

# THE JARVIS RECORD

Published every Thursday morning at the office in The Record Building, Main Street, Jarvis, Ontario.

THE RECORD PRINTING COMPANY, LIMITED

THURSDAY, JUNE 30, 1927

## JUST SIXTY YEARS AGO

Sixty years ago beer was five cents a glass and the lunch was free. Eggs were three dozen for a quarter and milk five cents a quart. The butcher gave away liver for the cat and treated the kids to Bologna. The hired girl was satisfied with \$2 a week and did the washing. Women did not powder, paint, or smoke, play poker or do the Charleston. The men wore boots and whiskers, chewed tobacco and spat on the sidewalks; worked eleven hours a day and never went on strike. A kerosene lamp and a stereopticon in the parlor were luxuries. No man was operated on for appendicitis; folks lived to a good old age just the same and walked miles. Today nearly everybody rides in automobiles, plays poker, shoots crap, plays the piano (with the feet), goes to the movies, smokes cigarettes, drinks home-made hooch at ten dollars a bottle and grows at the H.C.L. They seldom go to bed the same day they get up and think they are having a heck of a time. This is the day of short skirts and long profits, legs and boot-legs expense, taxes and prohibition.

## TODAY IS HERE — USE IT

A man must make good or make room — go forward or drop back. No man can stand still in any position. To mark time in modern life is impossible. This statement applies to class, creed, sex or circumstances — rich, poor, comfortable or cramped. In an interview with one of America's most successful men, the statement was made that not one man in 50 renders intelligent service. Look around you. Check them up and see if this is true. If it is true that clerks watch the clock, secretaries fail to remember, department heads lack initiative, superintendents fall in a rut — if this be true, is it not time to think that this condition creates for you a field that is undeveloped? The next successful man interviewed doubled the number of people who are incapable or indifferent. He claimed there are 99 who lack intelligent enthusiasm, and a sincere desire to serve, to every one that is eager and ambitious, conscientious and courageous. You may not be ready to accept a position of responsibility today, but today is the day to begin to get ready. And the one thing that you must do in order to fill a position of responsibility is to find what faults are holding you back, and then correct these faults. Gloss over your faults, excuse your shortcomings, and you are not yet ready for greater responsibility. You will belong to the 49 or the 99.

## JARVIS GARDENS LOVELY

The forehanded gardener is contemplating the lovely mallow blooms in his garden, the late roses, the ripening tomatoes and that profusion of long-blooming flowers with which Nature prefaces the fall, and he is reflecting that now is the time to steal a season and plan for another year. There is a surprising number of things that winter does not harm but which, if planted in the fall, gathers strength and substance underground and so are a season ahead when spring comes. The whole art and science of amateur gardening is comprised in patience and thoroughness. Hardy bulbs can be planted in the fall, the crocuses and hyacinths which gladden Easterday. Most perennials profit by fall planting. Jarvis gardens are lovely this year as anyone who takes the uncustom-

ed exercise of walking through our streets can not help noticing. The glories of one's own garden should be sufficient stimulus to lay the plans for a colorful setting next year, and it is almost time to begin the work, while the planning is due now.

## The Melting Pot

Fortunately, a book that improves your mind seldom makes you as dull as the author. Song writing must be easy. Any idiot can write the words and then he has only to steal the music. You can't tell. The loafers you know may be accumulating material for the confession magazines. The farmer has his troubles, but it doesn't take forty acres of corn to pay the rent on a habitation the size of a hen house.

## THE JULY ROD AND GUN and Canadian Silver Fox News

Full of stories of interests to all sportsmen, "Rod and Gun and Canadian Silver Fox News" for July has just been issued. Among the many breezy stories of outdoor life is a very fine salmon fishing story by A. Williams, a well known British Columbia authority. Another interesting feature is the first of a short series of unusual stories Canadian wanderings by Robert James, appearing under the general title of "Tales from the Wardroom Mess." Samuel Alexander White contributes another of his fine fish stories of the old Northwest fur trade rivalry, "The Gantlet Runners." Bonnycastle Dale, well known outdoor author, writes of trout fishing in the Tabusintac River, N.B. The regular departments, "Guns and Ammunition," "Fishing Notes" contains some very interesting reading matter with reference to their special branches of sport, and "Kenel," under the editorship of C. G. Hopton, contains many notes of great interest to the fancy. "Rod and Gun and Canadian Silver Fox News" is published monthly by W. J. Taylor, Ltd., Woodstock, Ont.

Entertainment of distinguished visitors at the Canadian National Exhibition this year will be conducted by the wives of the Directors.

## Here and There

The estimated gross agricultural wealth of Canada is \$7,508,287,000 according to the Department of Interior.

Concluding a stay in Canada on their ranch near Kamloops, B. C., the Marquess and Marchioness of Exeter accompanied by Lady Winifred Cecil, sailed from Quebec recently on the Canadian Pacific steamship Minnedosa for England.

