RENTON
(Too late for last issue)
Wet weather is the order of the day, making fall work very difficult. Mathias Schilz recently ran into, or the colt ran into his new Peerless car and smashed the radiator. As a result the colt died.

A very bad car accident happened about a half mile west of D. Burch's residence. Mr. Chas. Hall, of Simcoe, was returning from Judson Austin's where he and Mr. and Mrs. Carpenter were spending Thanksgiving. He was proceeding at about 15 miles per hour when an east-bound car collided with him, the car was occupied by two men, two ladies and a boy about 10 years old. Both cars locked left front wheels. As a result both cars were turned upside down, the one in the middle of the road and the other on the edge of the ditch, the occupants of which had to crawl out through the top by way of the ditch which was full of water. The remarkable thing is, there was no one hurt except a good shaking.

1926 Christmas Seals

The 1926 Christmas Seals, in aid of the Muskoka and Toronto Hospitals for Consumptives, have just been issued. These handsome seals, of different designs, are put up in assorted packets of 10, 25, 50 and 100. The National Sanitarium Association is in need of funds to carry on the work of its hospitals in Muskoka and at Weston. Every dollar received through the sale of Christmas Seals is used for maintenance of patients there. Why not buy these seals in lieu of others? Not only will you get good value in return, but your money will be made to serve a greater end, for it will go to help someone in distress. Look for the double-barred Red Cross on every packet. None others are genuine. For sale by school children and banks, or direct from Xmas Seal Department, Gage Institute, Toronto 2, Ontario.
