ESSAY CONTEST

Best essays written by contestants describing the use of Nitrates of Soda in the Vegetable Garden. Each essay must have written on the back the name, age and address of the contestant. The final date for receiving essays at the Agricultural Office, Cayuga, will be September 15, 1922. This is important. Write your essay early and mail it in time to reach the Office on or before this date. The essay should be clear, concise and original and in the competitor's own handwriting.

PRIZES

1. From \$10 to \$20 in cash according to number received, for the best essays on the use of Nitrates. These prizes are for Haldimand County.

2. Two \$50 cups for the best boy's and best girl's essay. This is for the Province of Ontario.

It is hoped that a large number of competitors in the Home Garden contest will take part in the essay contest.

The above prizes in the essay contest are made possible through the courtesy of Mr. B. Leslie Emslie, Dominion Delegate of the Chilean Nitrate Committee, Reford Building, Toronto 2.

Thanking you for your co-operation in Home Garden work and looking forward with pleasure to receiving an essay from you on the Use of Nitrates of Soda in the Vegetable Garden, I remain,

Yours very truly,

C. C. MAIN,

Agri. Rep. Haldimand County.

Here and There

(108)

Lumber companies report the greatest volume of business in Alberta since the boom year of 1912. One hundred million feet of lumber is being cut in Alberta this year but the bulk of the supplies come from British Columbia mills.

A press report from Telfordville states that the farmers are well pleased with the allocation of stations on the twenty mile extension to the Hoadley subdivision of the Canadian Pacific Railway. A large number of settlers are going into the territory which will be served by this extension and the old timers in the district are now clearing and breaking as much land as possible.

Kyohel Kato, who represents a Tokio concern, and who has just concluded a business mission to Canada, stated that he had bought 3,000,000 bushels of wheat in Canada, or about half of Japan's total importations. He explained that Japan got more for its rice than Canadian wheat cost in their market, hence the present purchase. He said, too, that Japanese were eating more wheat foods and adapting themselves to the stronger diet.

"The Maritime Provinces in particular, and Canada in general need more commercial advertising," was the opinion expressed by Hon. J. E. M. Baxter, Prime Minister of New Brunswick, when interviewed on arrival on board the "Empress of Scotland" after a month's visit to Europe. British settlers in the Maritimes have been quite satisfactory as regards type and quality, he said, and he hoped that we will be able to obtain a great many more spread over a period of years.

Part of a litter of eight red foxes, which, together with the vixen, were captured in the Arcola district recently, have been brought to Moose Jaw by Mr. W. White, who has established a fox farm east of this city. It is many years since red fox have lived at large in their natural state in the southern part of this province, where these were captured. Mr. White intends to start raising patch foxes, a cross between red and silver or black fox, as a commercial enterprise.

Wool growing in Western Canada is increasing rapidly, according to W. W. Thomson, manager of the western branch of the Canadian Co-operative Wool Growers Limited. Up to June 30th, he pointed out, four carloads of wool had left Regina for Weston, Ontario, (for grading by Government authorities) as compared with one for the similar half year of 1921. This year's shipments represent 108,000 lbs from 300 flocks in the province.

The mystic number "13" holds no terrors to the Royal Order of Jes-ters, an organization within the Ismailia Temple Shrine of Buffalo, who sailed on Friday the Thirteenth of July, with thirteen members in their party, from Montreal for Liverpool. The society meets on the thirteenth of each month at 6.13 in the afternoon, and is divided into courts of 43 members each. The party of Jes-ters sailed on the crack new Canadian Pacific liner "Duchess of Bedford" in a group of Shriners visiting the old world.
