The Italian Consul in the town lodged an indignant protest with the Jugo Slavian authorities, declaring that if the offending clown was not punished, Italy would take suitable measures to insure the dignity of its Premier.

Alarmed at the vehemence of the Italian official's complaint and fearing reverberations from Rome, the local officials ordered the circus to leave town immediately. It did so, and the clown is now singing in a children well. The Tablets are a mild neighboring town, minus his skit on Mussolini.

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moose Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a doze now and then helps me. I am willing for you to use this letter any way you see fit and I will answerletters.
