All Canada Agrees  
"It's Better because it's Canadian"

"It's Better because It's Canadian" . . . a year ago General Motors of Canada gave first utterance to this phrase.

"It's Better because It's Canadian" . . . newspapers and magazines all over Canada took up the theme, impressing on Canadian citizens the pride they should justly feel in the products of their country.

"It's Better because It's Canadian" . . . the phrase has struck home, has become a challenge to the Canadian manufacturer and to the Canadian buyer.

"It's Better because It's Canadian" . . . it is a fact. And because it is a fact . . . because General Motors was inspired to put it into words . . . because Canadian editors added to its impetus . . . because Canadians accepted it . . . and because the standard of Canadian quality proved it true. . . .

. . . all Canada has enjoyed a greater measure of prosperity; and General Motors of Canada, with many other Canadian manufacturing organizations, has just completed the most successful year in its history.
