Harvest Time

The work will require 2000 men from Western Canada to assist in gathering the grain crop this year. It is all about 6000 men will be required to complete the work. Arrangements have been made by both railroads to handle the harvest.

T. G. F. Brown, manager of the Canadian Exhibition, states that this organization has placed 400 Old Country families in the Prairie Provinces this year and that 800 other families will arrive before the end of the year.

The fourth annual ride of the Trail Riders of the Canadian Pacific, an organization with a membership of 1000, is being held in all parts of Canada, U.S. and Europe, left recently from Seattle over a new trail for Mount Asahi.

A shipment of 1,000 horses purchased in the Prairie Provinces for the Russian Government moved to Quebec over Canadian Pacific lines recently. In addition to the 27 cars already moved to the east, a special train of 17 cars passed through this city en route to the Atlantic coast. The horses in the latter shipment were all purchased at Alberta points.

Members of the newly-organized Saint John Board of Harbor Commissioners visited in Montreal recently to confer with officials of the Canadian Pacific regarding needed changes and improvements in the harbor facilities of Saint John. Several suggestions advanced by the railway company will be acted upon before the winter traffic begins, according to the Hon. W. R. Foster, president of the Commission.

Interest taken by American Railway officials in the latest achievements in the way of Canadian locomotive construction is emphasized by the fact that the Canadian Pacific Railway Company has been invited to send their latest and most powerful passenger engine to be placed on display at the Centenary Exhibition and Pageant being held by the Baltimore and Ohio Railroad at Baltimore, September 26 to October 8. The C.P.R. "2500" engine, their latest and finest passenger type, will be sent to Baltimore.

The first ticket issued from the new Union Station at Toronto over Canadian Pacific lines was enclosed in a special leather folder, upon which appeared the names of His Royal Highness, the Prince of Wales. The three tickets following were issued to J.R.H. Prince George, Premier Stanley Baldwin and to Mrs. Baldwin. The new union station was formally opened by the Prince of Wales, the Royal train being the first to steam into the new depot.

A cable received at Ottawa by the Department of Trade and Commerce from Harrison Watson, Trade Commissioner for Canada in London, indicates that Great Britain will offer an attractive market for the Dominion's exportable surplus of timothy and clover during the present year. The cable states as follows: "English hay crop turning out so badly that imported hay will be required. Producers are that there will be a fair demand for Canadian timothy and clover supplies."
