Here and There

There is no chance of another
general strike in Great Britain for
a generation and perhaps longer,"
is the view of Victor Gollancz, news
editor of the Evening News, Lon-
don, who spent a short vacation in
Canada recently. He thought the
miners' strike in Great Britain
would not be settled before the fall
and perhaps not until the winter.

The fishing season opens again
August 15 on Lesser Slave Lake and
Lake La Biche in Alberta. There
are approximately 100,000 pounds
of white fish to be shipped during
the season from Lake La Biche and
over half a million pounds from
Lesser Slave Lake as well as a
considerable quantity of jackfish
and pickerel from both.

Canada's estimated wheat yield as
indicated by crop conditions on June
30 is 348,000,000 bushels. The
yield estimated for the Prairie Pro-
vinces according to the Bureau of
Statistics report is 327,226,000
bushels and for the rest of the Do-
minion 21,400,000 bushels. Total es-
timated yield for oats is 468,840,000
bushels and for barley, 100,624,000
bushels. For rye the total estimated
yield is 11,762,000 bushels and for
flaxseed 8,419,000 bushels.

The Manitoba Government has
commenced an agricultural survey
of unoccupied lands in the province
which when completed will provide
the incoming settler with all avail-
able information on such lands. A
total of 2,474 homesteads have been
taken up in Western Canada this
year. All post-war immigration
records were broken recently when
1,881 immigrants passed through
Winnipeg recently in 48 hours.

The Earl of Clarendon, British
Under-Secretary for Dominion af-
fairs, and T. Macnaughton, chair-
man of the overseas committee, are
making a tour of Canada to investi-
gate conditions under which the
3,000-family scheme is being handled
in this country. They are issuing
glowing reports of what they have
seen. The full three thousand fam-
ilies will have been brought over
here by the end of next year.

A civic vacation party arranged
by the Kiwanis Club of Shennandoah,
Iowa, recently passed through To-
ronto and Montreal en route to Lon-
don, England. There were 600 who
availed themselves of the trip and
most of these had never travelled
outside the United States before in
their lives. They will pass through
Stratford-on-Avon and Oxford on
their way to London and will make
a side-trip to Paris and the French
battlefields during their stay.

"Association football in the Do-
minion of Canada bids fair within
the next few years to become a rival
to the brand of soccer played by
the major leagues in Great Britain,"
was the comment of Joe Smith, cap-
tain of the All-England Association
Football team which has just com-
pleted its seven-week tour of Can-
ada. The team travelled close on
ten thousand miles on its tour and
played twenty games against all
kinds of teams. They did not lose
a single game and scored 105 goals
in all with only 18 registered
against them.

University men, municipal and
government representatives, doc-
tors, priests, notaries, lawyers and
newspapermen made up the major-
ity of the party of 100 people who
took part in the across-Canada tour
of the Universite de Montreal re-
cently completed. They were feted
and welcomed by civic, university
and government heads throughout
their tour and return from it with
a far clearer notion of the prob-
lems of the West than when they
started. The tour was run on Can-
adian lines under the auspices of the
University of Montreal, and was the
second annual trip that has been
made.

Here and There

Major-General Sir Fabian Ware
vice-chairman of the Imperial
War Commission, who has been
visiting in Canada during Octo-
ber, has been recalled to England muc-
ch earlier than he expected. Prior to
leaving on the Canadian Pacific
liner, Montclair, from Montreal, he
expressed the hope that he would
be able to come to Canada again
next spring so that he could give
Canadian in the West some idea
of what the Imperial Commission
is doing in caring for the graves of
western youths who perished dur-
ing the war.

Robert L. Rice, Jr., of Boston, and
J. Y. Cole, of Harvard, took big
chances when they attempted to
travel by canoe from Rouyn to An-
gliers at the end of October. Al-
though they started in beautiful In-
dian summer weather they ran
within a few hours into a bad storm
which filled their canoe with half
melted snow and almost froze them
into unconsciousness. Fortunately
they arrived in the nick of time at
a fire-ranger's hut where they
stayed a few days until the storm
abated. They were prospecting in
the neighborhood and were none the
worse for their perilous trip when
they finally reached Montreal.

Bob Shawkey, New York Yankee
veteran pitcher, who organized the
party of major league baseball play-
ers now hunting big game in New
Brunswick, shot a moose with antlers
spreading 56 inches and having 28
points, according to word received
at Fredericton, N.B. Shawkey shot
his moose the first day the party
spent in the woods. This informa-
tion is conveyed by another party of
hunters who passed the camp of the
ball players at Nepisiqui Lakes. In
the group are some of the best
known players in the American
League, Eddie Collins, Babe Ruth
and Muddy Ruel being among them.

The romance of a world cruise
culminated in New York City re-
cently when Dorothy Holmes
O'Ryan, daughter of Major-General
and Mrs. John F. O'Ryan, of New
York, married Darwin Curtis, of
Chicago. The couple met for the
first time a year ago on board the
Canadian Pacific liner Empress of
France which was then making a
tour of the world. It is feared they
had no eyes for the world marvels
which were unrolled before them on
the tour, since it is stated they fell
in love at first sight and could only
see each other. The marriage was
performed by the Rev. Father Fran-
cis P. Duffy, chaplain of the "Figh-
ting Sixty-ninth," a regiment com-
manded by the bride's father during
the war.

Good reading for Canadian Pac-
ific shareholders is furnished in the
September statement of gross earn-
ings, working expenses and net
profits. It has been the most fa-
vorable month for the company in
a long time. The gross earnings
were \$18,909,071, the greatest shown
in any month since October, 1924.
Operating expenses were \$12,641,-
462 and the difference between the
two, the net profits \$6,267,619, an
increase of \$1,719,973 over the cor-
responding month of last year. Net
earnings for the first three quar-
ters of this year, ending Septem-
ber 30th, is \$1,190,039 greater than
the 1924 figures, despite a decrease
in gross earnings of over four and
a half million dollars. This was
made possible by the company's
policy of rigid economy.

To bring the Arctic within the
scope of tourist traffic is the object
of the Marquis M. N. degli Abizzi,
winter sports director at Lake Pla-
cid, who is organizing pack horse
trips of thirty days' duration next
year from the Canadian Pacific
Rockies as far north as the Colum-
bia Ice Fields within the Arctic
Circle. "We are going to swim our
horses and outfit across the Sas-
katchewan River and camp near
the sources of the Athabasca which
empties into Great Slave Lake and
thence into the Arctic," the Mar-
quis asserts. The first of these trips
is scheduled between June 28 and
July 27 next year.
