Nov. 2nd, 1926.

Your correspondent from Nanticoke said our Sidewalk Committee was dead. They are not dead, but one can't do anything without the consent of the other two. If one man had been appointed to do the job it would have been done long ago. I was speaking to one of the committee. He said it could not be done this fall as all the farmers are behind with their work. I said, sell the job to the lowest bidder and give ten days to complete the job. This did not appeal to him. I have put in many grades and I think this is the smallest piece of work I have ever seen to let. I have worked many hours on the street without pay and am willing to work many more and will make the committee an offer.

I will work without pay and hire men and teams and finish that grade so one can walk without getting their shoes muddy, within ten days from the time the committee says "hop to it." I will not ask any man to work without pay, as money has been voted to that sidewalk. If that grade is not done this fall, don't blame yours respectfully,

T. BUTCHER,

Nanticoke.

P.S.—This offer means that I must hire a man to carry mail and pay him myself. T.B.

## NIAGARA DISTRICT PROHIBITION UNION

A large convention of Temperance People representing the counties of the Niagara District was held in the Baptist Church, Welland on Wednesday afternoon, October 27th. As evidence of the interest taken nearly every locality was represented. Reports of the Union's work for the year were presented and received. Rev. Dr. A. J. Irwin, president of the Ontario Prohibition Union, was the chief speaker of the day and gave a most enlightening address. The following resolutions were passed unanimously:

1st. That the Niagara District Prohibition Union, in convention assembled, realizing the significance of the Ontario's Premier's pronouncement on the Liquor question and its direct threat to dismember the Ont. Temperance Act and substitute therefor the open and unrestricted sale of intoxicating beverages by Government agents in Government shops, herewith go on record as repudiating any such system of undermining our hard won Temperance legislation and in harmony with the expressed policy of the Provincial Prohibition Executives we undertake to oppose with all our power any and every wet candidate of whatever shade of politics who seeks election in the approaching campaign, and to devote our strength throughout the said campaign to elect true known prohibition candidates in our several Ridings to the Legislature of Ontario.

2nd. Another resolution condemning in strong terms the Ferguson Government's liquor policy and condemning the stand taken by former Attorney General Nickel in resigning from the Government. Also approving the consistent support given to prohibition by the Toronto Globe, Toronto Star, and the Montreal Witness and other papers throughout the province. This resolution was carried very heartily. Reports were called for and given verbally from the five Ridings of the District and on motion it was resolved to call conventions immediately in these different Ridings to take whatever action circumstances may call for. The Temperance people of the Niagara District are up in arms against the liquor proposal of the Ontario Government and intend to give battle all along the line.
