## SIMCOE CHILD FATALLY INJURED BY MOTOR CAR

SIMCOE, Ont., March 13.—Robert Pullen, 5-year-old son of Clayton Pullen, died last night from injuries received about 6 o'clock on Saturday night when he ran across the street in the way of a passing automobile. He was accompanied by another 3-year-old lad, whose escape was due to the fact that the motorist drove his car into the boulevard and into a pole to avoid the children who emerged from behind a standing car, in front of the residence where the children were visiting. The tragedy took place near the corner of Maple and Colbourne streets.

Mr. and Mrs. Pullen at once time resided in the vicinity of Jarvis. The funeral was held on Monday.

## ESSAY ON CANADA

On Page Seven will be found the announcement of an Essay Contest for school children which is being conducted by a group of weekly papers, including the Jarvis Record. Not only are there valuable cash prizes to be won, but pupils winning prizes will bring signal honor not only to themselves, but to their parents, their teachers, their schools and the community as a whole. There is no reason why the reader of the Record should not win the first prize. We believe that a number of the prizes can be brought home to this community, and we urge parents and teachers to do all they can to encourage boys and girls to enter the contest. Read the rules carefully and if there is anything about them that you do not understand, the editor will be glad to explain.

## "CO-OPERATION" IS KEYNOTE OF THE BOARD OF TRADE BANQUET

Port Dover Maple Leaf. In unity there is strength and co-operation in all things for the ultimate good of all was the predominant message heard at the annual banquet of the Port Dover Board of Trade held last evening in the town hall. The banquet spread was left to the capable hands of the Port Dover Women's Institute and Mrs. Stuebing and her assistants gave 100% satisfaction.

Following the "talks," President Benson Ivey was director of ceremonies and after the toast to The King he touched briefly on the work of the Board of Trade. There were speeches present from Hamilton and he hoped that they would take back with them a message that Port Dover is Hamilton's summer resort and we would welcome them here at any time. Mr. Ivey said that people were prone to criticize the Board of Trade and say "they have not done anything" and "they do not accomplish anything in the town, etc. In some respects this may be true—if people were looking for new factories and certain things. But he declared, the Board of Trade had accomplished much in Port Dover. And if the Board of Trade had not accomplished anything else in the time, the cementing together and co-operation of all the municipalities in Norfolk County for the benefit of all sections and for a fitting observance of the Diamond Jubilee in July next, would justify the existence of the Port Dover Board of Trade.

REEVE MISENER

Reeve J. H. Misener extended a very hearty welcome on behalf of the Village of Port Dover to the guests from Hamilton, Brantford, Simcoe, Waterford, and other places. Mr. Misener was pleased to extend a warm welcome and he hoped that Port Dover would see more of the good people of Hamilton in the future. This summer especially, as the weather was assured of a good road all the way. He thought that those who criticized a Board of Trade were those who were not members for they know what the Board of Trade was doing in getting the road in shape to help in making the job complete. The Board of Trade was a power for good in Port Dover—it will have its faults—but the organization to be found in Port Dover compared very favorably with the organization of any place in Ontario—he is town or city.

E. V. Ilsey, Hamilton.

Undoubtedly the chief speaker of the evening was Mr. E. V. Ilsey, the president of the Hamilton Board of Trade, who first voiced his appreciation of the honor conferred in inviting him to the home to Port Dover of the excellent banquet spread and the royal welcome extended. He said (Continued on Page 5)

BREAKING OFF CORN STUBBLE

The wet weather of last fall has not destroyed the Corn Borer. There is every reason to believe it will increase this year again like it did last year.

All inspectors have been instructed to see that every man cleans up in a satisfactory way his own corn remnants. Those who want to save themselves trouble or loss of time later will, therefore, take advantage of the first frosty day when there is very little or no snow on the ground to break off all stubble whether short or long, so that there will be no difficulty in ploughing it under in the spring so thoroughly that it will not be dragged up again. Without such breaking off much of it, especially where it is long, will be dragged up. This will necessitate hand picking after the field is sown. To break off the stubble a railroad rail, heavy log, or a plank or leveler is commonly used. Of these the plank is probably the best, because it not only breaks the stubble well but also grinds it up as it passes over it and thereby kills many borers. The plank is made of three or four planks about 10 feet long lapped one on another and each firmly fastened to the one ahead. For lots of an acre or two a hoe is a good tool and very thorough work can be done with it.

There are only about two weeks left in which the stubble can be broken off, hence the need of prompt action.

The corn borer inspector in Elgin is John Allan, of St. Thomas; in Middlesex, John Cousins of Belmont; in Norfolk, George Hammond of Port Dover; and in Oxford, Emerson Moulton of Mount Elgin. Any corn grower in doubt about what is required of him can phone the inspector of his county—L. Caesar, Provincial Entomologist.

The address was as follows:

Dear Mrs. Brown:—

The ladies of Chalmers Missionary Auxiliary desire to take this opportunity of expressing their appreciation of the service you have so faithfully rendered us. It was through your enterprise that our Auxiliary was brought into existence, therefore we feel particularly grateful to you.

The fact that you have always been so keenly interested in our work has been a great incentive to us. You have always been willing to cheerfully shoulder your share of our work, and your excellent papers have not only been helpful but inspiring to all.

That this expression of our appreciation may be shown in a tangible form, we ask you to accept this gift which may remind you in the years to come of the pleasant times we have spent together. While we deeply regret your removal from our midst, our best wishes go with you and Mr. Brown to your new field of labor.

Signed on behalf of Chalmers Missionary Auxiliary,

Pres., Mrs. Leslie Keene;  
Sec., Mrs. T. Falls;  
Treas., Mrs. Amos Porter;

Rev. W. T. Brown replied to the presentation, on behalf of Mrs. Brown, thanking the friends for their kind gift, and assured them that there was always a hearty welcome waiting for any of them in the new home to which Mrs. Brown and himself were going. The singing of "Auld Lang Syne" brought a very happy evening to a close.
