Canadian Farmer Tells His Experience

"Les" Booth, widely known Ontario farmer, and a sick man for 20 years, suffered daily, only half alive. Now strong, robust, vigorous, credits new found health to Tanlac

Though popularly known as "Les," Mr. Booth's correct first name is George. His home is at 271 Perth St., Brockville. For the past three years he has enjoyed vigorous health but what he endured before then is best told in his own words. "For twenty years my arms, shoulders, back and hips, ached with rheumatism," said Mr. Booth. "Often I had to quit work entirely and I remember one had spell that kept me in bed for six months.

"My case got to be so chronic that the help ran the farm. I was practically helpless. Even my wrists and hands would swell up so that I couldn't write my name. I dreaded bedtime, for I got no rest, but lay there in agony, waiting for morning. Nervous spells would seize me and I would tremble all over like a leaf. I couldn't get any benefit from my food and had to force myself to eat. My weight was far below normal.

"Three years ago I decided to give Tanlac a good trial, for nothing else had helped me. I could scarcely believe such results were possible as those Tanlac soon showed. The aching stopped, my appetite came back and I could eat heartily. My nights became more restful, too, and I slept soundly. I gained 16 pounds which I still retain, and I now work hard outdoors from 8 to 10 hours a day. I never have an ache. It's hardly believable! If folks want to know what Tanlac can do, tell them to write to Les Booth, or to come and see me. I'll tell 'em."

If your health is broken from overwork or neglect, profit from Mr. Booth's experience. Try Tanlac, nature's own body builder, made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

Suffered For Years

Battle Creek, Mich.: "Afflicted with kidney and liver complaint for over twenty years, I was induced to try Warner's Safe Kidney and Liver Remedy, and after using it for a time was completely cured. Am now well and strong. I can unqualifiedly state this medicine without any doubt saved my life and I can conscientiously recommend it to others similarly afflicted. This testimonial is given without any solicitation and by my own free will." Name on request.

Get Warner's Safe Kidney and Liver Remedy to-day. Improvement begins as soon as you begin its use.

Sold by all druggists. Price \$1.25 per bottle. Warner's Safe Remedies Co., Toronto, Ont.

SMILES

Modern Lullaby.

Rock-a-bye baby, upon the bough. You get your milk from a certified cow. Before your eugenic young parents were wed, They had decided how you should be fed.

Hush-a-bye, baby, on the tree-top. If grandmother trots you, you tell her to stop.

Shun the trot-horse that your grandmother rides, It will work harm to your little insides. Mamma's scientific—she know all the laws, She kisses her darling through carbolicized gauze.

Rock-a-bye, baby; don't wriggle and squirm; Nothing is near you that looks like a germ.

There is a Difference. Teacher—"How many seconds are there in a minute?" Pupil—"What kind do you mean, a real minute or one of those wait-a-minutes?"

An Average Man. "Pop, what do we mean when we speak of an average man?" "An average man, my son, is one who isn't half as good as his wife thinks he is before she marries him, nor half so bad as she thinks he is afterward."

The truth hurts, and so would you if you were stretched as much.

"Brederen, we must do something to remedy the Status Quo," said a negro preacher to his congregation. "Brudder Jones, what am de Status Quo?" asked a member. "Dat, my brudder," said the preacher, "am Latin for de mess we in."

A Matter of Choice.

Which do you choose? To adhere to the disinclination of the average man and woman to discuss cancer, refuse to learn the facts about it and not be in a position to help yourself and your friends should the need arise? Or to ascertain the few proven items about cancer and thus help prevent yourself and your friends being listed as one of the victims?

We know very little about cancer, but one point we do know—it is curable if treated promptly. To ensure early treatment, we must know the signals which nature uses to warn us of danger. A lump on the lip of a man, any unusual discharge, a sore on the female breast, attacks of so-called indigestion—these are all signs which we should not take the responsibility of disregarding. The only person who can say whether they may safely be overlooked is your doctor.

Just count the number of people you know who have suffered from cancer and you will realize how urgent is the need to learn all you can about it. Men who have given years to their study state that, whereas it is in their power, to cure the large majority of cancers, they are only able to apply the necessary treatment in about ten per cent. Why? The same reason is given wherever you go—"I did not see the patient early enough."

