APRIL ROD AND GUN AND CANADIAN SILVER FOX NEWS

Outdoor taste is well catered to in the April issue of "Rod and Gun and Canadian Silver Fox News" which is just published. The latest number of this sporting magazine contains an interesting collection of stories of hunting, fishing and camping as well as many useful and informative articles concerning the various phases of outdoor life.

Helpful articles on the special subjects are included in Fishing Notes, edited by G. P. Sladen; Guns and Ammunition, edited by C. S. Landis; and Kennel, edited by C. G. Hopton and L. E. L. Taylor. "The Canadian Silver Fox News" section also contains useful articles both in English and French on the latest developments of the industry and the care and management of foxes.

IMPORTANT!

BRITISH SETTLEMENT SOCIETY OF CANADA

This Society is at the present time endeavoring in the next 3 or 4 months to place about 100 British families in Ontario. These families are nearly all thoroughly trained and experienced farmers. They require dwellings in the vicinity of their employment. Anyone in need of farm or domestic help should apply for further particulars to the Head Office, 45 Victoria Street, Toronto, Ont.

Here and There

(57)
Quebec—Quebec is taking advantage of the Federal legislation of last year known as the Canadian Farm Loan Act, which provides for loans to farmers whereby the Federal Government provides 50% of the money, the province 5%, and the borrower himself the remaining 45%.

This year's largest inflow of settlers destined for the west recently arrived on two of the liners of the Canadian Pacific fleet. There were 1002 on the Montclair and 800 on the Melita, the majority being of British birth, thereby establishing a record for any individual ship docking at the Maritime Province ports this year.

A recent revision of the Customs regulations now enables tourists to bring their sporting equipment or cameras into Canada without leaving a deposit on account of their dutiable value with the Canadian Customs officers at the border. At the present time the change in the regulations will effect particularly the Pacific Coast, where golf and spring sports are in full swing.

Vancouver—Over 100 miles of track serving the parts of the Vancouver district will shortly have been laid by the Canadian Pacific Railway, according to a statement issued by the general superintendent of the district. The trackage is designed to take care of a steady and normal growth in trade through Vancouver and also to handle expansion in westward grain movement which this year has reached the record of 53,000,000 bushels.

John Walter, co-proprietor of the London Times with Major the Hon. J. J. Astor, arrived in Montreal lately where he addressed a gathering under the auspices of the National Council of Education. Mr. Walter is covering the Dominion over Canadian Pacific Railway lines and will make addresses in most of the larger cities. He is the fifth member of the family, being a direct descendant of the famous John Walter, to be guide of this newspaper since 1785.

On a long trip from Ontario to Brussels, Belgium, forty muskrats lately left Canada aboard the C. P. S. S. Marburn bound for Antwerp. The final destination of these animals is a farm near Brussels where they will form the nucleus of a muskrat farm. While handled by the Canadian Pacific Express Company during the entire voyage, the animals were fed two ounces of oats and four ounces of carrots daily with water once every two days.

Saskatoon—"I believe I have found a wheat which, when further developed, will be greatly rust-resistant," said Dr. Seager Wheeler, several times winner of the International wheat award. He went on to explain that although he was quite sure that this new type which he developed from the kiota strain would protect crops in the province from rust damage, he did not think that the wheat would be absolutely free from rust under all conditions. However, he considered from the results of his experiments that even under the worst conditions, such as those of 1927, this wheat would never materially be damaged.
