Here and There

The Beethoven manuscript sonata in F major has been sold in London, England, for \$100, and the Bach organ prelude for \$3,750.

Bachelors in Rome between 25 and 65 are to be taxed to provide funds for the National Maternity fund and Child Welfare scheme.

Canadian apples are now on sale in Paris, France, in the central market and in the shops. Shop window displays of the fruit are reported to have aroused quite a wave of admiration.

Alberta's visible coal supply is about 57 billion tons, Premier Brownlee declares. With the possible exception of China, Alberta has the greatest coal deposits in the world. The annual production from the province averages around 6,000,000 to 6,500,000 tons.

Valued at nearly \$8,000, twelve silver black foxes in six crates arrived at Canadian Pacific Express Company's yards in Montreal recently for shipment by S.S. Berwyr from Saint John January 1st. They are from the Agnew Silver Fox Farm, Barry, Ont., and represent the first shipment to leave Canada in 1927.

According to the financial statement of the Canadian Pacific Railway Company for the eleven months ended November 30, the net profits of the Company were \$43,328,944.06, an increase over the net profits for the corresponding period of 1925 of \$8,000,960.23. For the month of November the net profits of the Company were \$6,749,722.72, an increase of \$501,687.90 over November of 1925.

An air mail service for Canada is likely. The Hon. P. J. Veniot, Postmaster-General, remarked in an interview that the Postal Department at Ottawa are following with keen interest the successful activities of the United States air service and that something similar may be started in this country shortly. Definite announcement one way or the other would be made early in the New Year, said Mr. Veniot.

Northern Ontario has 2,600,000 square miles of mineral lands, of which only 7 per cent has been exploited; and yet this seven per cent has already produced metals to the value of a billion dollars. Such was the summing up of George C. Bateman, Secretary of the Ontario Mining Association, speaking before the Engineers' Club. "Twenty years ago," he reminded his hearers, "Northern Ontario was practically an unknown wilderness. Today it is the centre of a large and growing industry."

A combined service to the Canadian Pacific Railway Company of 140 years was terminated January 1st with the retirement from the activities of travelling passenger agents of Henry R. Ibbotson, Ambrose E. Lalonde and James McKenna. The official records of the Company indicate that these three well-known officials have served respectively, 44, 53 and 43 years in the employ of the Company. The railway careers of these men began in each case during the construction of the Canadian Pacific lines from the north shore of Lake Superior west to the Pacific Coast.

To further assist agricultural development the Canadian Pacific Railway will operate forage, crop, seed, poultry distribution and demonstration cars in the Alberta district, starting this January. Following the practice of previous years the company will co-operate with the Provincial Government

DISPERSAL SALE
Of Registered Holstein-Friesians

Having decided to part with some of the land that has been leased for some time, the undersigned has instructed Mr. R. Tromas to sell by public auction at his farm, 1 mile west of Nober Station on M.C.R., and 1 mile east of Villa Nova, the following valuable Registered cows and Tamworth sows, on

JANUARY "ROD AND GUN"
An announcement of importance and of interest to the sporting and general public is contained in the January, 1927, issue of "Rod and Gun" to the effect that the well known sporting magazine has been accepted as the official organ of the Canadian Silver Fox breeding industry. With the January issue, the magazine has become "Rod and Gun and Canadian Silver Fox News" and it is announced that each month, the magazine will carry in addition to its regular sporting and outdoor features, a full section of sixteen pages, devoted to the interests of the silver fox and fur breeding industry.
The change is made as a result of the rapid growth of the Canadian Silver Fox Breeders' Association and a desire of the 3,500 members to have an official organ to assist them.
The first Silver Fox section is a

very promising one. The special editor, J. R. Burr of Summerside, has presented a good selection of fine news and photographs and the account of the fox exhibits at the Royal Winter Fair, Toronto, is particularly good.
The regular magazine has a very good table of contents for January with stories and articles on hunting, fishing, trapping and kennel and outdoor subjects.
"Rod and Gun and Canadian Silver Fox News" is published monthly by W. J. Taylor, Ltd, Woodstock, Ont.