Nobody knows how many cases of cancer are in Ontario at present, but everybody is aroused by the fact that this Province lost three thousand of her people from this cause in 1925.

Yet the cancer situation is not hopeless. Prevention of constipation is one means in our hands to aid the prevention of cancer. The danger signals listed above are not difficult to observe and each means "See the doctor" immediately it is found; this is the one powerful weapon in our hand against cancer—early diagnosis and early treatment.

Upset stomach, sluggish liver, and acid condition cause bad breath. Sager's Syrup gets at the cause. Try it and have a wholesome feast. Any druggist.

Country of Centenarians.

Spain is the land of centenarians. The latest official census states that 354 persons (ninety-six men and 258 women) have reached the age of 100; seventy-five men and 204 women are more than 100 years old, and a number have reached 110 years.

There are 22,150 men and 36,294 women more than eighty years old.

It will be seen that women are longer lived than men. Even Madrid, which has the reputation of being unhealthy, has twenty-four women and eleven men who are more than 100 years old.

Minard's Liniment for rheumatism.

And He Was.

The English actor, Mr. Lawson Butt, who has recently returned home from America, tells a good story of an experience that befell him while a guest at the Los Angeles Athletic Club.

A good-looking, bright-eyed young man came up to him and claimed to have met him before.

"Don't you remember me, Mr. Butt?" he said. "We, both appeared in the same melodrama on the other side."

But, who hadn't the faintest idea who the fellow was, asked him what he was doing in Hollywood.

"You hope to become a second Charlie Chaplin, I suppose?" Butt remarked.

The other smiled. "I am Charlie Chaplin," he replied quietly. And he was!

THE NURSING MOTHER

Home.

Warm, sunny home, I need your prayers to-day. That when I go among confusing sounds Or sighs assail me that deny your peace I still may know that deep within your heart Abides unshaken Love inviolate. Enthroned within a kingdom absolute, The kingdom of my home. Or call it heaven.

For heaven you are, wherein reigns harmony, Untouched forever by the twisting lies That cloud men's thoughts and drive them into deeds Of fearfulness and hate and misery. Of humble dwelling, built on pure desires, I take you with me now, go where I may, My home, my safe abiding-place, my heaven!

—Elizabeth C. Adams in The Monitor.

MARCH WEATHER DANGEROUS TO BABY

On Account of the Very Sudden Changes in Temperature.

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mother to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach sweet and his bowels working regularly.

Baby's Own Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus relieve colds and simple fevers and keep baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

God's Work and Fellow Workmen.

When St. Paul tells us in one breath that we are "God's husbandry," God's building, God's fellow workers," his mixed figure of speech shows that he is making a transition from one train of thought to another, and seeking a mode of expression that will enable him to describe God's processes in human life in terms of our part. Metaphors drawn from agriculture and from nature were not the ones he cared for. He journeyed through the most inspiring scenery, and if it ever made any deep impression on his mind his letters do not show it. He has two brief references to gardening or farming, but mostly he talks in terms of constructive power and of qualities of human life.

When we consider human life and the world of which it is a part, we are confronted with the fact of incompleteness. We live in an unfinished world. There are deserts to be reclaimed, mountain torrents to be harnessed, directed and controlled, canals to be dugged across more than one isthmus, and new regions of power to be occupied and directed. Nor has it all been a failure. Wherever there is a rose with more than five petals, God has had help. Wherever iron floats and dirigible heavier than air ride the storm, God's law has not been overridden but interpreted and made available.

But higher and finer are the effects of God's co-operation with man in the building of character. God can make innocence, but strong manly or womanly character is a joint product. The human heart there becomes aware that a building raised by a divine architect, or a field passively receiving what is wrought upon or sowed within it. It has had its own share in the happy result.

This is a view of life which thrills with a noble self-respect. Men and women are builders. What is best in human characters, is there because God and man have wrought together to have it so. And the completed product is a temple for the indwelling of God. "For the temple of God is holy, which temple ye are."

Keep Minard's Liniment in the stable. A clock made entirely of straw, even to the wheels, weights, and pendulum, has been constructed by a skilled clockmaker.
