GAINED IN HEALTH AND IN WEIGHT

Now Gives All the Credit to Dr. Williams' Pink Pills.

When a young girl becomes pale, complains of exhaustion at the least exertion, has dizzy spells, headaches or stomach trouble, she should know that these are some of the many symptoms of anaemia, which means that her blood is thin and weak. In such condition there is the most urgent need for a tonic that will promptly restore the missing qualities to the blood and thus bring back health and strength. For this purpose there is no tonic can equal Dr. Williams' Pink Pills. Thousands of weak and ailing girls have found new health and happiness through this medicine. Miss Gladys V. Bond, Kentville, N.S., used this treatment successfully, and says: —"I cannot praise Dr. Williams' Pink Pills too highly for the good they have done me. I was in a condition of very poor health, suffered from severe headaches and nervousness. My appetite was poor, and very little exertion would leave me tired out. On the advice of a friend I decided to try Dr. Williams' Pink Pills. In a few weeks I began to feel better, my appetite improved, and the headaches were less frequent. I continued the use of the pills until I had taken six boxes, by which time I felt as well as ever, and I gained in weight from 98 pounds to 114 pounds. For this reason I advise all weak girls to try this medicine."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FIRST AID DOMINION CHAMPIONS

This imposing array of trophies represents a clean sweep of St. John Ambulance First Air championships made this year by Canadian Pacific teams throughout the Dominion. The Dominion awards, also those in connection with competitions held within the C.P.R. system, were presented to the various teams recently in the board room of the company at headquarters in Montreal, in the presence of E. W. Beatty, chairman and president of the Canadian Pacific and a large gathering of officials, and officers of the St. John Ambulance Association.

LONDON STREET DEATHS

Total in English City Was 744 in Nine Months This Year

London. — Accidents in London streets during July, August and September cost an average of three lives a day, according to statistics issued recently. During those months there were 28,806 accidents, involving injury to persons and damage to property, in which 269 persons were killed outright or fatally injured.

During the first nine months of this year, 744 persons were killed in London street accidents.

Motor vehicles killed 747 persons in the streets of New York City during the first nine months of this year, according to statistics made public by the medical examiner's office.

A woman walked into the police-station with a photograph in her hand. "My husband has disappeared," she said to the sergeant-in-charge. "This is his photo," handing it up to him to look at. "I want him found at once." The inspector gazed at the photo and then looked up at her. "Why?" he asked.

FOR MOTHERS OF YOUNG CHILDREN

Mothers are quick to praise anything which brings health and comfort to their little ones—any medicine that will make the baby well and keep him well will always receive hearty recommendation from the mother. That is why Baby's Own Tablets are so popular. Thousands of mothers, throughout the country, not only use them for their own little ones but are always delighted to be able to recommend them to other mothers. Thousands of mothers have proved Baby's Own Tablets to be without an equal in relieving their little ones of any of the minor ailments which arise out of a derangement of the stomach and bowels. Baby's Own Tablets are the ideal laxative—easy to take but thorough in action. They banish constipation and indigestion; break up colds and simple fevers; expel worms and make the teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hospital for Sick Children

67 College St., Toronto 2, Ont.

December, 1927.

Dear Mr. Editor:—

Most of your readers are well aware of the wonderful service which the Hospital for Sick Children in Toronto is enabled to perform through the generosity of its friends. During the Christmas season the Hospital appropriately makes its annual appeal for the funds necessary to carry on the work throughout the new year. Now is the time to give tangible expression to the feeling of good-will which "The Sick Kids" Hospital—as it is familiarly called—has won for itself in every part of this province.

The magnitude of the Hospital's task continually enlarges. In its little blue cots there are always nearer three hundred than two hundred youngsters being tenderly ushered back to health and strength. For every patient a dollar a day must be secured through voluntary contributions which adds up to at least $100,000 for each year of the hospital's ministry.

Its service, however, is not confined to its own four walls. Note these arresting facts. The infant mortality rate in Ontario is 73.5, while in Quebec it is 142. In our towns and cities the loss of infant life is less than half what it is in the sister province. Now, for Ontario's priceless advantage, one outstanding reason is the maintenance by public benevolence of a world-famous provincial institution dedicated to the care of the on-coming generation. An entire department of the Hospital for Sick Children is devoted to the care of babies under one year of age. Here every aid which medical science can devise is extended to help the tiny patients through the first hard round in their struggle for existence.

Familiarity with the methods here employed is an invaluable asset to doctors and nurses enlisting for service in the homes of the province. Thus is the childhood of even the most remote community within the compass of the wide-spread ministration of the Hospital for Sick Children benefitted. It is indeed a work for humanity which deserves cordial remembrance at Christmas time.

Faithfully yours,

IRVING E. ROBERTSON,
Chairman Appeal Committee.

Zoo Monkeys Fail To Get Excited

Show No Reaction to Seeing Gorilla on Screen

New York—The monkeys up in Central Park Zoo do not care what their race does on the screen.

To learn whether monkeys recognized their likenesses on the screen a new motion picture "The Gorilla," was presented in the monkey-house recently.

Several scientists were to watch the reaction of the living monkeys in their cages when they saw the huge gorilla on the screen. It was explained that if some of the more powerful living monkeys got excited they might tear down the bars of their cages and do other acts of violence, Guards were posted.

The total reaction of the monkeys at seeing the picture was:

One sat at the top of its cage watching a woman's red hat.

Four others went to sleep.

One sat in the corner of its cell—and it was the type supposed to go mad—munching at some fruit and gazing idly at a large rat.

The only excitement shown was when the lights were turned on. Then the monkeys whipped their trapezes and beat on the bar violently.

Taxis in Panama Have Flat Rate

In Balboa and Panama City, on the Isthmus of Panama, one may ride in a taxi for five minutes or an hour, and pay the same fare—25 cents a person. To one accustomed to New York cabs with their clicking, leaping meters, this comes as something of a shock. Despite the cheapness of their tariffs, however, these taxis of Panama are very comfortable.

The drivers, as a rule Spanish, Panamanian or negroes, are always very courteous. Some of them have a scant knowledge of English, but all seem to be able to say "25 cents" or "two bits." They must of necessity be excellent drivers, for both Panama City and Balboa have narrow streets which ramble in all directions.

Mother of Eleven Children Praises Lydia E. Pinkham's Vegetable Compound

Her Interesting Experience

Buckingham, Quebec.—"I am the mother of eleven living children, and my baby is five months old. I am only 38 years old and I have taken Lydia E. Pinkham's Vegetable Compound for weakness and my nerves. I knew of it from my sister, Dame Edouard Bellefeuille of Ramsayville. For five years I was in misery and was always ready to cry. Now I am so happy to have good health. My daughter, who is 18 years old, has also taken it and will be happy to recommend it to all young girls."—Dame WILLIAM PARENT, Box 414, Buckingham, Quebec.

Why suffer for years with backache, nervousness and other ailments common to women from early life to middle age, when Lydia E. Pinkham's Vegetable Compound will give you relief?

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 270,000 replies were received, and 98 out of every 100 reported they were benefited by its use.