An aeroplane passenger and freight service to the central Manitoba mine area was inaugurated on June 1 by the Western Canada Airways, Limited, making the first commercial service to be operated in the Province.

Foundation work is proceeding rapidly on the new addition to the C. P. R. grain elevators at Port McNicoll, which when completed, will have a storage capacity of 6,000,000 bushels, instead of the present capacity of 4,000,000 bushels.

A total of 1,334 English boys have already been moved from the Old Country and placed on farms in Quebec and Eastern Ontario by the British Immigration and Colonization Association according to the figures given out at the annual meeting of that organization.

According to figures of the Canadian Government, Canada led all countries of the world by a wide margin as an exporter of wheat from August 1 to December 31, 1926. In that period Canada shipped 167,795,000 bushels, her closest rival being the United States with 94,191,000 bushels.

Days of the covered wagon were recalled recently. Mr. and Mrs. W. G. Barker and six children arrived at Bienfait Saskatchewan from Parshall, North Dakota, in an outfit consisting of a covered wagon, 19 head of horses and four wagons carrying their household effects and farm implements. They leased a half section of land.

General individual travel through the Canadian west is expected to be very heavy this year according to R. G. McNeillie, general passenger agent of the Canadian Pacific Railway at Winnipeg. Several important parties will also add to the number of travellers especially through the Canadian Rockies regions.

The life of John Pope, sailor aboard the American vessel Natirax was saved recently by instructions wireless by Surgeon Taylor of the Canadian Pacific steamship Minnedosa, after Pope had been critically injured by a fall of sixty feet from the mast. The two ships were 190 miles apart but have to be transferred to the C. P. R. ship and washed to Quebec.

## RELIGIOUS EDUCATION COUNCIL

Report of the 25th Annual Convention of the Jarvis and South Walpole Religious Education Council

This convention was held in the Chesapeake United church on Friday, June 17th. The first session opened at 2 p.m. by Rev. Mr. Walker leading the devotional period. The president took the chair, and in his opening remarks stressed the need of Sunday School work among the young. He also laid emphasis upon why we, as workers, were assembled in convention. To learn better how to do this work better. Mr. Hilborn then appointed the Nominating Committee as follows: Rev. J. A. Neil, Mr. John Walker and Miss Stillwell. The Resolutions Committee: Rev. Mr. Walker, Mr. Sternaman and Mrs. J. R. Ford.

The Treasurer's report was read and adopted. Music was rendered here. Rev. Mr. Guild, Provincial Representative, addressed us on "Some of the Local Problems of the Sunday School Today." He said: "We should think in terms of world Sunday School problems. Our farm life is changing, therefore our Sunday School life should change in order to keep up with the times. A world of new religious literature is being introduced today with which we should familiarize ourselves." He said the Bible should be the book used in the class. "Graded Lessons," said the speaker, "are the accepted lesson but they will not solve the ills or the problems of the Sunday School any more than the uniform lessons without we have better tools with which to work and good workmen to use these tools." He advised each Sunday School to provide a working library for the use of its teachers.

A hymn was sung and the offering taken. Then a round table conference was held, led by Rev. Mr. Guild. This resulted in some very fine inspirational points being discussed. The gathering then closed the exercises and dispersed to the hall for tea.

The evening service was opened by a very fine song service led by Mr. J. C. Hare. In the absence of Rev. Mr. Grenzsbach, Rev. Mr. Walker led the evening devotional period.

The Nominating Committee's report was read by Rev. J. A. Neil: President—Mr. D. W. Hilborn Vice Pres—Mr. Jas. Davidson Sec. Treas.—Mrs. W. H. Evans

Superintendent's Departments: Children's Dept.—Mrs. H. Johnson Girls' Dept.—Miss Edith Sheeler Boys' Dept.—Mr. Walter Hill Y. P. Dept.—Mr. LeRoy Ford Adult Division—Mr. F. Laidlaw Home Dept.—Mr. J. B. McKenzie Teacher Train'g—Rev. Mr. Walker Missions—Mr. W. R. Werner Temperance—Mr. John Walker

## Report of Resolutions Committee:

Resolved:— 1. That we desire to emphasize the importance of Temperance teaching in the Sunday Schools and would suggest that attention be given to this important matter.

2. That the Training of Teachers being of great importance in the work and development of the Sunday School, that the officers in this township plan to have a course in Teacher Training during the coming year.

3. That we, the members of the Jarvis and South Walpole Religious Education Council, desire to express our appreciation of the inspiration given by the Provincial Representative and also to others helping with the program.

4. That we extend a hearty vote of thanks to the ladies for their bountiful supply of good things for the inner man and for the social hour spent together.

Music and offering. Rev. Mr. Guild spoke in his own happy way to the large audience gathered to greet him on "World Mindedness." He emphasized the need of bringing the needs of the world and the "other fellow" before the Sunday School pupils. Why? To encourage them to become sympathetic with and enthusiastic in rendering help wherever found to be needed. He illustrated the teaching of "World Brotherhood" by the story of the Good Samaritan.
