Mother: "Daughter, I believe you would have been happier if you married a man with less money."  
Daughter: "Don't worry, mother, he will soon have less."

The life insurance companies can tell just what you are worth at the age of 60, but they don't seem to tell the truth.

The man looking for trouble never needs the aid of glasses.

"When I came to town, twenty years ago," said a prosperous man of ample waistcoat, "all my earthly possessions were wrapped up in a bandanna handkerchief."

"And now you own 300 acres of land and that factory on the edge of town?"

"Yes."  
"May I ask what you carried in the bandanna handkerchief?"

"Six thousand dollars in cash and bonds."

The more powerful the obstacle, the more glory we have in overcoming it.

The Ruling Passion  
"He is a wooden-headed guy!" Exclaimed old Mr. Staple.

The antique dealer shouted, "My mahogany or maple?"

What a man stands for isn't the whole thing. What he fails for also counts.

The value of a dollar depends somewhat on who has the spending of it.

Last Chance  
There's always room at the top  
As the Sage of old remark:  
When other expedients stop,  
There's where we'll have to park.

Girl (to druggist): "Could you fix me a dose of castor oil so the oil don't taste?"

Druggist: "Certainly! Won't you have a glass of soda while waiting?" (She drinks the soda.)

Druggist: "Something else, Miss?"  
Girl: "No, just the oil."  
Druggist: "But you have just drunk it."  
Girl: "Oh! It was for my mother."

**MISTAKES MOTHERS MAKE  
IN CARE OF LITTLE ONES.**

Many mothers give their children solid foods at too early an age and say proudly that their babies "eat everything that grown-up people do." Such a course is almost certain to bring on indigestion and lay the foundation of much ill-health for the little one.

Other mother administer harsh, nauseating purgatives which in reality irritate and injure the delicate stomach and bowels and at the same time cause the children to dread all medicine.

Absolutely no meat should be given to a child until it reaches the age of 18 months, and then only if approved by the doctor. For medicine, all strong, disagreeable oils and powders should be abandoned and Baby's Own Tablets given instead.

Baby's Own Tablets are especially made for little ones. They are pleasant to take and can be given with absolute safety to even the new-born babe. They quickly banish constipation and indigestion, break up colds and simple fevers and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**CANADA'S NEW  
INDUSTRY**

**Rayon, the Popular Artificial Silk, Now Made in Quebec.**

Of interest in connection with the Canadian pulp and paper industry is the progress which is being made in the manufacture of rayon and other fabrics utilizing artificial silk, one of Canada's newest, but fast developing industries. According to report Canadian Celanese Limited, a large enterprise which was attracted to the Eastern Townships of Quebec in 1926 is just on the point of production. This company, registered in Canada last year, acquired the sole rights for the Dominion of Canada and its dependencies for the manufacture of cellulose acetate, artificial silks, etc. The factory has been in process of erection on a site of 170 acres at Drummondville, about sixty miles from Montreal.

Great interest has been exhibited in these fabrics in Canada. Artificial silk imports into Canada have been steadily rising. Total imports of this nature in the first nine months of the present fiscal year had a value of \$4,075,436, as compared with \$3,734,267 in the year before. A market for years has been opened, principally with the cotton trade, with the result that already cotton mills in Canada are putting out large quantities of mixed cotton "celanese" fabrics. The Canadian knitting industry is likewise adopting "celanese." In the course of the past year the new company sold over \$1,000,000 worth of fabrics and yarns in Canada, and the future is considered bright for the industry.

An artist is a person who can entertain and please you in doing something that is in itself not particularly interesting. You have to put words or musical sounds or pigments or dance steps together in a very special way to make them worth listening to or looking at.

**DELIGHTFUL HOLIDAY LOCATION**

Algonquin Park, in Ontario, is one of the Dominion's charming holiday spots, particularly for the lover of fishing, canoeing and other aquatic sports. Here a canoeist is shown making his way through the passage which leads into St. Andrew's Lake, one of the beauty spots of this delightful holiday resort.—Canadian National Railways photograph.

**THIS GREAT TONIC  
RENEWS STRENGTH**

**Simply Because it Enriches and Builds Up the Blood**

In no trouble is delay or neglect more dangerous than in anaemia, which means poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that good health and strength soon comes to the former weak, anaemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good health thousands and thousands of people who have suffered from some of the many ailments that come through weak, watery blood.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. As proof of this Miss Margaret A. Smith, Burgoyne, Ont., says:—"After having a severe attack of jaundice I was left in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would toss and turn 'or hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now, I always recommend these pills to any friends who may be ailing."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin them to-day. Sold by all medicine dealers, or by mail post paid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Business-Like**  
Letter received by a London business firm from a correspondent in Japan:—

"Regarding the matter of escaping penalty for non-delivery of the Bar-Machine, there is a way to creep around same by diplomat and we must make a statement of strike occur our factory (of course big untrue). Please address my firm on enclosed form of letter and believe this will avoid penalty of case. As Mr. B. is most religious and competent man and also heavily upright and godly it fears me that useless apply for his signature. Please attach same by Yokohama office making forge, but no cause to fear of prison happening as this is often operated by other merchants of highest integrity."

"It is highest unfortunate Mr. B. so godlike and excessive awkward for business purpose. I think much better add little serpent-like wisdom to right manhood and thus found a good business edifice."

The Nation's Birthday  
Ring out the joy bells! Once again, With waving flags and rolling drums, We greet the Nation's birthday, when, In glorious majesty, it comes. Ah, day of days! Alone it stands, While, like a halo round it cast, The radiant work of patriot hands, Shines the bright record of the past.

Among the nations of the earth,  
What land hath story like our own?  
No thought of conquest marked her birth;  
No greed of power was ever shown.

**Glass-Making in 2500 B.C.**  
The art of glass-making was practiced as long ago as 2,500 B.C. by inhabitants of the Euphrates Valley, who sold their product, mainly beads and weights made from glass paste, in Egypt. So well pleased were the Egyptians that they soon imported the glass-makers themselves.

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S. "I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around here. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well." Mrs. Victoria Richardson, Barrington, Nova Scotia.

**Dull Pains in Back**  
St. Thomas, Ont. "I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pain in the small of my back and the weakness from which I suffer. After taking after my last year. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash I am feeling better than I have for the past seven years, and advise my friends to take it." Mrs. F. JOHNSON, 40 Moore Street, St. Thomas, Ont. G.
