CONSIDER THE NEWSPAPER

Where do you obtain your know-
ledge of current events, science, poli-
tics and the greater part of your
education?

When your merchants need busi-
ness, through what medium do they
obtain it?
Your newspaper.
When the community and the
churches, schools, civic and welfare
organizations of the community need
community action and cooperation, to
what do they appeal?
Your newspaper.

These are some of the reasons why
the newspaper is YOUR newspaper
and why communities are only as
strong and progressive as their news-
papers. If there is one quick cure
for community somnolence, it is a
wide-awake newspaper.

The first duty of a newspaper is
to transmit to its readers the thoughts
and activities of humanity at home
and abroad, but the value of that
other department of the daily news-
paper—advertising—should be over-
looked by none. The public antici-
pates its shopping by scanning the
advertisements in the newspaper and
the merchants anticipate their busi-
ness by newspaper advertising. Ad-
vertising is a mutual proposition be-
tween all concerned.

Before the rise of present intensive
newspaper advertising the public was
powerless to plan its buying. Money,
time and dissatisfaction was the price
paid. At the same time the merchan-
ts had to be content to wait for
business and the most of it came
Saturday afternoon and evening, sel-
dom on Monday and never in the
morning. Newspapers and the uni-
versal employment and appreciation
of newspaper advertising permits the
public to plan its shopping and has
made business for every week-day.

A parasite is a man who goes thru
a revolving door on the other fellow's
push.
The expensive thing about a car
is the pride that makes you want a
shiny new one every year.
English women are said to be tak-
ing to driving of cars, but whether
from the back seat is not clearly
stated.
With Mussolini running things we
wonder just what the king of Italy
does to justify him in drawing his
salary?

There seems to be an opinion on
the part of many who invested in re-
cent get-rich-quick scheme, that they
didn't make it.
Now it is stated that medical sci-
ence has lengthened life 12 to 14
years. Somehow it sounds just like
those government reports telling how
much more money we have than we
had last month.

"Please, madam, would you give us a
donation for the Inebriates'
Home?"
"Sure, come around tonight and get
my husband."

Hiram—"Well, sir, my shotgun let out
a roar, and there lay a dead wolf
ahead of us!"
Bored Boarder—"How long had it
been dead?"

"So you're lost, little man? Why did-
n't you hang onto your mother's
skirt?"
"Couldn't reach it."

Eloping Bride—"Here's a telegram
from papa."
Bridegroom (eagerly)—"What does
he say?"
Bride—"Do not come home and all
will be forgiven."

"What d'ye say, little lady—I'll give
you a nickel for a kiss?"
"No, thank you; I can make more tak-
ing castor oil."

THE FEBRUARY ROD AND GUN
And Canadian Silver Fox News
While Jack Miner is well known for
his interest in the breeding and con-
servation of wild fowl, comparatively
few know of a remarkable farm al-
most in the suburbs of Toronto where
all varieties of wild geese and other
water fowl are being bred. This in-
teresting place forms the subject of
one of the articles in the newly pub-
lished February issue of "Rod and
Gun and Canadian Silver Fox News,"
in which George Hebdon Corsan Sr.
tells how he raises the wild geese on
his farm at Islington. The article is
well illustrated.
The contents of the issue include
many fine stories of hunting and fish-
ing. The regular departments relat-
ing to angling, guns and ammunition
and the outdoors, contain a great deal
of good information on their particu-
lar subjects.
Within the cover of this issue, is
included Number 2 of "Canadian Sil-
ver Fox News," which justifies the
promise shown in the first appear-
ance. Some important phases of fox
farming are dealt with in the many
articles.
"Rod and Gun and Canadian Silver
Fox News" is published monthly by
W. J. Taylor Limited, Woodstock, On.
