

THE JARVIS RECORD

50th Year. No. 7. JARVIS, ONT., THURSDAY, APRIL 26.

TO THE FARMERS AND CATTLE OWNERS OF HALDIMAND COUNTY

Note below copy of letter:
Toronto, April 20th, 1928.
J. Kohler, Esq.,
Cayuga, Ont.
Dear Sir—
We are enclosing herewith memorandum re movement of cattle into a Restricted Area, and also who is eligible to sign a petition.
Yours very truly,
(Sgd) R. W. WADE,
Director of Live Stock Branch
Department of Agriculture.

MEMORANDUM RE RESTRICTED AREAS

It should be distinctly understood that the movement of cattle into an area cannot be permitted until they have passed at least two tests with a sixty day interval between. This is an essential requirement, and if it was not carefully enforced it would not be possible to maintain these areas free from tuberculosis. Any owner in any area desiring to introduce car loads of cattle for feeding purposes must have pasturage accommodation to keep these animals separate not only from his own herd, but from other area cattle until they have passed a sixty day retest. They will, of course, be tested before entering area, but must be kept from coming in contact with area cattle for sixty days thereafter until they have passed the second test.
It is important that in the campaign which is being conducted that this requirement is well advertised, so otherwise, serious trouble would certainly follow when this Department commenced to enforce the conditions which experience has shown are essential to the general interests in an area.
Each individual who owns cattle is entitled to sign a petition. In the case of a father and his sons, it will depend upon whether or not the sons are of legal age. If so, they are eligible to vote, if not, they cannot. In the case of bona fide firms or partners, each member of the firm, and each partner is eligible to vote.
The correct method for obtaining signatures to a petition for the establishment of a restricted area is to outline the boundaries of the territory to be so established, and that to obtain the necessary percentage of signatures of cattle owners on the petition. You cannot figure upon the percentage of signatures obtained in a portion of that outlined territory as the regulations require that sixty-seven per cent of the cattle owners in the entire territory is obtained.

I am passing the above information on to you as I believe that you should be informed of the strictness of the regulations so that you may consider what effect they would have in your case if they are put into force. These difficulties would be overcome if Haldimand were taken in with a larger portion of the Western part of the Province and all cleaned up at once. Then you would be able to replenish your feeder cattle from a larger area without restrictions and what applies to feeder cattle, applies to dairy herds in exactly the same manner.
Yours truly,
J. KOHLER,
Cayuga, Ont.

Wage War on Forests

Clearing land in Canada was once an industrious habit. Eastern Canada was a forest, and the first thing to do was to clear land to grow potatoes, wheat and hay. The forest was the enemy to be routed. Today, the people of Canada are awaking to the fact that the forest they once regarded as an enemy is Canada's second best asset, and furthermore, that it is a rapidly-disappearing asset.

White pine was once the most commonly used lumber in this country, and a generation ago it was comparatively plentiful and cheap. Not so today. The original stands of white pine are nearly gone. For saw-mill timber we now depend largely on spruce and fir. Seventy per cent of the timber in Canada of saw-mill quality stands in British Columbia.

Eastern Canada, once a forest, is now buying lumber from the Pacific slope. The accessible forests of Northern Canada today are chiefly valuable as sources of spruce pulp for paper-making. How long they will last, subjected to the present rate of exploitation plus the ravages of forest fire, has been calculated, and the resulting figure is not all reassuring. In twenty-five years, unless Canada wakes up soon, her forest industries, her lumber mill and paper mills and wood-working factories, will be closed up. Because her forests are being cut up.

Canadian Forest Week calls attention to this situation and to the obvious remedy. If we can prevent forest fires, the natural growth from year to year, forestry men say, will provide for the demands of our

must realize the great and increasing value of the forests of Canada which remain, and each individual must do his or her best to prevent forest fires. Carefulness and good management will save Canada's forest industries in perpetuity.
Hon. Charles Stewart, Minister of the Interior, views forestry work as one of his most important tasks, and not the least important part of his effort is to make the people of Canada realize that forest fires can and must be prevented.

JABEZ STALLWOOD DIES IN ST. JOSEPH'S HOSPITAL

A fatal accident occurred in Hagersville on Saturday afternoon last, when Jabez Stallwood, a prominent farmer of Walpole township, was engaged in loading a set of harrows at the C.N.E. station. The team he was holding took fright at an approaching train, knocking their owner down, the wagon crushing his chest. Dr. McCracken rendered first aid, and he was rushed immediately to St. Joseph's hospital, Hamilton, but passed away shortly after being admitted. He leaves his widow and children, also a large circle of relatives in this district, who have the deepest sympathy of this community in their sudden bereavement.

SANDUSK W. I.
The April meeting of the Sanduski branch of the W. I. took place at the home of Mrs. J. Walker. There were 22 in attendance; the President in the chair. The meeting was opened in the usual manner, roll called and the minutes of the last meeting read and adopted. The judges of the girls' quilt blocks reported a hard time in judging the blocks, the sewing by the nine little girls all being so nicely done; the final decision being a small prize going to each girl. The 1st place was a tie between Ruth Tyrrell and Marie Gowan. Our cloth quilt is ready for sale. Moved by Mrs. Sternaman, seconded by Mrs. Peacock, that we pay Mrs. Walker \$2.20 for expenses on same; carried. A lovely letter was read from Mrs. Werner, regretting her absence on account of sickness. A plant was sent to Mrs. A. Lofthouse and family, all being on the sick list. It was moved by Mrs. J. R. Pond, seconded by Mrs. A. W. Doughty, that Mrs. Cal. Bush make necessary interviews regarding the Government Health moving pictures, to be held in the near future; carried. Mrs. Cal. Bush then gave a humorous reading, "Cooking Husbands." Community singing. Mr. Russell Walker then gave a splendid address, "The League of Nations;" at the finish of this worthy address, Mr. Arnold Werner led in the singing of "We ain't going to War no more." Mr. A. Werner then gave an excellent talk on the value of foods. A hearty vote of thanks was unanimously voted the boys for the splendid part they had taken in our program. The meeting was then closed by singing the National Anthem. The hostess served a dainty lunch and a vote of thanks was tendered her for her hospitality.

A full attendance is kindly requested at our next meeting, May 3rd, 2.30 p.m., at the home of Mrs. W. Matice. Roll call, "Paying of Fees."

Carelessness in the woods has cost Canada untold millions through forest fires, which have destroyed 60% of the original forest.

AT THE MUSEUM

On Tuesday, the 16th of April, at 10:30 a.m., President Siles L. ... of the Port Dover Cemetery, ... started the first sod for the Port Dover Mausoleum. Secretary R. M. Taylor, Messrs. Geo. Hammond, E. F. Bagby, Wm. Laidy, W. J. Thomson and C. M. McBride, were present in their official capacity as members of the Advisory Committee of the Cemetery Board. The Engineers and Builders, A. G. and C. Stewart, and also a number of representative citizens of the village and district, also attended this interesting ceremony.

The official group were duly photographed, and a copy of the pictures with the current metallic coins of the Dominion will be placed beneath the corner stone when that event takes place about June 21st.

No finer weather than that of Tuesday could have been chosen for the opening of operations on what is destined to be an historic structure, and was heartily repeated again and again, both by the official and interested visitors, that the site of this memorial building is not equalled by that of any other mausoleum in Canada, and it is safe to assert that its dignity, quality and architectural beauty, the structure will be unexcelled.

For convenience, come the Port Dover Mausoleum will be an entering tribute to the Cemetery Board and to the citizens of this town and district.
