Man of the Family, at Eight

If you were a wee lad, hardy eight, and you hadn't even your sisters for ever so long, and if you had a pain in your chest all day—well it is doubtful if you would smile as bravely and say "How do you do?" as cheerily as Bert does—struck out warty on his little cot in the Queen Mary Hospital for Consumptive Children at Weston.
Bert's daddy has been dead for a long time, and his mother goes out working—and this wee lad used to help look after the others. He caught a bad cold and might have been snuffed out—as many another little human candle has been by the chill wind of consumption—but that he was sent just in time to the Queen Mary Hospital for treatment.
Would you not like to help this work to go on, through a contribution to the hospital?
Contributions may be sent to Mrs. W. A. Charlton, President, 233 College Street, Toronto 2, Ontario.

Here and There

The "Never-Rot" potato, a variety planted in Yarmouth and Digby counties, Nova Scotia, this year, is showing up to its name, coming through flood damage practically unharmed.

United States farmers receive about 25 cents a bushel less for their wheat than Canadian farmers, because of higher railway rates, according to Senator Brookhurst of Iowa, speaking at Washington recently.

The Liard River district in the extreme north of British Columbia can produce excellent crops of grain and vegetables, it is stated by the Department of Agriculture of British Columbia, following experiments conducted in conjunction with the Royal Canadian Mounted Police. Specimens of grain have been received here.

Ocean tonnage to carry 36,000,000 bushels of Western Canadian wheat via the Pacific to the United Kingdom and Europe has been booked for November, December and January. During December alone tonnage for 20,000,000 bushels has been fixed and shipping men believe that a hundred vessels will be required for this.

"Indian Golf" will be a novel form of the Royal and Ancient game to be introduced this winter at the Chateau Frontenac, Quebec City, for the enjoyment of the winter sports tourists. The game will be played on skis and snowshoes, and over a course laid out in the snow. Targets will replace holes and bows and arrows will take the place of golf clubs and balls.

The Poultry Department of the University of British Columbia announces the sale of a white Leghorn hen for \$500. She is not the famous Etn No. 6, but F. 319 and was exhibited at Ottawa last summer. Last year she laid 335 eggs in 365 days; and as she weighs just four pounds her purchase price was \$125 per lb. F. A. Sansome, of Greenwich, Conn., was the purchaser.

The Government's final crop estimate is now: Wheat, 444,000,000 bushels, as compared with an estimate of 458,000,000 in September and last year's actual yield of 409,000,000; oats 452,000,000 bushels as against September's estimate of 502,000,000 and last year's actual yield of 383,000,000. Barley is put at 99,000,000 bushels as against 99,000,000 last year and rye at 16,000,000 bushels against 12,000,000 last year.

The fourth of the five new freighters being built for the Canadian Pacific Steamships was launched recently at the yards of Barclay, Currie & Co., Glasgow. The S.S. Beaverhill will make her maiden voyage from Glasgow to Saint John on March 10, 1925. With her four sister ships the Beaverhill will be on a weekly service between Canadian ports and London, Hamburg, Havre and Antwerp. She will be an "all-weather" vessel with a speed of 14 knots and is built to the highest class of Lloyd's specifications.

His Excellency Lord Willingdon, while attending the Royal Winter Fair at Toronto recently, noticed in the entry list a stallion under the name "Lord Willingdon." His Excellency expressed a desire to inspect the animal which was paraded by its owner, W. J. McCallum, of Brampton and Regina. The two-year-old Clydesdale was purchased by the owner in Scotland last summer and brought out on the Canadian Pacific "Bolingbroke" in October. The animal purchased for \$10,000 and was included in a shipment of over 100 pure-bred animals.
