New Edmonton Map Oil Well Gives

Reflects Increasing Demand For Maps in Canada

According to the Topographical Burvey, Department of the Interior, Owing to Legal Technicalities our Dominion is becoming more and more a nation of map users. This is redected in the increasing demand requiring successive editions of some the more popular map sheets isseed by this organization. The Edmonton sheet of the Sectional Map of Canada, for instance, has already gone through ten editions since it was first published thirty-seven years ago.

The latest edition, which has just been issued, shows in seven colors all topographical features, both natural and artificial, possible for the scale employed—three miles to an inch. A study of the successive editions of well produced some 2500 tons of oil, this map would afford a ready means of tracing the progress of settlement in this district. When he first editon was issued the Calgary and Edmonton branch was the only railroad in Alberta north of the C.P.R. main line. To-day, as the present edition shows, the area is served by a network of large dimensions remain to be discovmain and branch railway lines and is also filled with other features resulting from the works of man, such as towns, villages, farmhouses, schools, churches, elevators, telephone lines, post offices, and so on.

ed upon the latest edition is that in the fact that the lands were minutely not enough of it, and spring shows the 104 townships covered there are subdivided, it was a complicated task the effect. Take notice and see how some 280 miles of trunk roads, 493 to block up an area such as a commany people are pale and sallow at miles of secondary roads, and 2350 pany would require for drilling. Even this time of the year. They complain miles of local roads in fair condition. in the case of coal leases, he had of being easily tired, their appetite is a box from The Dr. Williams' Medi-These are shown, respectively, in red, known the average time between the poor, and they are often depressed in buff and in black.

Its functions are partly of a publicity nature, but it also proposes to assist in Empire development by studying potentialities and by furthering research. If it is worth while to devote money, time and enrgy to this even more important that effort should be made and money should be spent to distribute the human intelligence and man-power of the Empire in a way to bring the best results.

GREAT HELP TO YOUNG MOTHERS

Baby's Own Tablets Have Many Uses and Are Absolutely Harmless.

To have in the house a simple. harmless remedy for the minor ills of babies and little children is a great boon to young mothers, and this is exactly why Baby's Own Tablets have been found in thousands of households. The Tablets regulate the stomach and bowels, break up colds and simple fevers, allay the irritation of cutting teeth, yet they have no drug taste and the children like them.

Concerning the Tablets Mrs. Ruthven Crommiller, Ruthven, Ont., writes: -"Kindly send me your little book on the Care of the Baby. I have two children, one four years of age and the other a year and a half. Both are in excellent health and the only medicine they have had is Baby's Own Tablets. I always keep the Tablets in the house and am happy to recommend them to other mothers." Baby's Own Tablets are sold by all

medicine dealers or by mail at 25 cts. cine Co., Brockville, Ont.

India's Reasons For Demanding Independence

"Ever since Lork Birkenhead took the important and extraordinary decision in 1924 to summon Lord Reading, then Viceroy to India, to private Conferences in Whitehall the Conference in Wh conferences in Whitehall the demand has been gaining ground that the future of India should be decided upon after consultations between British and Indian statesmen," says D. N. Bannerjea, member of the Committee of Itellicetual Co-operation of the League of Nations, in an article in April. "Current History" Magazine. "India to-day is no longer content with petty reforms. She asks for self-government as her inalienable right and is prepared during the transition to leave control over the army and relations with foreign powers in the hands of the British Government. India asks for self-government for fundamentally sound reasons. . . . The arrival of the members of the Royal Commissio on Indian Constitutional Reforms on Feb 3 was marked by closing of shops and suspension of business in Bombay and by dramatic triumphs' in Calcutta. It must not be understood that the boycott applies only to the commission. It will continue until either by Parliamentary pronouncement or by means of a round table conference of plenipotentiaries of England and India the future Constitution of India is determined upon and accepted. Sir Tej Bahadur Sapru proposes the appointment of an Indian commission to tour the country and conduct an investigation into the working of the Constitution. The British Parliament, no

Ailing Men and Women Need This Tonic

Poets sing of Spring, but practicalminded people, everywhere, turn at this time to the Doctor and the Druggist for help to build up run-down constitutions. And no better remedy can be taken than Buckley's TRU-BLOOD. TRU-BLOOD, as its name implies, is a

true blood tonic and a safe, sure, powerful corrective for all blood disorders, and rheumatic conditions as well. But "TRU - BLOOD" is more than a blood purifier-its use eradicates the out-

ward evidences of impoverished blood, such as pimples, boils, eczema, blotches and all other skin affections. Buckley's OINTMENT, used in conunction with Buckley's TRU-BLOOD, heals magically and leaves the skin smooth

and soft.

Especially during the adolescent age, pimples and various forms of skin eruptions are likely to appear. They may the complexion and cause untold anguiss. The combined TRU-BLOOD and Buckley's OINTMENT treatment promptly corrects the condition and leaves the skin clear, amouth and colorful.

Most druggists can supply you with these roven Buckley products.
